Candy that Convinces

There are hundreds of concoctions nowadays that are sold for candy—but the "real good" candy need not be labeled (put up under the pure food law). It has that distinction of leaving you with a taste for more. Good candy contains no "dope"—it is made of pure sugar and flavored to suit the taste. We make Good Candy and invite you to try it. It is much cheaper than the imported kind.

Mr. F. Gehr, wife and two children of Coulee City, Wash., arrived in Roseburg today. Mr. Gehr desires to purchase about ten acres of land for the purpose of setting out an orchard. The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations. It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness. To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an untailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use. In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper. Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

Garden and Flower Seeds
