Be thankful!

Oregon people are thankful for many blessings today.

Among the numerous things that Roseburg people should be thankful for is that this is the last winter we will be without paved streets.

Everyone should be thankful that a spirit of progressiveness has been awakened which will give Douglas County greater advancement than it has ever before known in a similar period ere another Thanksgiving Day rolls around. When "everybody helps" advancement becomes easy.

Mr. Rockefeller admitted on the witness stand that the Standard Oil Co. cleared about $80,000,000 last year. Then that little $29,240,000 fine, which they didn't have to pay, is another reason why John D., et al, are more than ordinarily thankful this year.

The Oregon State Horticultural Society and the Northwest Fruit Growers' Association will hold their annual meeting in Portland, December 1 to 5, inclusive. The rules of the Northwest Fruit Growers' Association prohibit it from giving premiums of value at exhibitions of fruit held under its direction. All fruit entered for competition in the State Society will be held for exhibition until the close of the meeting of the Northwest Fruit Growers' Association. This will be the greatest horticultural event in the history of the state, and no fruit growing district in the state can afford to neglect the opportunity. The value of the prizes to be awarded approximate $600.00.

GREATEST APPLE SHOW.

Ever Held Will Open at Spokane on Dec. 7.—International Affair.

SPOKANE, Wash., Nov. 25.—Entries for the national apple show, which opens in Spokane, December 7 and continues for a week, are rapidly being closed. From the reports now at hand, there will be fully eight million apples on display at Spokane during the week of the show. They will represent practically every apple growing state in the United States and there will be several hundred exhibits from British Columbia. Other foreign countries to be represented are England, Germany, Norway and Japan. Without doubt it will be the largest exhibition of apples ever made.

The states of the Pacific Northwest and British Columbia will lead in the number of exhibits, although nearly every other state will have an exhibit of some kind. The exhibits range in size from single apples to carload lots and all the standard varieties of winter apples are included. Several carloads of apples have already come to Spokane for exhibit and have been placed in cold storage pending the opening of the show. In all 75,000 square feet of floor space will be necessary to house the apples.

"As an education for apple-growers, I am sure that nothing has ever before been held of so much importance as the national apple show," said Manager H. J. Neely, who is largely responsible for the success thus far of the enterprise. "Besides the sight of millions of apples grown in all parts of the world, there will be many other features of interest to growers. Demonstrations in the packing of apples by the students of the Oregon Agricultural College and instructions on spraying by experts will be valuable as well as interesting to everyone concerned with apple-growing. The fact that the Washington State Horticultural Society meets in Spokane during the week of the apple show is a further attraction, for it will give apple growers who come here an opportunity to hear the addresses by the most successful horticulturists of the country. We expect to have fully 100,000 people in attendance, all interested in some phase of the apple industry. With favorable conditions there ought to be a large attendance. The express companies have notified the management that a refund of 50 per cent will be made on all apples sent for exhibit and returned to owner after the show. Arrangements also have been made whereby apples sent from Canada and returned, there will be no duty on same."

Seven Years of Proof.

"I have had seven years of proof that Dr. King's New Discovery is the best medicine to take for coughs and colds and for every diseased condition of throat, chest or lungs," says W. V. Henry, of Panama, Mo. The world has had 38 years of proof that Dr. King's New Discovery is the best remedy for coughs and colds, la grippe, asthma, hay fever, bronchitis, hemorrhage of the lungs, and the early stages of consumption. Its timely use always prevents the development of pneumonia. Sold under guarantee at A. C. Marsters & Co's. drug store. 50c and $1.00. Trial bottle free.

How to Prolong Life of Rubbers.

Women who have trouble with their rubbers breaking at the heel after wearing them a short time may like to know how I make use of mine when they reach this state, says a contributor in the Delineator. I cut out the heels as far as the upslope of the arch, making sandals of them. These are sufficient protection except in the case of slush or heavy rain.

How to Dust Polished Floors.

To dust polished floors and to clean blackboards dampen (not wet) a soft cloth with kerosene, roll tight and leave from eight to twelve hours. When ready to use, fold in a square of several thicknesses. With this floors and blackboards may be beautifully cleaned without scattering dust.

The Modesty of Women

naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of known composition. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

How to Cure a Cold.

Be as careful as you can you will occasionally take cold, and when you do, get a medicine of known reliability, one that has an established reputation, one that is certain to effect a quick cure. Such a medicine is Chamberlain's Cough Remedy. It has gained a world wide reputation by its remarkable cures of this most common ailment. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. During the many years in which it has been in general use we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used, which shows conclusively that it is a certain preventive of that dangerous disease. Chamberlain's Cough Remedy contains no opium or other narcotic and may be given as confidently to a baby as to an adult. For sale by Hamilton Drug Co.

How to Relieve Headaches.

As headache is one of the most common complaints among women, the average woman cannot know of too many cures for headache to resort to in an emergency. Witch hazel is an excellent cure for headache. Saturate a cloth with witch hazel and apply it to the part of the head where the pain is most felt and renew it as soon as the cloth becomes dry. Headache that is produced by an excessive flow of blood to the head can often be cured by this remedy when others have failed. This is as speedy a relief as is known, as it more often than not will bring relief in a few minutes and seldom fails to cure within an hour.
