JULY 21, 1909.

FOURTH INFANTRY TO BE  
BROKEN UP THIS YEAR.

Roseburg Militiamen to Have Chance  
to Become Coast Artillerymen,  
According to Plans.

PORTLAND, Or., July 20.—How to  
comply with the act of congress of  
January 21, 1903, requiring that all  
National Guard associations shall be  
completed before January 21, 1910,  
is giving the general staff of the  
Oregon National Guard no little concern.

The Fourth Regiment, O. N. G., as  
now organized, consists of two bat-  
talions of four companies each, and  
under the law to go into effect next  
January one or both of these battal-  
ions must be disbanded or trans-  
ferred to coast artillery reserve com-  
panies. It is possible to disband or  
transfer one of these battalions, and  
maintain the other as a separate bat-  
talion, since the law governing the  
regular army recognizes a separate  
battalion as a completed organization  
and not as a part of a regiment. But  
two battalions designated as a reg-  
iment is considered by the secretary  
of war to be an incomplete organization,  
and therefore will not be allowed to  
remain a part of the National Guard  
after January 21, 1910.

Increase Coast Artillery Reserves.  
The policy of the war department  
is to increase the coast artillery re-  
serves by transferring a portion of the  
National Guard infantry of the three  
Pacific states to the artillery branch  
of the service or by organizing new  
artillery companies in those states.  
So to meet this requirement of the  
war department and at the same time  
comply with the statute of January  
21, 1903, it is altogether probable  
that Adjutant General Pinzer will  
effect a transfer of at least one bat-  
talion of the Fourth regiment to the  
artillery branch of the service with-  
in the next six months.

The Fourth regiment is composed  
of eight companies located at the  
following stations: Ashland, Rose-  
burg, Cottage Grove, Albany, Dallas,  
McMinnville and two companies at  
Eugene, with regimental headquar-  
ters at Eugene.

It will not be the policy of General  
Pinzer to arbitrarily require an in-  
fantry company to transfer to the  
artillery service. The wishes of the  
infantrymen will be consulted in the  
matter, although it may be neces-  
sary to muster out of the service  
companies that decline to enter the  
artillery.

Washington Guard Increased.  
Radical action providing for an  
increase in the artillery branch of  
the Washington National Guard has  
been taken by the adjutant general  
of that state, who has just issued an  
order requiring all the infantry or-  
ganizations west of the Cascade  
mountains to transfer into artillery  
companies in order to comply with  
the demand of the war department  
for the increase of the coast artillery  
reserves.

It is not believed that such a  
sweeping change will be made in the  
National Guard of Oregon, as has  
been ordered by the adjutant general  
of Washington, but it is practically  
certain that the next few months will  
witness the breaking up of the  
Fourth infantry and the organization  
of either four or eight new companies  
for the coast artillery reserve.

When seen today Adjutant Gen-  
eral Pinzer declined to state just how  
he would proceed in complying with  
the statute of January 21, 1903, but  
admitted that it might become neces-  
sary to muster out one battalion of  
the Fourth infantry in case the  
guardsmen declined to enter the ar-  
tillery branch of the service. Gen-  
eral Pinzer expressed the opinion  
that the war department would be  
greatly pleased and the efficiency of  
the National Guard largely increased  
by transferring both battalions of  
the Fourth infantry to the coast ar-  
tillery reserve.

See Mother Grow Young.  
"It would be hard to overstate the  
wonderful change in my mother since  
she began to use Electric Bitters,"  
writes Mrs. W. L. Gilpatrick, of Dan-  
forth, Mo. "Although past 70 she  
seems really to be growing young  
again. She suffered untold misery  
from dyspepsia for 20 years. At last  
she could neither eat, drink nor  
sleep. Doctors gave her up and all  
remedies failed till Electric Bitters  
worked such wonders with her  
health." They invigorate all vital  
organs, cure Liver and Kidney trou-  
bles, induce sleep, impart strength  
and appetite. Only 50c at all drug-  
stores.

NOTICE TO THE PUBLIC.

ALL persons are hereby warned  
against riding or driving over or  
across any of the bridges in Douglas  
County, at a rate of speed greater  
than a walk, as is prescribed in Sec-  
tion 1828, B. & C. Code of Oregon  
relating to bridges, and of Chapter  
136 of the 1905 Session Laws regulat-  
ing the use of Automobiles on the  
County Roads within the State of  
Oregon.

Violations of which will be pro-  
secuted as provided by law, and the  
several road supervisors of the  
County are hereby instructed to en-  
force the law pertaining to the same.  
Dated at Roseburg, Oregon, June  
26, 1909.

By order of the County Court,  
G. W. WONACOTT, Judge.  
M. R. RYAN, Commissioner.  
Attest: E. H. LENOX,  
County Clerk.

