J. R. Baldwin, who was given an examination before Justice of the Peace Gather, at Myrtle Creek, Friday, on the charge of wife beating, was placed under bonds of \$1000 to keep the peace. The bond was furnished. The defendant, who is much older than his wife, is a graduate in medicine. It is reported that he has turned all his property over to his wife and will shortly leave the country, enabling her to get a divorce.

Alleging that her husband is a "gross, habitual drunkard," Eva McCoy has sued S. D. McCoy in the circuit court here for a divorce. She asserts further that her remonstrances against his drinking would bring forth curses and opprobrious names from him. The parties were married at Wilbur in October, 1894, and are residents of Looking Glass. Mrs. McCoy asks for the restoration of her maiden name, Eva Smith.

Thirteen ladies were the guests of Mrs. W. R. Willis, at a 1 o'clock luncheon, at her home, in this city, on Friday. In the center of the dining table stood a bunch of "Florence Davis" chrysanthemums, their blending colors of sea-green and white harmonizing admirably with festoons of smilax trailing to either end of the table. Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I would have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by Hamilton Drug Co.

How to Cure a Cold.

Be as careful as you can you will occasionally take cold, and when you do, get a medicine of known reliability, one that has an established reputation, one that is certain to effect a quick cure. Such a medicine is Chamberlain's Cough Remedy. It has gained a world wide reputation by its remarkable cures of this most common ailment. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. During the many years in which it has been in general use we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used, which shows conclusively that it is a certain preventive of that dangerous disease. Chamberlain's Cough Remedy contains no opium or other narcotic and may be given as confidently to a baby as to an adult. For sale by Hamilton Drug Co.

Colds Colds

Ask your doctor if Ayer's Cherry Pectoral is not just the right medicine for such cases. He knows all about it. Then follow his advice.

Cold after cold, cough after cough. One cold no sooner cured than another one comes. It's a bad habit, this taking-cold habit. What you want is a medicine that will break up this habit, heal inflamed membranes, strengthen weak tissues.

FOR THE HOUSEWIFE

Green Preserved Tomato.
Cut small, smooth, green tomatoes in halves, then quarter the halves. For every pound of the fruit use three-quarters of a pound of granulated sugar. Allow the yellow rind of one lemon to each two pounds of fruit, grated or shaved thin, and the juice. Put the sugar in the preserving kettle with just enough water to dissolve it, add the tomato and lemon and simmer gently until the tomato is tender and transparent. This will keep without sealing, as a rule, but it is better put in small jars or glasses covered air tight. It is so rich that only a little can be used at a time.

Chutney Sauce.
For chutney sauce take twelve green sour apples, two green peppers, six green tomatoes, four small onions, a cup of raisins, a quart of elder vinegar, two tablespoonfuls of mustard seed, same of salt, one of powdered sugar, two cups brown sugar, a tablespoonful each of ground mustard and ginger. Seed the raisins and peppers, then add tomatoes and onions and chop very fine. Put vinegar, sugar and spices on to boil, add the chopped mixture and simmer an hour. Then add the apples (pared and cored) and cook slowly till soft. Keep in cans or bottles sealed.

Shapes Deformed Noses.
The noses of a great many persons are slightly deformed, and because of the prominence of this feature the appearance of the face is more or less disfigured. Such deformity can frequently be remedied by a gentle but continuous pressure. With the aid of a specially designed "nose shaper" recently patented by a Massachusetts man this result can be brought about in a way that will be painless to the individual. Uprturned, one sided or flat noses or those with distended nostrils can be easily shaped and brought into

THE NOSE SHAPER.

normal form. This contrivance is made of thin sheet metal sufficiently resilient to conform to the shape of the nose. The portion coming in contact with the nose has a lining of chamomile skin, which protects the skin of the patient. This nose shaper is held in place on the nose by bands or tapes, fastening with a buckle. In positioning the device the bands are brought down behind the neck and crossed and then carried up and buckled over the forehead. The result is that a slight but steady tension is produced on the nose, the latter being thus gradually and steadily brought into normal shape.

Now is the time to visit California

When summer has passed in these northern states, the sun is only mild under the bright blue skies of Southern California. This is one of nature's happy provisions—eternal summer for those who cannot endure a more severe climate. California has been called the "Mecca of the winter tourist." Its hotels and stopping places are as varied as those of all well regulated cities. Visitors can always find suitable accommodations, congenial company, and varied, pleasing recreations.

SOUTHERN PACIFIC CO.

Will be glad to supply some very attractive literature, describing in detail the many delights of winter in California. Very low round trip excursion tickets are on sale to California. The rate from ROSEBURG, OREGON, to Los Angeles and return is \$55.00.

Limit six months, allowing stop-overs in either direction. Similar excursion rates are in effect to all California points.

A Few "Fit" Suggestions--

Concerning that New Winter Suit.

Roominess is just as important in a suit as it is in a nightshirt. There is no reason in the world why the body should be cramped for room when awake any more than when asleep.

A well fitting suit must be cut full, so as to adjust itself naturally and symmetrically to the wearer's figure. The drawing or wrinkling across the shoulders, characteristic of many poorly-fitted suits, is caused by unscientific drafting and by trying to save material in cutting. No suit cut on a narrow, niggardly pattern, can possibly fit. We carry only "hand tailored" suits, nonbreakable fronts, and in fact every requirement is met in order to give you the best. We keep telling you about this kind of clothes so frequently, because we want you to get the Good Habit—Harth's Toggery good clothes habit, and then we know we have accomplished what we are working for—made a customer and a satisfied customer. Your clothes kept pressed free.
