NOVEMBER 16, 1909.

A farmer in Southern Oregon has found that ginseng can be grown to advantage. It is said to pay $20,000 an acre after the fifth year. This makes even a gas plant grown on a special franchise in monopoly soil look small.—Ex.

The political and social season has been revived in Washington. It lacks something of the picturesqueness derived during the last seven years from a unique personage who was in the White House when he was not afoot or on horseback, but his policies notwithstanding his absence are marching on—some of them.

Recently Hillsboro property owners offered a half acre for a free site for an instrument factory. The land owners there must be waking up to the fact that factories make land values and that it pays to encourage them to locate in any town. Perhaps the condensed milk factory there has had an educative effect on the men with the empty lot and the man with the worse than empty lot, the lot with an old shack and a rotten shed on its expanse.

It is a well known fact that the pension list in the United States is equal in numbers and greater in expense than that of either of the large standing armies of Germany and of France. It numbers now 44 years after the war, 1,594,000. The highest strength of the Union Army at the end of the war was 1,516,000. That, however is not dependable as a basis for calculation for it overlooks the men who were once soldiers but at the surrender of Lee were no longer in the ranks. The regular army, although it was small during the Rebellion must also be considered, as must also the marines.

Portland Oregonian: Nobody has occasion to worry much, when the joy-riders, "ginned up for a great time," kill themselves or each other. But when they run over others on the road, there is room for protest. The inspiration of joy-riding is in the loose conduct of young women. Liquor is its common adjunct. Many girls and young women are so mad for the joy-ride that they seem willing to sacrifice everything for it, including reputation. The men care little for the joy-rides. Their object is the woman. Can any young woman be ignorant of the purpose? If so, she has been very insufficiently instructed. The automobile and the liquor beat any combination for a downfall ever known before.

### WIRELESS MESSAGE SENT BY CHICKENS.

WINSTEAD, Conn., Nov. 14.—One year ago, when a neighbor's chickens scratched up his garden and ate his tomatoes, C. D. Miles, of Great Barrington, paid a lawyer to write a warning letter to the poultry owner.

When he saw his garden truck being ruined the same way this week he sent messages in a novel way. He took some corn, and to each kernel tied a string with a tag bearing the words, "Keep this chicken at home." The chickens took the corn, and being unable to swallow the string and tag, went away with the notes.

### BANQUET TONIGHT

**You Can Safely Eat One if You Take Two Mi-o-na Tablets Afterwards. The Red Cross Pharmacy Guarantees Them.**

It is really a pitiful sight to see so many thousands of people worrying about what they can eat and what they can't eat.

Dyspeptics, they call themselves, but they stretch the imagination when they do it.

All these people need to make them healthy, cheerful and of sound appetite is a box of Mi-o-na tablets.

It stops belching of gas and distress after eating in five minutes. It is undoubtedly the greatest stomach tonic ever given to the public by a specialist in stomach diseases.

Leading druggists everywhere sell Mi-o-na. Red Cross Pharmacy sells it in Roseburg for 50 cents a large box on the money-back plan. Test samples free from Booth's Mi-o-na, Buffalo, N. Y.

### DROWNS OFF NEWPORT; COMPANION SAVED.

NEWPORT, Or., Nov. 15.—Effort to fight the tide with which he was unfamiliar cost Clarence Edwards his life here Sunday afternoon. Grover Prichard, his companion in a small skiff, had a narorw escape.

The two men had rowed to the mouth of Alsea Bay. There was a strong ebb tide running, and the wind was blowing a gale off shore.

Despite their efforts to pull the boat back toward land, the struggling men were carried seaward. The small craft was rapidly swept into the breakers at South Spit and capsized. The men started to swim to shore, but Edwards' strength failed and his body was carried out by the tide. Prichard reached land exhausted.

### STEINHEIL ACQUITTED OF DOUBLE MURDER.

PARIS, Nov. 14—Mme. Margherita Steinheil was acquitted by a jury at 12:55 this morning of murdering her husband, Adolphe Steinheil, a noted painter, and her step-mother, Mme. Japy.

The verdict was rendered after two and a half hours of deliberation, during which the jury three times summoned the president of the court for explanations, thus proving that the original majority was for conviction.

### RUEF BLIND AND DEAF IF OPERATION FAILS.

SAN FRANCISCO, Nov. 14.—Abe Ruef, former boss of San Francisco, who was absolute dictator of the city for five years, is threatened with total blindness and deafness. An operation on his eyes will be performed next Wednesday and on the success of this will depend the effort to save his hearing.

Ruef has been in the county jail for little more than a year, pending appeal of his case to the higher court. He was sentenced to four years' imprisonment by Superior Judge Lawlor after having been convicted of bribing one of the "boodling" Board of Supervisors in the overhead trolley franchise case.

Ruef in talking about his case, attributes his affliction to want of air.

### WEALTHY LAND THIEF GETS YEAR IN PRISON.

**Dwinnelle's Request to be Imprisoned in Jail at Place Where Family Lives is Refused.**

SAN FRANCISCO, Nov. 14.—Dr. George W. Dwinnelle will spend a year in the Alameda county jail for having conspired with John Galpin to defraud the Government by suborning dummy locators of timber lands to commit perjury. Judge DeHaven imposed that sentence yesterday upon him in the United States District Court, after denying a motion for a new trial. A fine of $1000 was added to the imprisonment.

Judge DeHaven refused to change the location of the incarceration. A request was made by attorneys that the defendant be sent to the county jail of Siskiyou county, where the defendant resides, so that his family could be enabled to visit him more frequently, but Judge DeHaven refused to accede to the request. Galpin, who was convicted with Dwinnelle, received a similar sentence.

Dwinnelle is a prominent Republican politician. He was one of the Taft electors from California, and owns large tracts of timberlands in Siskiyou county.