MEETING POSTPONED

Owing to the Big Silk,  
Linen and Shoe  
Sale

It is announced that the Divided  
Order of Sewing Circles and Ladies'  
Conversation Clubs will not meet  
tomorrow, at the neighbor's house,  
but will take advantage of the Great  
Cut Price Closing Out Sale of Black  
and Colored Taffeta Silks, Table and  
Fancy Linens, and the final wind-up  
of Ladies' Fine Dress Shoes, at the  
H. Marks Co. Store. Special offerings  
in these lines tomorrow ought to  
bring out the ladies, and they will,  
no doubt, secure their fall and winter  
supply, thereby saving many dollars  
on such purchases. The Marks Clos-  
ing Out Sale is the only busy store  
in town these days, and there is good  
reason why it should be so.

SEATTLE PLANS FOR  
CONSERVATIONISTS.

Congress Will be Greatest of Kind  
Ever Held in World—Men of  
Note to be Present.

SEATTLE, Wash., July 20.—The  
Executive Board of the Washington  
Conservation Association has about  
completed an elaborate program for  
the First National Conservation Con-  
gress of the United States, to be held  
in the Auditorium of the Alaska-  
Yukon-Pacific Exposition, August  
26, 27, 28, 1909. A list of speakers  
covering practically every subject of  
national conservation importance has  
been arranged, and scores of promi-  
nent men from almost every state  
in the Union have announced their  
intention of being present.

Among those who have accepted  
invitations to address the Congress  
are: Hon. R. A. Ballinger, Sec-  
retary of the Interior; Booker T. Wash-  
ington, President of the Tuskegee  
Institute; Wm. McCarroll, of the  
Public Service Commission, New  
York City; C. C. Dickinson, President  
of the Carnegie Steel Trust; W. B.  
Kavanaugh, President of the Lake-  
to-the-Gulf Deep Waterway Com-  
mission; James A. Emery, chief coun-  
sel, National Manufacturers' Associa-  
tion; Cyrus Northrup, President of  
the University of Minnesota, and  
Howard Elliott and James J. Hill, the

great railroad men of the Northwest.  
The Conservation Congress is the  
first of its kind ever held in the United  
States. It will probably elect  
delegates to the International Conser-  
vation Congress to be held at The  
Hague the coming autumn. It is  
the first united effort at bringing to-  
gether all of the commercial organi-  
zations of the United States. The  
Washington Conservation Association  
and the Seattle Chamber of Com-  
merce have co-operated and extended  
an invitation to ever commercial or-  
ganization in the larger cities, to  
send at least two delegates to the  
Congress.

The campaign for this Congress has  
gone into every field of prominence  
where men are thinking about conser-  
vation. Special engraved invitations  
have been sent to presidents of col-  
leges; ministers of the gospel; state  
conservation commissions; governors  
of states; United States senators and  
representatives; cabinet officers and  
heads of departments at the National  
capital.

The State Legislature has mem-  
orialized President Taft and requested  
his attendance at the Congress of  
Conservationists.

The Auditorium, the largest hall  
on the exposition grounds, has been  
secured for a three days' session of  
the Congress, and it is expected that  
standing room will be at a premium.

Alarming Increase.

Statistics show that the mortality  
from Bright's Disease and diabetes  
has more than doubled the past ten  
years. Many of these cases were the  
result of neglecting early symptoms  
of kidney trouble that Foley's Kidney  
Remedy would have quickly cured.  
Take Foley's Kidney Remedy for  
backache and irregularities. This  
great medicine strengthens the kid-  
neys and bladder and you should  
take it at once and avoid a serious  
malady. Red Cross Pharmacy.

BATCH OF DECISIONS  
BY SUPREME COURT.

New Trial for Convicted Man Be-  
cause Jury Prejudiced by Or-  
der Excluding Public.

SALEM, Or., July 20.—On the  
ground that among other things,  
while courts have discretionary pow-  
ers in the exclusion of the public  
from the courtroom during the pro-  
gress of a trial, it is not an unlimited  
discretion, and that the exclusion of  
the public from the courtroom dur-  
ing the trial of Heck Osborne, upon a  
statutory offense charge, and over his  
objection, by Judge O. E. Davis, of  
the Circuit court for Malheur coun-  
ty, might have been prejudicial to  
the interests of the defendant and  
violative of his constitutional right  
to a speedy, public, fair and impar-  
tial trial, the decree of conviction  
against Osborne is reversed and a  
new trial is ordered. The opinion is  
written by Justice King. Justice  
King holds that a court may  
properly exclude certain classes of  
persons from a trial, the details of  
which may be detrimental to their  
interests, but that to exclude the  
entire public from the trial smacks  
too strongly of the old English "star  
chamber" proceedings, and is a pre-  
cedent that will not be sanctioned.

