Miss Catherine M. Covach, whose wonderful voice delighted Roseburg, will be glad to take a class in voice culture if a sufficient number of pupils here desire her services. For terms, address or call on Miss Olive A. McGee.

A large crowd of both maskers and spectators attended the Halloween ball given by the Roseburg Orchestra at the Armory Friday night and this morning, for dancing continued long past midnight. There was fun in abundance for everyone, and the affair was pronounced one of the most successful of its kind yet held in this city.

Singularly enough, the first and second prizes for best sustained gent characters were won by members of the opposite sex, Miss Lillian Kidd, representing a vegetable peddler, and Miss Lou Glavin, dressed as a Turk. Again, the second prize for the best sustained female character, "Mrs. Booker T. Washington," went to a gentleman, Fred B. Haynes. Prize No. 1 was captured by Miss Flossie McMillen, representing an old maid.

## THE ELECTION.

Eugene Journal, Rep.: Next Tuesday, Nov. 3, Bill will be elected president. If the banks, corporations, trusts and heavy capitalists intend to make a panic in case of Bryan's election, as they threatened to do in 1896 and 1900 and are threatening to do now, they had better commence it when the nominations were made several months ago, for the sooner it is over the better it will be for them and all concerned. And they will wish they hadn't before it is over as they did in the panic of 1907, caused by the scare of corporations and capitalists at the speech Roosevelt made when he was hunting big game down in the swamps of Louisiana. He nearly scared out of their boots the French who had agreed to loan Harriman \$50,000,000 at 4 per cent to build railroads in the west, including Oregon, and then refused to loan any money for American enterprises at 7 per cent or at all. It was not the fear of Bryan's election then that scared capitalists into fits but the fear that Roosevelt would carry out his threats while in office and by electing some other man to succeed him to do the same thing as he is now trying to do. Bryan is a mild, patient, just man with broad views and great sympathy for humanity and would not hurt a fly if he could avoid it. He would never have caused half the trouble and disturbance to the people if he had been president that Roosevelt has caused. If elected he will not hurt anybody or interest. If Taft is elected business will go on just the same. All this fear and trembling lest the country will go to ruin if this or that man shall be elected is founded on nothing but foolish imagination. There will be no cause for panic and will be no panic unless somebody makes it and they will be sorry if they do.

**QUICKSILVER OUTPUT LESS.**  
Oregon Produced Little in 1906, but None in 1907.

The production of quicksilver in the United States in 1907, as shown by confidential returns to the United States Geological Survey from every producing mine in the country, amounted to 21,567 flasks of 75 pounds each, and was valued at \$228,931, the figures showing a decrease when compared with those of 1906, of 4671 flasks in quantity and of \$129,793 in value.

An output of quicksilver was reported from but three states in 1907—California, Texas and Utah—and the single producer in Utah reported no production for the last seven months of the year. A small amount was reported from Oregon in 1906, but none at all in 1907.

The decrease in the hydraulic mining of gold, formerly so important an industry in California, the decreased amount of gold and silver recovered by amalgamation processes, and the increased tendency to ship ores of the precious metals to smelters have all tended to reduce the local demand for quicksilver.

Statistics of world production of quicksilver for 1907 are not yet available, but a comparison of the figures for quantities produced in foreign countries in 1906 with those for the United States in that year shows that this country ranked second among the quicksilver producers in that year, Spain having first place, Austria held third place, Italy fourth and Russia fifth. Practically all of the quicksilver product of Spain comes from the famous old mines of Almaden, where about 4000 men are employed. It is probable that these mines alone contain sufficient reserve ore to enable them to dominate the world's market.

## CURE YOUR KIDNEYS.

**Do not Endanger Life When A Roseburg Citizen Shows You A Cure.**

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headache, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Roseburg testimony:

Mrs. Fred Paquette, 1103 Douglas St., Roseburg, Ore., says: "Many of my friends who had used Doan's Kidney Pills had praised them so highly that when I began to notice a disorder of the kidney and rheumatic attacks I started using this remedy. They gradually banished the trouble. Sometime after a similar trouble took me, and I again got a supply of Doan's Kidney Pills at Marsters & Co.'s drug store. They went right to the seat of the trouble and removed it. I would not be without your remedy as with a supply at hand I feel quite secure from attacks of kidney trouble."

## Now is the time to visit California

When summer has passed in these northern states, the sun is only mild under the bright blue skies of Southern California. This is one of nature's happy provisions for the summer for those who cannot endure a more severe climate. California has been called the "Mecca of the winter tourist." Its hotels and stopping places are as varied as those of all well regulated cities. Visitors can always find suitable accommodations, congenial companions, and varied, pleasing recreations.

## KILLED AT LEBANON.

Veteran Leaves Soldiers' Home and is Struck by Train.

LEBANON, Ore., Oct. 29.—Charles Goeringer, aged 80, was killed by being struck by a train at Lebanon tonight. Goeringer had returned from the Soldiers' Home at Roseburg, and after alighting from the train, started to walk down the track to the home of a friend. He was deaf and did not hear the cars as they backed down the track upon him. He was knocked from the track and instantly killed. He had no known relatives.

The old man had lived in this vicinity most of the time for 20 years on a small farm, where he lived alone. He has no relatives here, and the G. A. R. took charge of the funeral, which was held today. The coroner held an inquest and the jury returned a verdict relieving the trainmen from any blame.

## LETTER FROM A FORTY-NINER.

Here is a simple, interesting and sincere letter from a rugged pioneer of '49, who braved the dangers and hardships of the overland trail to California. It should appeal to all catarrh victims.

Santa Rosa, Cal., May 5, 1908.  
Booth's Hyomeo Co., Buffalo, N. Y.

Dear Sirs: I was afflicted with catarrh, and tried a number of remedies, but received no relief. I purchased an outfit of Hyomeo, and before I had used the bottle I noted a marked relief. I used it for a month or so, and thought I was cured, and stopped using it for a year or so. Thought I was getting catarrh again, and started using it again. I use it every morning and keep myself clear of catarrh. I consider it the best catarrh medicine that is used. I have often recommended it to my friends. I am 81 years old. I came to California in 1849, and, of course, am not as vigorous as I was 58 years ago. My address is 841 4th St.

Yours truly,  
W. MÖCK.

Hyomeo (pronounced High-o-me), is guaranteed by Red Cross Pharmacy, not only for catarrh, but for grip, coughs, colds, bronchitis and croup. A complete outfit, including inhaler, costs only \$1.00; extra bottles of Hyomeo, if afterwards needed, cost but 50 cents.
