

Summer Weights in Comfortable Styles.

Few tailors can make you a quarter-lined two-piece summer weight suit as it should be. The lining humps or straps across the back. Wrinkles fall just below the collar behind. It takes expert, master trained tailors to handle such work, simple as it seems.

STEIN-BLOCH made our two-piece, hot-weather suits. They are feather-weight, of tropical fabrics; some are silk lined just under the arms, some down the sides. They fit smoothly, stylishly and comfortably.

Does not Color the Hair

Ayer's Hair Vigor is composed of Sulphur, Glycerin, Quinin, Sodium Chloride, Capsicum, Sage, Alcohol, Water, Perfume. Show this to your doctor. Ask him if there is a single injurious ingredient. Ask him if he thinks Ayer's Hair Vigor, as made from this formula, is the best preparation you could use for falling hair, or for dandruff. Let him decide. He knows.

MAN KILLED AT ALCA CAME OF GOOD FAMILY.

Had Business Education and Was an Operator by Occupation—Body Goes East in Short Time.

A newspaper of Springfield, Mass., contains the following in regard to T. J. McCarthy, the transient, who was killed at Alca, this county, about three weeks ago, while enroute to Seattle from San Francisco: "Young McCarthy was born in this city and was educated at the local public schools and at the Springfield Business school. After he left school he worked for a time as an operator in a local brokerage office and at the Western Union Telegraph Office. About two years ago he got the western fever and worked his way to San Francisco, where he secured a good position in the aristocratic Pacific Union Club. Last week his parents in this city received a letter from him in which he stated that he would go

at once to Seattle. "Besides his parents, the deceased is survived by three brothers and three sisters. A requiem high mass will be held at the Cathedral Friday morning at 9 o'clock."

A letter received from McCarthy's parents by M. Pickle, of this city, says the deceased was 21 years of age, and that his body, now buried near Roseburg, would be taken east in the near future. The parents did not know of their son's circumstances, says the letter, or they would have helped him.

THAT NEW STREET LIGHTING SYSTEM.

Details of the new street lighting system, mentioned in these columns several days ago, have been worked out by Booster Colt, of the Commercial Club, and will be presented to the city council tonight. The plans provide for 88 of the ornamental lamp posts mentioned, each surmounted by five opalescent light globes. This will provide for a row of these lights on each side of the street from the Hotel McClallen to the Elks' Temple, and on Cass and Sheridan streets from the L. O. O. F. building to the Roseburg Hotel. This will provide for of these ornamental iron posts on each side of the street on each long block, and three on each side of the street on each short block—as on Cass street. The entire cost for installing this system, including the necessary conduits, wiring, globes, etc., will be \$40 for each ornamental post. This will also pay for the installation, all ready for turning on the electric current. The arc lights on these streets can then be dispensed with and the cost to the city will probably be less than at present and the city will be better and far more handsomely lighted. The property owners will be asked to pay the first cost of putting in these ornamental posts and a number have already signified their willingness to install one each in front of their premises.
A very attractive proposition for a city park will also be presented to the city council tonight, along the lines mentioned last week in these columns.
Not a quorum being present, no meeting of the Commercial Club trustees was held Saturday night.

Green House Opportunity

Has it ever occurred to Roseburg people that the whole surrounding country has not a single commercial Greenhouse.

We offer the Ideal Location for such an Enterprise, South Exposure and water by turning a faucet. There is big money in running a commercial greenhouse, and the man that will invest money in such an enterprise we will show him the proper location.

This Land is situated from one to two miles from center of the City of Roseburg.

Each Tract contains from 5 to 10 acres of Garden or Fruit Land.

Each Tract has wood on it enough to pay for the Land—and it is well watered, North Exposure, 10 per cent payment down and 20 cents monthly payment on each acre will pay for same. Is there any working man that can afford to not get a home started at 20 cents an acre a month? Buy land while it is still cheap. Fruit Land under first class cultivation and planted to best kinds of Fruit will be worth \$1000 per acre before Christmas. Such Land pays interest on \$5000 an Acre.
