KIDNAPER CAUGHT

Bezemer in Seattle Jail, After Chase of 16 Days

OFFICERS FIND HIM ASLEEP

Fire at Rainier Destroys Block of Buildings, Inflicting Loss of \$25,000

Special to the Evening Review. SEATTLE, Wash., Nov. 11.—After eluding pursues for a period of 15 days, during which time he was a spectacular figure in several bold fights, Leo Bezemer, the kidnaper, was captured by Deputy Sheriffs at 2 o'clock this morning, at the home of Davis Fay, a farmer, on the south shore of Bitter Lake Mine. Bezemer is now in jail in Seattle. J. H. Johnson, a farmer, recognized Bezemer from a published description, as he met him on the road, and notified the authorities as soon as possible. Bezemer was sleeping soundly when the officers entered. When awakened and placed under arrest, Bezemer wanted to know if he was wanted for murder, and when told no he was greatly relieved. On the 26th of last October, at Mt. Vernon, Bezemer held up E. H. English, a wealthy logger, and made him sign a note addressed to Mrs. English, directing her to pay the kidnapper \$5000. Bezemer then chained English to a tree and started for the English home at Marysville to get the money. In the meantime, English freed himself from the chains, and hastening to the nearest telegraph office, sent word to his wife acquainting her with the circumstances. Mrs. English promptly notified the police, and when Bezemer arrived at the English home he was confronted by several officers and told to surrender. Instead of complying, Bezemer drew a revolver and opened fire and then fled. One of his shots wounded Deputy Sheriff Dunham in the groin. It was this circumstance that caused the kidnapper to ask when arrested if he was wanted for murder.

FAILS OF HIS PURPOSE.
Accused Minister Must Return to Texas, Says Governor.

Falling in his attempt to induce Governor Chamberlain not to honor a requisition for his extradition to Texas, Rev. Chas. Clark or Summers, as his name may be, returned from Salem, in the custody of Sheriff Fenlon, Tuesday evening, and was locked up in the county jail. During the interview at Salem, Governor Chamberlain informed the minister that the letters which he showed him were satisfactory evidence that his life in Oregon had been above reproach. So unsatisfactory, however, was the explanation of the minister of his previous career in Texas, particularly with reference to the charges against him, that the governor at once informed him that when the requisition arrived from Texas he would have to honor it. The minister accepted his imprisonment here with bad grace, but he will have to remain in jail until an officer, now enroute, arrives, with the necessary papers to take him back to Texas. Rev. Clark will issue a statement to the public through the columns of The Review tomorrow.

Certainly Would.
City Man (to villagers)—Wouldn't it open your eyes to look across at that lot there and see one of our city skyscrapers covering it? Village Man—(Waa, I guess I would, seen' as I've got twenty head o' cattle grazin' there.—Bohemian.

One cannot talk constantly without saying foolish things.—Chicago Record-Herald.

HIGH SCHOOL WINS.
Athletic Club Loses Basketball Game by Score of 17 to 12.

In the first basketball game of the season, played at Sykes' rink Tuesday night, Roseburg High School defeated Roseburg Athletic Club by the score of 17 to 12. The crowd that saw the game was a large one, and the noise made was ten times as great in proportion. The line-up follows: High School—Hewitt and Marsters, forwards; Buchanan, center; Parrish and Tipton, guards. Athletic Club—Pickens and Palm, forwards; Henderson, center; Goodman and Cobb (first half) and Vinson (second half), guards.

Buchanan and Marsters played a star game, each landing the ball in the net 4 times. The latter's defensive work was also excellent. In all, eleven fouls were called, but only one of these resulted in a score. Benjamin Caro, a High School boy, did the refereeing in the first half and called eight fouls on the Athletics and only one on the Students. Naturally, there was some grumbling, so Ed. Thornton succeeded Caro in the second half. He called one foul on each team.

At the end of the first half, the Students had 9 points to their credit and the Athletics 8. In the second half, the Athletics started out to wrest a victory, and an exciting battle ensued. For the first five minutes of play neither side allowed a score. Finally Henderson had an opportunity to tie on a foul and missed the net. This gave the Students fresh vigor and they played the remainder of the half in superior fashion, finding the net for eight points, while the best their opponents could do was to register half that number.

DOCTOR TO FACE CHARGES.

Coroner's Jury Holds O'Donnell Responsible for Girl's Death. SAN FRANCISCO, Nov. 10.—The coroner's jury in the case of Vesta Van Vlack, the 16-year-old girl who died at the Hahnemann Hospital on Monday of last week and whose death was attributed in the certificate issued by Dr. James W. Ward, to septicaemia, rendered a verdict this afternoon, finding that death was the result of a criminal operation performed by Dr. George W. O'Donnell.

