WELLMAN OFF AGAIN FOR POLAR REGION.

CHRITENA, May 21.—With the sailing from Christiansand, Norway, today, of the new motor ship Arctic, the first move has been made by Walter Wellman for another attempt to "dash" to the north pole in a dirigible balloon. The vessel, which was launched only this spring, is bound for Danes Island, Spitzbergen, which is to be the rendezvous of the Wellman exploration party. Besides a crew of a dozen men, the Arctic carried a score of foremen and mechanics and all the materials necessary for equipping the gas plant and supply post to be established on the bleak and barren coast of Spitzbergen.

It is said that the Chicago newspaper which financed Mr. Wellman's earlier pole-dashing expeditions, which expedited only in the newspapers, has tired of the game and the coming dash will be under Mr. Wellman's individual direction. The sinews of flight have been supplied by Americans who believe that the project is feasible and are backing the former journalist with all the necessary money. Mr. Wellman will spend some time in Norway before sailing for the rendezvous.

The balloon will start from Danes' Island, Spitzbergen, in August, if weather conditions are favorable. The airship will be the "America," which had a trial in a voyage of about 20 miles at Spitzbergen a year ago last September.

The owners have turned over to Mr. Wellman, free of charge the air ship, plant, building and machinery of Mr. Wellman's former enterprise. The America is the second largest airship, being about three-fifths the size of the Zeppelin. It has a lifting capacity of nearly ten tons.

If the America is able to start next August upon her voyage of 700 miles through the air to the pole, she will carry a crew of three men, 6000 pounds of gasoline for the engines, food for a year, sledges, dogs, lifeboat and all the requisites of a sledging party.

Lived 152 Years.

Wm. Parr,—England's oldest man—married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful at 80. James Wright, of Spurlock, Ky., shows how to remain young. "I feel just like a 16-year-old boy," he writes, "after taking six bottles of Electric Bitters. For 30 years Kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth." They're a godsend to weak, sickly rundown or old people. Try them. 50c at all druggists.

Rev. Joseph H. Fesperman, Salisburg, N. C., who is the author of several religious books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. I had to get up several times during the night. I commenced taking Foley's Kidney Remedy and the pain gradually abated and finally ceased, the irregularities disappeared and I can cheerfully recommend Foley's Kidney Remedy." Red Cross Pharmacy.

LIQUOR MEN SEE THEIR BUSINESS VANISHING.

CHICAGO, May 20.—The strength of the temperance movement was conceded at the annual banquet of the Society of Brewing Technology and numerous suggestions were offered on how to combat the opposition.

"We must be on our guard or be put out of business," declared Chas. J. Vopicka.

"For years the child at the school has been taught that alcohol is a poison, and that it is sinful to partake of beer. That is a terrible mistake. None of our predecessors has raised a finger in protest. We must prove by experts that the man who drinks moderately is the healthier man. Then we must teach young men to think for themselves and not listen to hypocrites.

"We don't want special privileges—just justice is all. We must see to it that the men elected to public office are honest, honorable and liberal. Clean out the indecent from the business, and install the respectable element, like Germany and England.
