PLAN TO RAISE MONEY  
TO IMPROVE ROAD.

Marshfield Organization Would Set  
Liberal Example for Douglas  
County to Follow.

Marshfield Times: At a meeting of the Young Men's Commercial Club at the Chamber of Commerce last evening, a plan was launched to secure the improvement of the Coos Bay wagon road between here and Roseburg. The plan is to secure monthly subscriptions from business men and property owners for a year or so, the proceeds of which will be turned over to the Coos county court for expenditure on the highway. Following their standing offer, the county commissioners will give an equal amount for the work and in this way it is expected that an average of between \$1000 and \$1500 and possibly more will be made available for monthly expenditures on the road improvement.

The plan was suggested by Dr. E. Mingo, who said that he confident that the business men of Roseburg would see the benefit of having a good road to Coos Bay. He said that he did not place any confidence in the report that the Douglas county commissioners would not expend any money on the road. He said that if a delegation was sent from Coos Bay to Roseburg, he was sure that Douglas county would agree to do its share towards carrying out the project. He suggested that the road districts along the route be solicited to levy a special tax like some of them have done to raise funds for the permanent improvement. Besides this, he said that automobile manufacturers, the Southern Pacific railway and other large interests would contribute to the work.

Dr. McCormac quoted Postoffice Inspector Morse regarding the roads to Douglas county, saying the latter had declared that it was practically impossible to get the Coos Bay wagon road in good shape and that Douglas county would not assist in improving it.

THE DESCHUTES IS  
HAIRMAN'S NEW PATH.

J. P. O'Brien Says Bids for Central Oregon Line Will be Asked for Within 30 Days.

PORTLAND, Or., June 19.—In view of the decision of Secretary Ballinger approving the maps of the Deschutes railway, General Manager J. P. O'Brien, of the O. R. & N. company, said this morning that he hoped to be able to ask for bids on the Agency Plains part of the road—the part south of the canyon of the Deschutes, within 30 days.

Mr. O'Brien and General Attorney W. W. Cotton arrived in Portland from New York this morning. They have been east for some time arranging details of the Clearwater joint agreement with the Northern Pacific, the Tacoma-Portland agreement and the Deschutes railroad.

"While in the east," said Mr. O'Brien, "I made a special trip to Washington and saw our representatives there in an effort to hasten the decision of Secretary Ballinger upon our maps through the Deschutes region. They assured me that everything possible was being done to have these maps approved and that they hoped for a decision within a few days. Judging from press dispatches it was made yesterday and our maps, as well as those of the Oregon Trunk line, were approved at that time.

Obstacles Removed.  
"This removes all attempts on the part of the government to block the building of the new Central Oregon line, and all that remains for us now is to begin the work of condemning such portions of our required right of way as we have not yet secured. I do not apprehend that this will be a very difficult part of the work. We already have a very considerable part of the right of way, especially that part between the point where we leave the canyon and Bend, over what is called the Agency Plains. I think I may be able to ask for bids for construction work upon this part of the road within the next 30 days."

Don't fail to hear Rev. Elbert H. Hicks' lecture on "Mishaps and May-go of the Tennessee Mountain Men." This lecture is a strange combination of fun and eloquence. Mr. Hicks was reared among the mountains of Tennessee, and no one can tell of them better than he. You will be delighted to hear him. At the Baptist Church, Tuesday evening, June 22, at 8:30 o'clock. Admission, 25 cents. dtd

# S.S.S. THE CURE FOR SCROFULA

The usual symptoms of Scrofula are enlarged glands of the neck, sores and ulcers on the body, skin affections, catarrhal troubles, weak eyes, and general poor health. The inherited poison, transmitted through the blood, pollutes and weakens this fluid, and in place of its nutritive qualities fills the circulation with scrofulous matter, which saps the vitality of the entire system. Thousands of children, born with a scrofulous taint, have spent their childhood in constant physical suffering, and grown to manhood or womanhood handicapped by ill health and stunted growth, and perhaps later some disease of the bones or joints developed. S. S. S., given in their early life, would have prevented this. It would have cleansed and purified the blood of the taint, nourished and strengthened their systems, and assisted each to grow into strong, healthy manhood or womanhood. S. S. S. is the very best remedy for Scrofula. It goes down to the bottom of the trouble, and cleanses the circulation of a scrofulous matter. It supplies the weak, diseased blood with strength and health-building qualities, and under the purifying effects of this great remedy all symptoms of Scrofula pass away. S. S. S. contains no mineral in any form, and is an absolutely safe treatment for children, even infants or persons of any age. Literature about Scrofula and any medical advice free. ## DOWNS BELIEVED TO BE HIDING IN HONDURAS.