USED IN BARGAIN

Labor Leaders Decline White House Invitation

TO KEEP DOWN RADICALS

Peace Dreamer Takes Fling at Evans, Hobson and Roosevelt—New Government

Special to the Evening Review. DENVER, Colo., Nov. 11.—John Mitchell, Daniel Keefe and James Duncan, three of the foremost labor leaders of the country, have declined an invitation to dine with President Roosevelt and discuss needed labor legislation. It is understood that they promised the radical delegates at the convention here not to go to the executive mansion in return for a promise that no anti-administration or anti-Roosevelt resolutions be introduced at the convention.

The Enemy of Peace. PHILADELPHIA, Pa., Nov. 11.—"President Roosevelt is the most dangerous enemy of international peace to be found in the country," declared Professor Wm. Isaac Hull, of Swarthmore College, before friends of the Peace Association, in this city, today. "Such men as Hobson and Admiral Evans," he said, "are advocates of an increase in the fighting strength of the country and are thwarting efforts to develop modern ideas of peace."

New Government. WASHINGTON, Nov. 11.—The state department today announced official recognition of the new government at Paraguay, which was established by a successful rebellion last spring.

Foreign Troubles. VIENNA, Nov. 11.—Reports from Belgrade today are to the effect that Serbia is on the verge of civil war as the result of insistent demands that King Peter abdicate in favor of Prince George.

Costly Fire at Rainier. RAINIER, Or., Nov. 11.—The business block owned by Mrs. Ellen Bryant and comprised of seven establishments was destroyed by fire early this morning. The loss is placed at \$25,000. There were a number of sensational escapes from death. One man slid down a telegraph pole from a lodging house with his clothes over his arm.

BUYS FINE INSTRUMENT.

Dr. Seely's Home Organized With Finest Piano in Roseburg. Dr. A. C. Seely today became the possessor of the art style Bush & Lane piano, which has been on exhibition in the windows of W. A. Burr's music store, in this city, for several days past. The instrument has been pronounced not only the handsomest, but the most richly toned piano ever brought to the city. Where other pianos failed to attract attention, this particular instrument engaged the eye of nearly every passer-by, and more than one home-owner in Roseburg will envy Dr. Seely in his purchase.

To see the instrument was to admire it; to hear its facilities, tone was to fall in love with it. It is encased in highly polished French burr walnut and in construction it presents a triumph in acoustics as applied to piano making.

Although introduced in this city and county only a short time ago, the Bush & Lane piano is rapidly forging to the front in popularity among music lovers. Piano players who are also accurate judges have unhesitatingly pronounced the Bush & Lane "the best toned" they have ever heard. In less than three months' time, Mr. Burr has sold two carloads of this make of piano, and has a third carload now on the way here, destined to arrive about the 20th of the month.

Colds and Croup in Children.

"My little girl is subject to colds," says Mrs. Wm. H. Serig, No. 41 Fifth St., Wheeling, W. Va. "Last winter she had a severe spell and a terrible cough, but I cured her with Chamberlain's Cough Remedy without the aid of a doctor, and my little boy has been prevented many times from having the croup by the timely use of this syrup." This remedy is for sale by Hamilton Drug Co.

FOR SALE—Pedigreed Scotch collyer puppies, \$5.00 to \$15 each. H. K. Metcalf, Cottage Grove, Oregon. swf

NEW TRAIN SERVICE.

North Bank Road Schedule to go into Effect Tuesday.

PORTLAND, Or., Nov. 10.—The date when the Spokane, Portland & Seattle Company will run its first regular passenger train service to and from Portland has been announced as next Tuesday, instead of Sunday, as that date the present service being maintained between Vancouver and Pasco will be extended over its new bridges across the Columbia and Willamette rivers to Portland, and until the following Sunday, when a more elaborate service will be established. The S., P. & S. passenger trains will leave the depot at Eleventh and First streets at 8:15 A. M., arriving at Pasco at 5 p. m. In the alternate direction the train will leave Pasco at 7:30 a. m., and arrive in Portland at 4:30 p. m. daily.

This service will be maintained until Sunday, November 22, when the regular two trains a day schedule will go into effect. This latter service will commence with the installation of the new equipment of the road, which has been constructed by the Pullman company and will be first run over the road when the entire rolling stock has arrived.

Harriman Down-Grade Line. Behind the invitation of the citizens of Enterprise to the general officers of the Harriman lines to attend a banquet in honor of the completion and dedication of the road to Wallawa tomorrow lies a story of quiet railroading that would dazzle even Jim Hill.

While Hill has been constructing the North Bank road and thus attaining an easy grade to the Pacific, the Harriman people have, at the same time and unknown to the public, been getting a water grade to Portland, and they will be in a position, when their lines are completed, to handle the "down-the-Columbia" traffic just as easily as the Hill line. They will have a down-grade route to the city.

The lines of the Harriman system which will form a part of the "down-grade" route have been under construction for some time, and it is understood that work upon them will be continued throughout the winter where possible.

