Thursday's sunshine shed a glory over Oregon that in itself was enough to make everyone thankful they have a home here.

Increased interest is being manifested in this vicinity in the poultry business. With eggs retailing at 35 to 40 cents per dozen there is certainly a very attractive margin of profit for those engaged in this industry.

Next to Roseburg roses the Roseburg chrysanthemums are the most popular local flower. None finer can be found anywhere, grown in the open air. Everyone should attend the annual chrysanthemum show next Tuesday and Wednesday at the Fisher & Bellows' Co. building and see what splendid flowers are produced here.

Oregon's rifle team won 13th place in the national shoot at Camp Perry, Ohio, this year in competition with about 50 of the finest rifle teams in the military and naval service of the entire country. Dr. Houck, the local ordnance officer, who has had an active part in bringing this team to its high efficiency, hopes and expects to see the Oregon team win a place very near the top in next year's contest.

Enjoy a series of splendid entertainments by attending the attractions scheduled for Roseburg during the coming winter under the auspices of the Commercial Club, at the request of the High School. The first of these was enjoyed Thursday night and the next will be on Monday evening, Nov. 30. These attractions are among the highest class to be heard anywhere and do a great deal toward elevating the moral and intellectual tone of any community. Likewise, they are an important educational feature. Every high school pupil, especially, should hear this course of entertainments and lectures and every resident of the community will enjoy them. There are among the good things that come our way only too rarely and life will be the more worth the living after hearing them.

Just as we expected, the Oily News went up in the air and let out a howl as long and loud as that uttered by a cowardly cur with a tin can tied to its tail, when we exposed one of the numerous rascals it attempts to palm off on the public as news. We must confess that we—like nearly everyone else—very seldom read that sheet as it contains only a rehash of news from the Daily Review, and its own imaginary fakes. We are not going to enter into any controversy with an outfit that has no regard for facts, either personally or in print, and would have paid no attention to its fake kidnapping story had it not been called to our attention by a member of the family involved, who desired to have the real facts stated, as we did. The poor ignoramus who has charge of the Oily News has no real conception of the newspaper business and never will have, lack of mental calibre being painfully apparent in all his utterances. He vainly imagines that the sheet of which he has charge is a competitor of The Review. It is no more of a competitor—and we pay very little more attention to it than if it were published in Tampa, Florida, or Podunk. As to The Review's business, our books show that we have done more this year than ever before, by a very large percentage, and probably fully double in volume that done by the Oily News. Neither do we take Advs. at any old price, or no price, and give no "free readers" as that sheet does in order to fill up. Our advertising space is always in demand at fair prices to all, because we always give our patrons good service for their money. There is no reason to doubt that the big boasts of the Oily News in regard to its circulation and business are just as big fakes as its so-called "scops" in the news line. As to being competitors they are really the "oldest mark" we have ever had in 20 years of newspaper experience. We only hope they will continue in charge, and we invite them to hurl at The Review and its editor and owner all the vituperation at their command just as often as they choose. We enjoy their abuse far more than we would the friendship of such a disreputable, oily outfit.

EXPRESS COMPANY EXTORTION

The merchants who are crying out about the big advance in rates by Wells-Fargo's Express Company can expect little satisfaction from their protests. That corporation has never paid any particular attention to the wishes of its customers, and we do not doubt that it will arrange its rates to suit itself. There is nothing to be got from it by hanging around the company's doors and uttering complaints, or even by bombarding it with written protests. "If you don't like our rates, carry your things yourself," is the corporation attitude. There is just one way that the merchants can bring the corporations into subjection. Instead of calling meetings, and appointing committees to wait on the express company, let them put their pressure on our Congressmen and such other members of Congress as they can reach,

with the demand that the Parcel Post bill be passed.

The United States is the only nation of importance that leaves this business to be run by private corporations, and that is why the people are compelled to pay extortionate express rates. The United States will make such shipments for account of foreign postoffices, but not for its own. That is why it costs 4 cents to send a four-pound package from San Francisco, while for 48 cents one may send the same parcel to London.

In foreign countries all express business of this sort is done by the postoffice, and there is no complaint of high rates or discriminations. We shall have the same accommodations in this country as soon as the express company's agents in Congress cease to block the way to the Parcel Post bill.—Ex.

"THE ARTIST TRIO."

Cleverly Entertained a Good Sized Audience Thursday Evening.

A fair sized audience greeted the "Artist Trio", which appeared at the Baptist church in this city Thursday evening, under the auspices of the Commercial Club. The personnel of this trio is Miss Mary Agnes Doyle, Miss Flora McGill and Miss Blanche Deering, all of Chicago, and traveling under the direction of the Slayton lyceum bureau.

From an artistic standpoint Miss Deering seemed to have most completely captivated the audience with her beautiful violin solos. Her playing showed a smoothness and delicacy of touch and a sweetness of tone seldom heard. The "Piano Fantasia" by Sarasate; "Abenlled" (evening song) by Schumann Joachim, and "Hungarian Dance No. 5," by Brahms each merited hearty encores.

Possibly the most generally enjoyed feature of the evening was the eloquent work of Miss Doyle. Her delineations of Irish character, A Group of Irish Lyrics, and "Discussions of Philosopher Dooley," were all highly enjoyed. Her strongest number was doubtless "The Daguerreotype," by Mary Mullet. Her work was exceptionally free from "stage effects" and was done with a delicacy and finesse that was highly enjoyable. Encores were responded to with brief humorous sketches and a splendid rendition of Kipling's "Tommy Atkins."

Miss McGill's vocal numbers were also appreciated. She has an excellent voice, which gave evidences of thorough training. She also responded to recalls with familiar selections.

