GIVE NATURE A CHANCE.

The strongest minds have gotten their inspiration direct from Nature. Nature is the great teacher of mankind. We can look to Nature for all our needs. The recent Russo-Japanese war the surgeons of the Japanese navy and army discovered that wounds would heal more rapidly and with better success if left to Nature. They washed the wounds with water which had been boiled and then sterilized—then bandaged the wounds with clean linen—no powerful drugs or antiseptics were used in their first aid to the injured. Such methods resulted in the loss of only 32 out of 692 men treated in a naval hospital for their wounds. It is only from lack of observing Nature's laws that most of us suffer at one time or another from indigestion, impure blood and generally run-down systems. Our remedy lies in Nature's laboratory—deep in the fragrant woods—where are many American plants, the roots of which when properly treated will supply a health-giving tonic.

Many years ago a physician who had an extensive practice among the afflicted made a striking departure from the usual methods of his confreres in medicine—he went straight to Nature for the cure of those stomach disorders which resulted so often in an anemic condition, or impure blood, loss of appetite, pale or simply skin, feeling of lassitude and weakness. He found that the bark of the Black Cherry-tree, the root of the Golden Seal, the root of Queen's Woodroot and Golden Seal root, made into a scientific, non-alcoholic extract by the use of glycerine, made the best alterative and tonic. The refreshing tonic as it is called, is at once apparent in the recovered strength of the patient—the vital fires of the body burn brighter and their heat increases, activity in the tissue rubbish which otherwise may poison the system. This alterative and tonic extract has been found to stand alone as a safe, invigorating tonic, as it does not depend on alcohol for a false stimulation, but is Nature's own method of strengthening and cleansing the system. It tones up the stomach and the blood in Nature's own way. It will know all over the world as Dr. Pierce's Golden Medical Discovery. The name was given to this vegetable tonic because one of the important ingredients was Golden Seal root. Such an authority as Dr. Roberts Bartholow, of Jefferson Medical College, says "very useful as a stomachic tonic. Cures catarrh of the stomach and headaches accompanying the same." Dr. Grover Co. in his book Organic Medicines, speaking of Golden Seal root, says "as a liver invigorator it has few equals." Further he says, "In chronic inflammation of the bladder we deem it one of the most reliable agents of cure. As a tonic in the convalescing stages of fevers, pneumonia, dysentery and other acute diseases it is unrivaled. Golden Seal root is peculiarly appropriate."

Dr. Coe continues: "We would here add that our experience has demonstrated the Hydrastis or Golden Seal root to be a valuable remedy in bronchitis, laryngitis, and other affections of the respiratory organs."

"Of a tonic in chronic catarrh of the stomach and bowels following malaria, alcohol, a tonic after malarial fever, has a distinct, anti-malarial influence. Good in all catarrhal conditions, as torpid catarrh, leucorrhoea, and a curative agent in chronic dyspepsia."—Robert A. Haro, M. D., University of Pennsylvania.

Prof. John M. Scudder in Specific Medication says: "It stimulates the digestive processes, and increases the assimilation of food. By these means the blood is enriched, and this blood feeds the muscular system. I mention the muscular system because I believe it first feels the increased power imparted by the stimulation of increased nutrition. The consequent improvement on the nervous and glandular systems are natural results."

In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states.

After many years of study and laboratory work Dr. R. V. Pierce produced the most happy combination of this Golden Seal root with other efficacious roots—enhancing and increasing in curative power these native plants from our American forests by the addition of chemically pure glycerine of proper strength, which is far better than alcohol, both for extracting and preserving the medicinal principles residing in plants. Glycerine itself is useful in medicine; the membrane of the stomach of abnormal secretions aids in the cure of dyspepsia, and stimulation of the intestinal tract.

S.S.S. THE ONLY REMEDY FOR BLOOD POISON

S. S. S. is the one and only reliable and certain cure for Contagious Blood Poison. This claim is not based on the treatment of a few cases of the disease, here and there, but its success extends over a period of more than forty years, during which time thousands upon thousands have found a cure by the use of this great vegetable remedy. S. S. S. is first of all, an absolutely perfect blood purifier, able to go down into the blood and remove every particle of the virus of Contagious Blood Poison. It cleanses and purifies the circulation, and in this way removes the cause of the trouble. Then nature, assisted by a rich, healthy blood supply, quickly renovates and renews the system, while the symptoms of ulcerated mouth and throat, skin eruptions, discolored spots, falling hair, sores and ulcers, etc., disappear, leaving the body entirely free from the effects of this insidious poison. When S. S. S. has thoroughly cleansed and purified the circulation there is no danger of any future outbreak—the blood is pure and the cause of the disease entirely removed. Home Treatment Book containing many valuable and helpful suggestions for those who are curing themselves with S. S. S., and any medical advice desired sent free to all who write.
