

IN TIME OF WAR LOOK OUT FOR PEACE

When you see a man advertise his goods at cost and below, you may bet he will "soak" you in some way if you buy from him. Now we haven't anything to sell at cost nor to give away; nor do we go around from house to house telling our troubles to our competitors' customers. When we get in trouble we will tell it to the marshal and not sneak around and try to deceive people by misrepresentations and inferior goods.

Now we have no CUT PRICES. We leave price cutting to the man who is going out of business—and we hope to not go out for awhile, at least. We are now located in the new Kohlhaugen (Commercial Club) building and have one of the best and most up-to-date stocks of Groceries and Crockery in Southern Oregon, and we sell at the lowest possible price, quality considered. Our groceries are all fresh and new and our store is neat and clean. We have just installed a celebrated Royal Steel Cut Electric Coffee Mill so you do not need to send away and pay ten cents a pound extra for steel-cut coffee. Just come in and buy the coffee you like best and have it cut right here WITHOUT EXTRA COST.

Our Holiday Goods are of excellent quality, including several patterns of the celebrated German China, both decorated and plain. Our hand-painted war cists are the very best—good enough for father, mother, sister, brother, wife or sweetheart. So "GET THE HABIT" and buy your Christmas supplies from the UP-TO-DATE GROCERY for we keep the best of everything.

Our motto is "highest quality of goods, square dealing and reasonable prices."

And Last but not Least, we give you honest weights and courteous treatment. Just come and see us—we'll give you plenty of time to examine our goods. We want your trade and if good goods and fair treatment will get it we will soon have it. Yours for business,

HOOD RIVER STILL LEADS WORLD'S MARKETS.

(By J. W. Dennis, of W. Dennis & Sons, of Covent Garden Market, London.)

We have now seen the first arrival of Oregon Newtowns on this market, and have to report, with much regret, that the quality of the fruit is inferior to what it has been in previous years. It may be, however, that the earlier arrivals are the greener fruit and that considerably better quality and color may be expected with subsequent arrivals. We sincerely hope this may be so, as the fruit we have seen does not stand out sufficiently to command the attention of the best trade. There have been on the market this week two or three thousand boxes of Hood River Newtowns, which were considerably finer fruit than that from your district, notwithstanding which, they were sold by our neighbors at the low price of from 9s to 12s per box, a price which in our opinion, was too low, but which has had the effect of attracting the buyers away from the lower quality Oregon fruit.

We are strongly of opinion that there is nothing to be gained by forcing sales, and we are therefore lying low and refraining from pushing out the stuff at a lower price than that which think it ought to command. The trade for apples continues bad. Supplies up to now have constantly been in excess of the demand, and the market has never been clear. We cannot think that this can last much longer. Barrel apple stock both in Ontario and America, is in much smaller supply than has been anticipated, whilst prices in New York and other American towns are such that we do not think it probable that much of that stock will be seen, on this side of the water. This will drive the trade on to the boxed fruit and we expect therefore after the turn of the new year to see box fruit in much better demand. At present, California four tier fruit is being sold from 6s to 8s per box, the latter price being obtainable for only one mark which is in limited supply, the bulk being sold at from 6s 6d to 7s.

Pears are in very fair demand, one particular variety of Comice meeting with an excellent sale. We have today had a big lot of these Oregon Comice through our hands, and have sold at prices ranging from 16s to 21s per half box.

FRUIT COOLING PLANT.

Across Continent Shipments Can be Made With Safety.

SALEM, Or., Dec. 18.—Fruit-growers are jubilant over the announcement that a cooling plant will be erected to handle the cherry and berry crops of 1909. E. G. Deckebach, of the Salem Ice Works, announced at a meeting of the fruit-growers yesterday, that his company will erect a plant with about a seven carload capacity and have it ready for operation next year. It will be constructed in such a manner that it can be enlarged to meet future needs. The establishment of a cooling plant will enable growers to ship fresh fruit across the continent safely.

The meeting of fruit-growers was held under the auspices of the Marion County Horticultural society. Horticultural Commissioner W. K. Newell was the principal speaker. His address dealt almost entirely with marketing problems.

Last evening another meeting of the society was held, at which time Secretary H. W. Williamson, of the State board of horticulture, delivered an address upon the future of the apple industry. In a very exhaustive discussion Mr. Williamson declared that though large additions are being made to the apple producing area, there is no danger of over production.

ROSEBURG STEAM LAUNDRY.

LEWIS BREAKS INTO PRINT ONCE MORE.

Mixes in Socialist Riot in Seattle, and Distinguishes Himself in Brutal Way.

E. J. Lewis, a so-called Socialist, who made himself so obnoxious in Roseburg and other Southern Oregon towns several weeks ago while lecturing in the streets, comes to public notice again through his participation in a Socialist riot in Seattle. A newspaper dispatch from Seattle, dated Dec. 18, says:

After three bloody encounters in the corridors of the Labor Temple last night the Titus faction of Seattle local body of Socialists, won at least a temporary victory.

The trouble started with the passing of the fire direct between W. P. Parks and James Neilson, and ended only after Parks was expelled from the meeting and his wife, Winnie Parks, had stood off four special sergeants-at-arms with a chair and was escorted fighting and scratching from the meeting.

As a result of the fights between Mrs. Parks and the sergeants-at-arms, E. J. Lewis, Oregon state organizer of the party, who is in Seattle for a month proselyting, and E. H. Fogarty, Stevens and Parks were beaten about the face and head. Fogarty was struck a blow in the face.

The police were called in to stop the riot.

"I left the hall without any disturbance," said W. P. Parks. "As I crossed the hall to go downstairs I met Mr. Clark, a carpenter, who stopped me to tell about a tool chest he had lost. This man Lewis, who has openly bragged that he is an ex-prize fighter from Philadelphia, came outside with Neilson and started to make blood. I turned away from him and continued to talk with Clark. He struck me several blows before I could turn around, jumped on me, knocking me down."

A policeman said that as there was no warrant he would make no arrests, but told Mrs. Parks to get a warrant in the morning.

Medicine That is Medicine.

"I have suffered a good deal with malaria and stomach complaints, but I have now found a remedy that keeps me well, and that remedy is Electric Bitters; a medicine that is a medicine for stomach and liver troubles, and for run down conditions," says W. C. Keister, of Halliday, Ark. Electric Bitters purify and enrich the blood, tone up the nerves, and impart vigor and energy to the weak. Your money will be refunded if it fails to help you. 50c at A.
