CROUP QUICKLY CURED.

Don't Let the Child Choke to Death While Waiting for the Doctor.

Hyomel, the miraculous, antiseptic, dry and treatment, will cure croup in either the first or second stages. Easily inhaled, even when the breathing is irregular, it reaches more promptly than any other remedy the terribly inflamed membrane of the windpipe. Its soothing balsams act immediately, the inflammation is allayed, and the swelling reduced.

"Not long ago our little boy, Walter, awoke in the night with a bad attack of croup. We allowed him to inhale Hyomel; he began to breathe easier, and in half an hour was fast asleep. I am glad to speak a good word for a remedy that will rob croup of its terrors."—Rev. Geo. Sisson, pastor of M. E. Church, South Londonderry, Vt.

Hyomel (pronounced High-o-me), is guaranteed by Red Cross Pharmacy to cure catarrh, coughs, colds, asthma, bronchitis and croup, or you get your money back. A complete outfit, including a neat hard rubber inhaler, costs only \$1.00. An extra bottle of Hyomel, if afterwards needed, cost but 50 cents.

The rapid increase of boys into the ranks of the "hobo" element is again brought to our attention by the statement of City Marshal Norman to the effect that on his daily visits to the "hobo" camp, near the railroad track, he finds never less than one-fourth of its crew to be persons under age. Last Friday morning, for instance, out of some 20 "hoboes" in the camp, fully 12 of them were boys. Nearly all of these youngsters have yellow stained fingers, showing them to be cigarette slaves, and their faces, to use the language of Marshal Norman, have the "yellow-back novel look." How to abate the growing evil of the boy tramp is a problem that must be solved sooner or later and the penitentiaries will have to be enlarged to accommodate an increased number of inmates.