Pointing Gun Assault.

Holding that when a pistol is used  
in a holdup for the purpose of intim-  
idating the victim it is presumed to  
be loaded and would be used in de-  
fense in case of resistance, and that  
the burden of the proof that it was  
not loaded rests upon the holdup man  
and also that in such case the re-  
volver could be legally construed as a  
dangerous weapon, the Supreme  
Court, in an opinion by Chief Justice  
Moore, upheld the decree of Judge  
Bean, of the Circuit Court for Umatilla  
County, in the conviction of  
Joseph Barr and Samuel Gaston of  
assault and robbery upon Peter Wil-  
cox, being armed with a dangerous  
weapon. The robbery was committed  
in the rear of a near-beer saloon in  
Pendleton, November 3, 1908.

Nysaa's Road Order Legal.

Holding that provision of the  
charter of Nysaa, providing that all

**Folger's

Gate  
Coffee**

Just Coffee, but perfect  
Coffee.  
Your grocer will grind it—  
better if ground at home—  
too fine.

the taxes collected within the city  
limits by the county for road pur-  
poses should be turned over to and  
expended by the city exclusively for  
road improvements is not in viola-  
tion of the state constitution, the  
Supreme Court reverses the decree  
of Judge Davis, of the Circuit Court  
for Malheur County, and directs the  
county officers to turn over to the  
city the taxes collected within its  
corporate limits for road purposes.  
The opinion is by Justice McBride.  
That the "character," etc., has no  
meaning as used in the contract be-  
tween the city of Sumpter and Con-  
tractors A. L. Naylor and Charles  
Norlin for the construction of a  
sewer system and does not affect the  
locality of a bond issue is the basis  
for the affirmation of the decree of  
Judge Smith, of the Circuit Court for  
Baker County, in a suit in which the  
good-faith bond of the contractors

for \$600 was declared forfeited to  
the city for non-fulfillment of con-  
tract. Justice McBride wrote the  
opinion.  
That James H. Washington, of  
Pendleton, was insane when he gave  
Mark Patton a diamond stud valued  
at \$250 and Ralph Wade a diamond  
ring valued at \$175, for safe keep-  
ing, and that even if the jewelry is  
regarded as being held in the nature  
of an implied pledge in security for a  
debt, when the ring was later given  
to Patton by Wade, and when Patton  
gave his wife the stud and she lost  
it, Patton was responsible to Wash-  
ington for the safe return of his  
jewelry or its value when he later  
gained his reason and demanded it.  
Upon this finding Justice Moore af-  
firms the decree of Judge Bean, of  
the Circuit Court for Umatilla in  
favor of Washington.

Life 100,000 Years Ago.

Scientists have found in a cave in  
Switzerland bones of men, who lived  
100,000 years ago, when life was in  
constant danger from wild beasts.  
Today the danger, as shown by A. W.  
Brown, of Alexander, Me., is largely  
from deadly disease. "If it had not  
been for Dr. King's New Discovery,  
which cured me, I could not have  
lived," he writes, "suffering as I did  
from a severe lung trouble and stub-  
born cough." To cure Sore Throats,  
Colds, obstinate Coughs, and prevent  
Pneumonia, use the best medicine on  
earth, 50c and \$1.00. Guaranteed by  
all druggists. Trial bottle free.

SERVE HIM A STEAK

sweet, tender and juicy and your hus-  
band will open up his heart and his  
pocketbook. Where will you get such  
a steak? Why right here, of course.  
We have the choicest meats in all the  
land. If you buy here once your  
husband will get good-natured im-  
mediately. If you buy here regularly  
he will be "Sunny Jim" all the time.

The Economy Market  
Geo. Kohlhaugen, Prop.

Despair and Despondency

No one but a woman can tell the story of the suffering,  
despair, and the despondency endured by women who carry  
a daily burden of ill-health and pain because of disorders and  
derangements of the delicate and important organs that are  
distinctly feminine. The tortures so bravely endured com-  
pletely upset the nerves if long continued.  
Dr. Pierce's Favorite Prescription is a positive cure for  
weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG,  
SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain.  
It tones and builds up the nerves. It fits for wifehood  
and motherhood. Honest medicine dealers sell it, and  
have nothing to urge upon you as "just as good."  
It is non-sect, non-alcoholic and has a record of forty years of cures.  
Ask Your Neighbors. They probably know of some of its many cures.  
If you want a book that tells all about woman's diseases, and how to  
cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing  
only, and he will send you a free copy of his great thousand-page illustrated  
Common Sense Medical Adviser—revised, up-to-date edition, in paper covers.  
In handsome cloth-binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.
