LOCAL NEWS.

A specific for pain—Dr. Thomas' Electric Oil, strongest, cheapest liniment devised. A household remedy in America for 25 years.
W. B. Lamb was over from Wilbur on business today. As neither of the through trains stop at that station it is very inconvenient for passengers to reach this city and return, for if they have any business of consequence, they have to stay here two nights, whereas if Wilbur was made even a flag station for the through trains many people from that vicinity would come over here at 8:45 in the morning, transact their business and return at 3:35 in the afternoon. It would be to the advantage of both the Wilbur and the Roseburg people if this were done, and in turn it would make more business for the railroad.

Use it or not, as your doctor says

Depth at Which Miners Can Work.
Below fifty feet the temperature rises in the proportion of one degree for every sixty-five feet of depth except where currents of water carry the heat away. The result is that at a depth of about 4,000 feet we reach a temperature of 68 degrees, or blood heat. This renders it exceedingly difficult to work coal pits below that depth. This is the reason that Great Britain's coal commission decided that mines are not workable below 4,000 feet.

The thickness of the solid rocks building up the crust of the earth is at least thirty to forty miles. At that depth the heat is such as would reduce everything on the surface of the earth to liquid. But the pressure of the overlying rocks is so great that until the relation of the heat to the pressure is known it cannot be said whether the earth at that depth is fluid or solid.—Chicago Tribune.

Not "Lost in London."

The confession of the provost of the Great St. Bernard hospice that he almost got lost in London and found it more bewildering than his own Alps recalls to the London Chronicle a remarkable feat of the great guide Melchior Anderegg of Meiringen. He had never seen a larger town than Berne when he visited London, and when two famous climbers, Leslie Stephen and T. W. Hinchliff, met him at London Bridge station and walked with him thence to Lincoln's Inn Fields there was a thick London fog. Nevertheless when a day or two later the three were at the same station, returning from a trip to Woolwich, Mr. Hinchliff confidently said, "Now, Melchior, you will lead us back home." And straight to Lincoln's Inn Fields Melchior guided them, pausing only once.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 791 West Third St., Davenport, Iowa, writes: "A severe cold contracted 12 years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one 50c bottle entirely cured me of asthma which had been growing on me for 12 years. If I had taken it at the start I would have been saved years of suffering." Sold by Red Cross Pharmacy.

Humility and Vanity.
It is the humble man that advances. He recognizes his imperfections and strives to improve. His progress is the result of his knowledge of self. The vain, conceited, arrogant man stands still.

IN TIME OF WAR LOOK OUT FOR PEACE

When you see a man advertise his goods at cost and below, you may bet he will "soak" you in some way if you buy from him. Now we haven't anything to sell at cost nor to give away; nor do we go around from house to house telling our troubles to our competitors' customers. When we get in trouble we will tell it to the marshal and not sneak around and try to deceive people by misrepresentations and inferior goods.

Now we have no CUT PRICES. We leave price cutting to the man who is going out of business—and we hope to not go out for awhile, at least. We are now located in the new Kohlhagen (Commercial Club) building and have one of the best and most up-to-date stocks of Groceries and Crockery in Southern Oregon, and we sell at the lowest possible price, quality considered. Our groceries are all fresh and new and our store is neat and clean. We have just installed a celebrated Royal Steel Cut Electric Coffee Mill so you do not need to send away and pay ten cents a pound extra for steel-cut coffee. Just come in and buy the coffee you like best and have it cut right here WITHOUT EXTRA COST.

Our Holiday Goods are of excellent quality, including several patterns of the celebrated German China, both decorated and plain. Our hand-painted ware is the very best—good enough for father, mother, sister, brother, wife or sweetheart. So "GET THE HABIT" and buy your Christmas supplies from the UP-TO-DATE GROCERY for we keep the best of everything.

Our motto is "highest quality of goods, square dealing and reasonable prices."

And Last but not Least, we give you honest weights and courteous treatment. Just come and see us—we'll give you plenty of time to examine our goods. We want your trade and if good goods and fair treatment will get it we will soon have it. Yours for business,
