AUGUST 21, 1909.

Nowadays everybody keeps smiling

Are you preparing to plant an orchard the coming fall? Better "get busy." Fine orchard land can still be bought in this county at remarkably low prices, but values are bound to increase rapidly in the next few years.

Since all kinds of products are selling at high prices it would seem unnecessary to urge producers to materially increase the quantity of their products. It is the exports of a community that bring wealth it returns.

With the vast amount of travel now passing through Oregon it would seem that a considerable percentage of these people will be favorably impressed with our matchless climate and splendid products and resources. That this is true is evidenced by the rapidly increasing purchases being made by newcomers.

Some people wonder why there are crowds every day watching the progress of our street paving work. Well, their curiosity is excusable for this is the first time that Roseburg has had any street paving, so far as we are able to ascertain. In the past 5000 years, it's to be a regular feature hereafter, however; and the massive steam roller and gangs of sturdy men applying the "dope" will soon become an everyday affair.

Roseburg now has five blocks of paved streets and the work is progressing rapidly. If nothing intervenes, this area will be almost quadrupled by October 1st. So we are pleased are the people that they are discussing the matter of taking similar action. Already it is easy to see that with about 20 blocks paved this year, this amount will be more than duplicated next year. One needs but a glance at the present state of affairs in a street sweeper. This will also necessitate the city dump cart being again put into commission, for these new streets must be kept clean. This horse can be alternately used for operating the sweeper and hauling away the rubbish.

Since good things come in bunches it now looks as if Oregon will get a "whole flock" of new railroads in the next few years. Medford, Grant Pass, Roseburg, Oakland, Drain, Eugene and Salem are each seeking direct lines to the coast and it seems probable that several of these lines will be built, and some of them continued eastward across the state. Among the first of these will doubtless be the Coos Bay to Boise line as practically water-level grades can be secured for almost the entire distance, and upon so direct a route that it will give a transcontinental line 200 to 300 miles shorter than any now in existence, and will cross this state through virgin territory abounding with traffic that is only awaiting a means of transportation.

THE HOMECOMING OF DOLLIVER AND CUMMINS.

Scarcely ever in the country's history has any homecoming senator or representative received so hearty and spontaneous an ovation from an approving populace as that accorded last week to Senators Cummins and Dolliver of Iowa. Thousands upon thousands of voters, the majority of them country people, farmers, and many of them traveling many miles, crowded into the home cities of these two notable "insurgent" senators, to grasp them by the hand, and say to them: "Well done, good and faithful servants."

Remember, that these men are not cranks, or idealists, or "goose," but the very flower of American citizenry. They are intelligent, thoughtful, careful, responsible men, who do not easily get excited, and who know on such an occasion what they are doing, and why. If Dolliver and Cummins had followed the lead of Aldrich in his upward revision of the tariff, these thousands of citizens might not have gathered in these cities to express their displeasure, but there would have been no such enthusiastic and sincere welcome as they extended to these returning statesmen.

What did Dolliver and Cummins do to gain this notable expression of approval? They fought the tariff bill almost from start to finish, from A to Z. They attacked nearly all its principal schedules—woolens, cotton goods, iron, implements, hardware and glass, and other outrageously taxed necessities, and the people of Iowa desired to show and did show their hearty approval of that course of conduct. These senators failed, they accomplished nothing, directly, immediately—that is, they could not change the law as they desired—but their efforts were not in vain. They and other "insurgent" senators who followed the same course—La Follette, Nelson and Clapp Beveridge and Bratton—will have much company in the Senate as soon as the people have a chance of thinking changes.

The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

FRAYNE GIVES HYLAND DECISIVE BEATING.

SAN FRANCISCO, Aug. 20.—John Frayne, of San Francisco, earned a clean-cut decision over Dick Hyland, being awarded the decision by Referee Smith at the end of the 20th round. Frayne outlasted his antagonist and had a lead in every round after the tenth, when he gave Hyland a systematic beating. Frayne's work was of the highest class and he fairly dazed Hyland with his speed and cleverness.

NOTORIOUS POLITICIAN OF TRISCO KILLED.

SAN FRANCISCO, Aug. 20.—Ed Pincus, notorious as a politician of the restricted district, was shot and killed on Market street today by William Maxwell, a contractor, who surrendered himself to the police a few minutes after the shooting. According to Maxwell's statement the men quarreled over a lease to property in Pacific street, leased for disreputable purposes.

ICE BOXES! ICE BOXES!

On account of the backward season we have a number of ice chests on hand which we would rather sell at a discount of \$2.00 or \$3.00 per box than carry over to next season. This is an item worth considering. ROSEBURG FURNITURE CO., Jackson & Cass Sts.

KNOW poultry raising! Conkey's Book on Poultry FREE. Bring this adv. to Marsters Drug Co.

WILL EXHIBIT AT ROSEBURG FRIDAY AUG. 27

Also mentions 'The Arthur Saxon Trio' and 'The World's Strongest Men'.

COOS BAY ENTERTAINS DEVELOPMENT CONGRESS

President Hofer Says Railroad Will be Built Despite Harriman—Special Features.

MARSHFIELD, Or., Aug. 20.—With a large representation from all parts of Oregon and parts of Idaho, the Oregon-Idaho Development Congress convened in this city this morning. Today is the anniversary of the organization of the Congress in this city a year ago, and much was said of what had been done during the past 12 months, and of what would be done in the future toward opening Oregon and developing the great resources of the state in parts which have been neglected by the railroads.