These three young ladies constituted the entire party, of which Miss Doyle is the travelling manager. It was assumed by many in the audience that they were congenial spirits who had been drawn together by mutual attractions in college days. Quite the reverse is the case, however, as stated by Miss Doyle, a Review representative. They had never met prior to being formed into this company by the Lyceum management, yet it had proven a most congenial party and they are enjoying the tour very much. They left this morning for Eugene, and go thence to Newberg and from there to Payette, Idaho, on their return east.

The next attraction will be Ople Read, the famous humorist, author and lecturer, next Monday evening.

KILLS STEP-FATHER.

HEALDSBURG, Cal., Nov. 26.—Fred Ingomar, aged 12 years, shot and killed his step-father, John Day, last night at the family residence near this town. Day, who was under the influence of liquor, beat his wife and child at supper-time, and ordered the boy to bed.

Instead of complying, the boy secured a revolver and finished the meal. After supper Day renewed his attack on his wife and the boy went to her assistance.

Day seized the boy by the throat, threw him on a bed and was choking him when he drew the revolver and fired.

The bullet penetrated Day's forehead and inflicted a fatal wound.

The boy then came to town and surrendered himself to the authorities.

The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superior worth as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can. In which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherry bark are extracted and preserved by the use of chemically pure, triple refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-known medical authorities such as Drs. Bartholow, King, Scudder, Cox, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of strength and gradual running down of the system.

The "Golden Medical Discovery" makes rich pure blood and so invigorates and regulates the stomach, liver and bowels and through them, the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure their healing to apply to them Dr. Pierce's All-Healing Salve. If your drug-gist doesn't happen to have this Salve in stock, send five-cent stamps in postage stamps to Dr. R. V. Pierce, Postage Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will be sent you by return post. You can't afford to accept a secret recipe as a substitute for this non-alcoholic medicine of known composition, not thereby making a little larger profit. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, very granules, easy to take as candy.

Does Roseburg Really Want to be on the Map?

Nov. 27, 1908.

Editor Review:—

Eugene has just raised \$50,000 for a Young Men's Christian Association building. In order to promote the intellectual and moral welfare of her citizens, all classes took part in the work. The campaign closed with an outburst of enthusiasm. Last night there was given at the Baptist church the first number of the lecture course secured for Roseburg by the Commercial Club at the request of the High School. The entertainment was strictly first-class and was thoroughly enjoyed by the audience present. Notwithstanding the effort made to bring the lecture course to the notice of the public,

scores of those who should have been present were conspicuous by their absence. Some who promised assistance seem to have grown cold or to have partaken of too much Thanksgiving turkey to be able to be present.

Next Monday night Ople Read will appear at the same place. In any progressive city of the East he would fill a hall at \$1.00 and \$2.00 a seat, without any special effort in the way of advertising. Will Roseburg do any better on this occasion than she did last night? Does Roseburg know a good thing when she sees it? Does Roseburg really want to be on the map?

RESOLUTIONS OF CONDOLENCE.

To the Officers and Members of Union Encampment, No. 9, I. O. O. F., of Roseburg, Oregon:

We, your committee, appointed to draft resolutions of condolence in memory of our late lamented Brother Patriarch Edgar F. Long, do hereby submit the following for your consideration and adoption, to-wit:

Memorial Resolutions. Patriarch Edgar F. Long was initiated into Union Encampment No. 9, I. O. O. F., on December 20th, A. D. 1906. He died at Roseburg, Oregon, on the 2nd day of November, A. D. 1908.

In becoming a Patriarch of this order he came endowed with all the splendid qualities of mind and heart that alone could fit him to be an honored member of this order. Of gentle disposition, warm sympathies, with a profound reverence for the just and right; faithful in every trust; zealous at all times to promote the good of the order, this Lodge has indeed lost a most valuable and efficient member.

In the golden harvest time, amid the falling autumn leaves, on a beautiful November day, all that was mortal of Edgar F. Long was sadly laid away to join its kindred dust. When we contemplate the death of our beloved friend and Brother Patriarch we think of him as we do of things lovely in nature and this thought gives us consolation in our bereavement. The rose was never adorned with more beauty than that man who has the gift of a pure mind, an honest heart and a soul full of love and sympathy for his fellow man. So was Edgar E. Long adorned. And as the rose, as soon, seemingly, did he perish. But his life has left a fragrance in our hearts and minds that time can never deface; therefore, be it

RESOLVED, That it is fit and proper that these resolutions be spread upon our memorial page and that it be so ordered, and that a copy thereof be sent to his bereaved parents.

S.S.S. THE ONLY REMEDY FOR BLOOD POISON

S. S. S. is the one and only reliable and certain cure for Contagious Blood Poison. This claim is not based on the treatment of a few cases of the disease, here and there, but its success extends over a period of more than forty years, during which time thousands upon thousands have found a cure by the use of this great vegetable remedy. S. S. S. is first of all, an absolutely perfect blood purifier, able to go down into the blood and remove every particle of the virus of Contagious Blood Poison. It cleanses and purifies the circulation, and in this way removes the cause of the trouble. Then nature, assisted by a rich, healthy blood supply, quickly renovates and renews the system, while the symptoms of ulcerated mouth and throat, skin eruptions, discolored spots, falling hair, sores and ulcers, etc., disappear, leaving the body entirely free from the effects of this insidious poison. When S. S. S. has thoroughly cleansed and purified the circulation there is no danger of any future outbreak—the blood is pure and the cause of the disease entirely removed. Home Treatment Book containing many valuable and helpful suggestions for those who are curing themselves with S. S. S., and any medical advice desired sent free to all who write.
