DECEMBER 7, 1908.

Fog may shut out the sunshine for a few days, but it also keeps off the frost and is therefore of great benefit.

Congress re-opened today, but most people are thankful that it can continue in session only three months this time.

Definite action toward street paving and house numbering will be important features of tonight's city council meeting. Both are badly needed.

"Shop early and often, and do it now" is the wise admonition given to buyers of Christmas goods.

Payrolls are a most important feature in building up a live city. Let us endeavor to secure just as many new industries as possible during the coming year. Now is the time to begin.

Oregon fruits are so good that they really have no competition in the markets of the world. With the thousands of acres of new orchards being planted we shall not be able to supply the demand for Oregon apples, pears, prunes and peaches.

A government building for Roseburg should be among the items authorized during the session of Congress which opened today.

MYRTLE CREEK NEWS.

S. J. Jones, the Roseburg capitalist, was in town on business Thursday. He showed his faith in the town's future by buying four lots in Johnson addition.

E. T. Standford and wife departed the first of the week for Melrose Or., where they will locate for a while.

Grace Campion Nelson, youngest daughter of Mr. and Mrs. C. O. Nelson, died at this place, Dec. 2, 1908, after a brief illness. She was 2 years of age.

A lawsuit occupied the time in Justice Gaither's court for the greater part of Tuesday and Wednesday of this week. The parties to the suit were H. L. Browning and Thos. W. Hervey, both of Buelles. Browning asked for a judgment of \$100 and costs, for alleged damage to his crops by the defendant's hogs.

Chas. C. Miles, formerly a Myrtle Creek boy, was re-elected to the legislature of the state of Idaho from Nez Perce county, at the recent election, by an increased majority, leading his ticket in the general election. Miles stood for a primary law and the local option law, and the whisky forces fought him from the nomination to the close of the polls, but he won out in spite of their opposition.

MEDICINE THAT IS MEDICINE.

"I have suffered a good deal with malaria and stomach complaints, but I have now found a remedy that keeps me well, and that remedy is Electric Bitters, a medicine that is a medicine for stomach and liver troubles, and for run down conditions."

SPORTING NOTES.

The Carlisle Indians defeated Denver University at football last Saturday by the score of 8 to 4. The annual football game between Multnomah and O. C. at Portland, Saturday, resulted in a victory for Multnomah by the close score of 11 to 10.

A LIBRARY OF CHOICE FICTION.

You can get the latest and the best novels at the public library, in the Marsters' building, upstairs over Barr's Music Store. Open every afternoon and evening from 1 to 8 o'clock.

Never sacrifice quality for price. See a Bush and Lane and the Victor piano.

Read Review advs. for bargains.

FINZER'S ANNUAL REPORT.

Many Important Recommendations for Oregon National Guard.

SALEM, Or., Dec. 6.—Many important recommendations are embodied in the Biennial report of the military department of the state, submitted yesterday by Adjutant-General W. E. Finzer, to Governor Chamberlain.

It is shown by the report that the Oregon National Guard is now in a high state of efficiency and that but one change is needed to bring the entire organization up to a regular army basis as regards organization. This is the addition of four companies of Infantry to the Fourth Oregon, with headquarters at Eugene. These four companies will be organized as soon as practicable.

In his recommendations General Finzer gives a new solution of the difficult problem of securing armories for National Guard companies outside of Portland. In this connection he urges that it be provided by law that all counties wherein guard organizations are stationed must provide suitable armories, such buildings to be used for public meetings only when not in use for drill purposes.

Other Recommendations Made. The recommendations of interest to hundreds of guardsmen throughout the state are: That paymasters be permitted to draw funds in advance of camps of instruction for pay and subsistence. This will save endless delay and annoyance occasioned by the old system now in use.

That as soon as funds are available the troops be supplied with camp cots for use in the field. Such cots are now used by the regular army and add considerable to the endurance and comfort of the men.

That an allowance be made the commanding officer of each company, battery and band to pay the quartermaster sergeants to care for all public property under such regulations as may be prescribed by the Military Board.

That an officer of the National Guard detailed for duty in the Adjutant General's office for the purpose of conducting a service school by correspondence.

That a board of officers be detailed to make any alterations in the military law of the state that are found necessary in order to entirely conform the organizations of the National Guard to those of the United States army and report their findings to the legislature.

That an act be passed by the legislature prohibiting any person or persons, or organizations, other than the United States army and the National Guard, from wearing uniforms or parts of uniforms similar to those worn by members of the service.

PRUNE OUTPUT 44 CARS.

French Company, of Myrtle Creek, May Add Cannery Next Year.

Myrtle Creek Mail: The E. L. French Co. has finished the season's pack of fancy Douglas county prunes and has shut down the plant until next year. The packing season this year covered a period of 42 days during this time a total of 1,760,000 pounds of prunes were packed. The total output filled 44 freight cars, representing two train loads.

The company has done everything possible to advertise the fruit packed at this point as Douglas county products. Each box of fruit has been marked with an attractive label, giving Myrtle Creek as the packing point, and defining the contents as Douglas County prunes. This will give Myrtle Creek, and Douglas county in general, some practical, high class advertising throughout a very wide scope of country. As the fruit found a market in the states of Kansas, Nebraska, Oklahoma, North Dakota, South Dakota, Texas, Iowa, Illinois, New York, Massachusetts, and four carloads were exported to Canada. Thus it can be seen that so wide a distribution of our prunes, packed in such an attractive way, is sure a result in much good to the

Making Good.