Colonel E. Hofer, of Salem, president of the congress, spoke in behalf of a district-built railway from Coos Bay to Boise and the development of the Coos Bay harbor by the port commission.

"When anyone sees Coos Bay as it is today he knows that if Harriman had kept his promise when he started to build in here some years ago, this would now be one of the greatest seaports of the world," he said. "But it will have a railroad. The fences are broken down, Oregon is having more railway development than any other state, and when it comes it will come fast. There is no keeping a railway out of Coos Bay. It will come in spite of Harriman and his high water."

A report of what had been done at the other end of the line was made by George H. Shellenberger. He gave some interesting facts regarding the railway movement, and told of visiting the territory between Coos Bay and Burns.

Addresses were made by John F. Carroll, editor of the Evening Telegram; George Trowbridge, managing editor of the Oregon Daily Journal, and by George N. Cornwall, publisher of the Timberman.

This afternoon there was a parade of gasoline boats on the bay, and an excursion on the steamer Breakwater to the beach, where the life-saving crew gave an exhibition, and the visitors had an opportunity to see the jetty at the entrance to the bay.

Tomorrow morning there will be an executive session, a visit to the C. A. Smith mill, and a public meeting at North Bend in the afternoon. Business will close with a session at night at Marshfield and an excursion will be taken to Bandon on Sunday.

A Glorious Victory.

There's rejoicing in Fedora, Tenn. A man's life has been saved, and now Dr. King's New Discovery is the talk of the town for curing C. V. Pepper of deadly lung hemorrhages. "I could not work nor get about," he writes, "and the doctors did me no good, but after using Dr. King's New Discovery three weeks, I feel like a new man, and can do good work again." For weak, sore or diseased lungs, Coughs and Colds, Hemorrhages, Hay Fever, LaGrippe, Asthma or any Bronchial affection it stands unrivaled. Price 50c and \$1.00. Trial bottle free. Sold and guaranteed by all druggists.

DRY TOWNS USE BEER TO HOLD CUSTOMERS.

CHICAGO, Aug. 20.—Gary, Ind., merchants have found a novel way to keep trade in the city. After a customer has bought a bill of goods the storekeeper asks: "Will you have a nice cold bottle of beer?" And the invariable answer is, "I don't care if I do." This premium has won popularity with mill employees, who, since the city has become dry, had been cashing their pay checks in South Chicago and other nearby wet cities.

Seared With a Hot Iron

or scalded by overturned kettle—cut with a knife—bruised by slammed door—injured by gun or in any other way—the thing needed at once is Bucklen's Arnica Salve to subdue inflammation and kill the pain. It's earth's supreme healer, infallible for Boils, Ulcers, Fever Sores, Eczema and Piles. 25c at all druggists.

JACKSONVILLE WATER BONDS

JACKSONVILLE, Or., Aug. 20.—The question of issuing bonds to the amount of \$25,000 for the purpose of constructing a system of water works was submitted to the people at a special election here Tuesday. Only 102 votes were polled, 91 for the bonds and 11 against.

RICE & RICE The Housefurnishers

We have helped others, why not let us help you. We pay no rents, that's why we sell for less.

The only successful water washer. We do your washing free for one week. Come and see us about it.

Saves time saves work and saves clothes

All of these savings can easily be reckoned on a money basis. Then the wonderful economy of the Coffield Power Washer will be at once evident.

The Coffield washes while you rinse and hang out. There's the time saved.

The Coffield does all the washing—saves you all the hard work.

The Up-to-date Housefurnishers will not be undersold by any firm in Oregon if we know it.

All prices marked in plain figures. Prices made possible without slighting the quality, by our enormous purchases.

The Path to Kitchen Comfort

Mr. Husband:— If this was an appliance for your office, you would snap it up in two minutes. So would any other man.

Most men are considerate also of their wives, but few of them ever figured out the mileage of a woman's kitchen journey.

Suppose her kitchen is average size. She makes

- 20 trips to her pantry, 4 trips to her cellar, 30 trips to her table, 20 trips to her sink, 40 trips to her stove.

In preparing a meal and clearing up after it. That figures up to over a mile of steps each meal. Think of that. A half hour or more wasted in actual walking at each meal.

A Hoosier Cabinet, grouping every kitchen convenience in the space of the table, actually saves almost two hours of walking every day.

That is why most men will buy their wives a Hoosier Cabinet. Has your wife one?

Never was our store so crowded with good goods. We need the room and will make saving prices.

RINGLING ACROBAT DIES AT SEATTLE.

SEATTLE, Wash., Aug. 20.—Louis Falcon, known to the sawdust ring as "Pacheco," is dead at the city hospital of acute pulmonary oedema. Until Monday night Pacheco was a tumbler and acrobat with Ringling brothers' circus, now here. He became ill at Vancouver, B. C., on Monday and lapsed into unconsciousness, from which he never emerged. Over-taxation in his acrobatic work is believed to have resulted in the affection of the lungs that caused the man's death. Falcon was only 23 years old.

WANTED

WANTED—To rent, a horse and buggy for about a week. Good care and treatment guaranteed. Address A. M., care Review. da12
