

Advertising is the silent drummer that tells the public what the business man wants it to know about a corn carnival on the evening of the goods he has for sale—an in-July 15. Watch the paper for projection of advertising into the veins gramme and particulars. dtf
of trade grows the business heart.
Have Arundel tune it.

UP-TO-DATE INTERIOR FINISH
for modern houses, is made from the best oak, birch, ash and fir, such as can be procured of the finest quality and best color, and well seasoned, from our large and well assorted stock of lumber. We have everything in building lumber demanded by builders, which we are selling at prices that we won't allow anyone to beat.
Orders filled for all kinds of fruit boxes.

SAFE AND SANE

A 4th of July Without Firecrackers

I keeping step with civilization, it is always the best plan to keep on the "Safe and Sane" side even if we have to eliminate some of the "Dangerous and Daring" part. It is also a good idea to follow, in the course of human events in every day life. People who enjoy the pleasures of life, first of all must have good health. The three most essential of all things pertaining to life and good health are:

1-FOOD, 2-WATER AND 3-AIR

You can live three weeks without food; three days without water and three minutes without air. The last and most vital part cost nothing, the next one is almost as free. in some localities--and food comes the highest, and that is why so many people Fletcherize over what they eat.

It pays to protect your self by using pure food, the best is the cheapest. We handle nothing but the best.

OREGON SOCIETY ISSUES SPLENDID QUARTERLY.

The Quarterly of the Oregon Historical Society for March, 1910, Vol. II, No. 1, lies upon our table. During the past ten years the Society has issued over five thousand pages of historical matter relating to the "Oregon Country"—the entire Pacific Northwest—all secured from original sources, and edited by Prof. F. G. Young, Secretary. No publication of a similar character in the United States has a higher standing or is more eagerly sought for by those who desire to acquaint themselves with the genesis of the American settlement west of the Rocky Mountains. The contents of the present issue are as follows: "Oregon Counties: Their Creations and the Origins of Their Names," the annual address of Mr. Frederick V. Holman, President of the Society, at the annual meeting, Dec. 18, 1909; "Opinion of Wm. D. Fenton on the Power of the Legislature to Increase the Number of Justices Constituting the Supreme Court of Oregon." It is interesting to note that this opinion, given Jan. 13, 1899, was sustained by the Supreme Court of Oregon on Dec. 21, 1909. The address of Mr. Holman, from a purely historical point of view, is one of the most important ever delivered in the state. Months of time were spent in preparation, and great care exercised in establishing every statement made by reference to original sources. This address will be of great service to every educational institution and business office in the Pacific Northwest, as it affords the starting point for all future county history. Copies may be secured by sending to George H. Himes, Assistant Secretary, City Hall, Portland, Oregon.

A Woman's Great Idea

is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate stomach, liver and kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them. 50c at all druggists.