There is no way of making lasting friends like "Making Good" and Doctor Pierce's medicine well exemplify this, and their friends, after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards.

A good, honest, square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery. It will cure any disease, while most of the preparations that have come into prominence in the earlier period of its popularity have "made good" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, you will find curative qualities are soon manifest; hence it has survived and grown in popularity, while the scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, and distress after eating, nervousness and debility, nothing is so good as Dr. Pierce's Golden Medical Discovery. It's an honest, square-deal medicine with all its ingredients printed on bottle wrapper—no secret, no hocus-poems humbug, therefore don't accept a substitute that the dealer may possibly make a little bigger profit. Trust on your right to have what you call for.

Don't buy Dr. Pierce's Favorite Prescription expecting it to give a "cure-all." It is only advised for women's special ailments. It makes weak women strong and sick women well. Less advertised than some preparations sold for like purposes, its position in the front ranks, where it stood over two decades ago. As an infallible remedy for all ailments of the female system, it is unquestionably the best remedy for women who want "beauty" for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, will lead and when once tried are ever afterwards in favor. Easy to take as candy—only three a dose. Much insisted but never equalled.

NEW COUNTY RECORDS.

"Loose Leaf" System is Soon to be Put into Use Here. About Dec. 15th, County Clerk Lenox will receive the first set of books for putting into operation the new "loose leaf" system for keeping county records. This system is already in use in several counties in Washington, and has been adopted, in whole or in part, in Marion, Malheur, Josephine, Lane and other counties of this state.

The first books to be received here for opening this system are: Deed record, mortgage record, county court journal, Probate court journal, Record of Incorporations, Record of Mining Claims. While the first cost of these books is more than that of the ordinary records, that will soon be overcome by the very much smaller

expense of renewing them. With these, new leaves can be inserted from time to time, while with the old system new books had to be purchased. With the increasing volume of business of the county this had grown to be a considerable item, which the new system will materially lessen. Nearly all the larger business establishments now use the "loose leaf" system of books as a measure of economy and convenience. With these the county can, a little later, dispense very largely with the use of a book typewriter for recording, as loose leaves can be handled on an ordinary typewriter with a wide carriage. This will also expedite the work of recording the numerous documents filed for that purpose in the office of the county clerk.

MARRIED.

JOHNSON-NORTON.—At the home of the bride's mother, Mrs. A. A. Fuller, in Roseburg, Dec. 6, 1908, Oliver L. Johnson and Miss Thelie Norton, Rev. E. H. Hicks, officiating.

Mr. Johnson is a member of the local grocery firm of Harness and Johnson, and one of the leading young business men of the city. His bride is a very charming young lady, and equally as well known in Roseburg as her husband.

Mr. and Mrs. Johnson will reside at his home on Pine street.

S.S.S. BEST TREATMENT FOR CATARRH

S. S. S. is the best treatment for Catarrh because it is a perfect blood purifier. It is the only medicine that is able to get down into the circulation and entirely remove the catarrhal matter and impurities which produce the trouble. As long as the mucous membranes and tissues are kept inflamed and irritated by this impure and infected condition of the blood Catarrh will remain. Its disagreeable and dangerous symptoms, of ringing noises in the ears, mucus dropping back into the throat, headaches, watery eyes, difficult breathing, and even stomach disorders and weakened health, cannot be permanently relieved until the blood is purified. Nothing equals S. S. S. for this purpose. It goes down to the very root of the trouble, and removes every particle of the catarrhal matter from the blood and enriches this vital fluid so that all the mucous surfaces are supplied with nutritive, healthful qualities, instead of being constantly irritated and inflamed by impurities in the circulation. Then the symptoms begin to pass away and when S. S. S. has entirely purified the blood, Catarrh is permanently cured and the general health greatly built up. Book on Catarrh and any medical advice desired sent free to all who write.

C.; Laird, Mrs. Florence (2); McDaniel, J. Frank; Martindale, Mr. J. Paul; Plesent, Mrs. R.; Redick, Mr. Bert W.; Smith, Mr. William E.; Steinbach, Mr. Louis (4); Smith, Geo. D. Mrs. C. W. PARKS, P. M.

Farmers, mechanics, railroaders, laborers, rely on Dr. Thomas' Eclectic Oil. Takes the sting out of cuts, or bruises at once. Pain cannot stay where it is used.

The Review does job printing.

HAPPY RESULTS.

Have Made Many Roseburg Residents Enthusiastic.

No wonder scores of Roseburg citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Roseburg by Doan's Kidney Pills.

A. O. Houser, Jackson St., Roseburg, Or., says: "I had considerable trouble from a lame back and when doing any work that brought a strain on the muscles of the back I suffered terribly. During one of these spells I procured Doan's Kidney Pills from A. C. Marsters & Co.'s drug store and found such great relief from their use in a short time that I did not feel it necessary to continue their use. My back was greatly strengthened and though I have worked steadily since, I have not had a return of the backache."

For sale by all druggists. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

There will be a special session of Justice Long's court at the Elks' Minstrel, Dec. 15 and 16, at the Armory. Don't fail to attend.

Not "just as good" but the best—Jennings' bread. Free delivery. Phone 2211. DTF

"Generally debilitated for years. Had sick headaches, lacked ambition, was worn out and all run down. Burdock Blood Bitters made me a well woman."—Mrs. Chas. Fretroy, Moon-up, Conn.