To the public these lines have been known as the "Wallawa & Snake River extensions." On paper they appeared to be an outlet only for local traffic. The Wallawa extension meant simply the displacing by the railroad of the stage line to Enterprise, the principal city of the county. Of course, the company would continue the line to Joseph as a temporary terminus. There construction might stop. No promises were made. The Snake River line was moving ahead from Huntington north. Its terminus was supposed to be Homestead, the nearest outlet on the Oregon side for the product of the copper mines in the Seven Devils district of Idaho. A great number of claims have been staked in the district, many are working and a smelter is in operation. Nothing, it was thought, was more reasonable than to believe that the Harriman company was building a freight line for the transportation of copper.

But Harriman was really doing no such thing. He was and is, according to the most authentic information, building the Snake River line from Huntington to a connection at Lewiston and thus getting the benefit of the down-river grade to Portland, giving him an opportunity to compete with the North Bank Road on equal terms. The Joseph terminal is an illusion to the people of Joseph. The line will run freight through that town to a connection with the Snake River line at a point northeast of Homestead. It will, when completed, be equipped for both freight and passenger service, but indications are that on through service only freight will be handled.

Over the new road the grade will be practically level. Leaving from the point near Homestead, the trains will pass by way of Joseph and Enterprise into La Grande, and thus avoid the unnecessary climb of the Blue mountains. The road will be longer, but the handling of freight will be easier. In passenger traffic there will be no change in the system. The line from Huntington to La Grande, although having heavy grades, is the shortest route for passenger service.

NEGRO LYNCHED.

BLOXI, Miss., Nov. 10.—A mob of white men stormed the city jail here this afternoon, took out Harry Leidy, a negro, charged with assault upon a white girl, and lynched him. The mob was orderly, and finally dispersed leaving the body hanging to a tree.

The negro's victim is Elizabeth Hauser, 17 years old, of West End near Bloxi, where several murders and criminal assaults have recently been charged to negroes. The negro beat the girl into insensibility and let her for dead. She partially recovered consciousness and was found several hours later.

Judge Lynch Failed.

SPARTANBURG, S. C., Nov. 10.—The Hampton Guards have been ordered out by the governor to guard the jail tonight upon the arrival from Columbia of John Bray and Clarence Agnew, negroes. Bray is charged with attempting to assault a young white woman, and Agnew is accused of wrecking a passenger train.

REV. C. B. MARSTERS DEAD.

Oregon Pioneer of 1849 and Former Resident of Roseburg.

Rev. C. B. Marsters, one of Oregon's earliest pioneers, and at one time a resident of Roseburg, died at his home at Myrtle Point, Nov. 10, 1908, at the age of 80 years. Death was due to general debility. The funeral will be held at Myrtle Point Thursday.

Rev. Marsters emigrated to Oregon in 1812, first locating in the Waldo hills, near Salem. After a short time he went to California and later came to Douglas county. He lived at Oakland for a time and then moved to Roseburg, settling on the present Godfrey place, abutting the west side of the river and now occupied by W. H. Lindsey. About 20 years ago, Rev. Marsters moved to Myrtle Point and never afterwards changed his place of residence.

To Rev. Marsters is credited the distinction of introducing Angora goats in this section of the state. After his removal from Roseburg he continued extensively by one of his sons, L. A. Marsters, who died just ten months ago today. Rev. Marsters was connected with the United Brethren church. His surviving brother, Rev. E. M. Marsters, formerly of this city, now living at Silverton, is also a minister of that denomination, and in his 86th year. There also survives a sister, Mrs. L. S. Williams, a former resident of West Roseburg, now residing in California; Rev. Marsters' second wife and the following children by his first wife, who died 24 years ago: Melvo Marsters, of Arkansas; Lee and Ora Marsters, of Myrtle Point; S. E. Marsters, of Gold Beach; Mrs. Ed. Sherwood, of Klamath Falls, and E. S. Marsters, of Brownsville. The last named left here on the stage this morning for Myrtle Point to attend the funeral.

TRAIN HITS AUTO.

Agel and Deaf Owner and Wife and Two Others Killed.

RED BLUFF, Calif., Nov. 10.—Four persons were instantly killed and a young girl was injured near here today when a special train bearing division officials of the Southern Pacific railroad crashed into an automobile at the crossing of the county road and the railway while running at a high rate of speed. The victims were all occupants of the touring car and were hurled 200 feet through the air when the engine of the special struck the machine as it was half way across the track.

The dead: George K. Willard, his wife, his daughter, Miss Olive Willard, and Mrs. Irene Hayes, of Wallace, San Joaquin county. Imogene Willard, the 14-year-old daughter of the Willards, was found clinging to the cowcatcher of the engine, badly bruised and cut, but otherwise unharmed.

PRUNES ARE MOVING.

SALEM, Or., Nov. 10.—The revival of business in the east and the opening of manufacturing establishments and other enterprises employing labor has evidently had its effect upon the prune market which has been dormant for several weeks. Though prices have not advanced, packers report new inquiries for fruit and Tilton & Co., yesterday, sold six carloads of prunes which they were unable to sell before election.

The fact that there is a good supply of fruit other than prunes creates some doubt whether prices will materially advance, but there is no fear of a decline from present figures, 4 3-4 cents for 35's and a quarter of a cent less for each additional five points.