"Date of Hermann's Trial Depends Upon Henry's Conviction," Says Federal Attorney.

PORTLAND, Or., June 20.—Albert R. Downs, indicted for fraud in connection with public land transactions in Oregon, is being sought in every country by federal officers. His is one of the few remaining in the famous list of Oregon land fraud cases, and his trial, if ever held, will be of almost even date with the conclusion of the land fraud prosecutions commenced by Francis J. Heney. Meanwhile a suit brought at the instance of United States District Attorney John McCourt is pending in the federal court to revert the title of lands which were held by Downs back into public ownership. Unofficial information has reached the district attorney's office that Downs fled, learning of his indictment, to Honduras, and that he is still in hiding there.

Thelinger Hermann case, which is of even greater interest locally, will be brought to trial. "The date of the trial, however," said Mr. McCourt, "will depend largely upon the convenience of Francis J. Heney, who will undoubtedly conduct the prosecution. I consider it most fitting that Mr. Heney should have charge of the case, not only because it adds a closing chapter to the history of land fraud proceedings commenced by him, but because he is so thoroughly conversant with the case and so intimately in touch with the situation that he will be ready to handle the case in a masterful manner."

## Woman's Power Over Man

Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organization soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N. Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for woman's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No honest dealer will advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

## DEBTS OF CORPORATION CANNOT BE ASSESSED.

DES MOINES, Iowa, June 20.—Judge W. W. McHenry in the Polk county court today held that debts may be deducted from the actual value of corporation stock for assessment purposes under the Iowa laws, thus settling a question that has been mooted for years and knocking city treasuries out of thousands of dollars yearly. The decision was made on an appeal from assessment by three big Iowa insurance companies.

## A Thrilling Rescue.

How Bert R. Lean, of Cheney, Wash., was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to \$15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." For Lung Trouble, Bronchitis, Coughs and Colds, Asthma, Croup and Whooping Cough its supreme. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

## MARSHFIELD MEN TO OREGON-IDAHO CONGRESS

MARSHFIELD, Or., June 19.—A delegation representing the Marshfield and North Bend Chambers of Commerce will go to Burns, Oregon, July 1 and 2, to attend the Oregon-Idaho Development Congress meeting. The August meeting of the body will be held on Coos Bay and the delegation from here will make arrangements and formally extend the invitation to their city. Two of the chief objects of the development congress are to develop the Coos Bay harbor and build the state aided railroad. Now that the survey for the road from this city to Roseburg is well under way it is believed here that the congress can do much toward securing the voters of the state to carry out the state aided railroad scheme. The Young Men's Commercial Club was permanently organized last night with a membership of 75. One of the first matters taken up by the club was the betterment of the wagon road between Coos Bay and Roseburg.

## ATELL BEATS NEIL AND TAKES HIS TITLE.

SAN FRANCISCO, June 20.—In as fast and clean a fight as has been seen in a local arena in a long time, Monte Atell, of San Francisco, won the bantamweight championship from Frankie Neil in the 18th round of a scheduled 25-round contest at Coffroth's arena yesterday afternoon. Neil was the aggressor throughout forcing Atell back time and again. His punches seemed to lack force, however, and in only two rounds did he appear to have a chance with the clever brother of the featherweight champion.

## Dr. Roller Defeats the Turk.

## Jack Johnson in Pulpit.

BOSTON, June 20.—Jack Johnson, negro heavyweight champion, appeared tonight as a lecturer at Rush A. M. E. Zion church in Cambridge. Johnson in a tuxedo suit, drank vest and many diamonds was introduced to the large audience by the pastor, who said Johnson volunteered to aid the church by giving a lecture. Johnson was given an enthusiastic greeting. He said: "I am satisfied that Jeffries and I will never fight. The reason is he is growing too fat, and I don't care to meet a man who comes out of retirement. I want a real live one. Then let the better man win."
