THEODORE ROOSEVELT ON STATEMENT NO. 1.

Theodore Roosevelt has declared himself a firm believer in the principle of Statement 1—the principle which the assembly leaders in Oregon are seeking to overthrow.

Following is a portion of an Associated Press dispatch sent from Milwaukee, Wis., last Wednesday and published the same day in the Evening Telegram:

"It has been stated to me since my arrival here," said Col. Roosevelt today, "that in spite of Senator La Follette's having carried the primaries in fair and open contest, an effort will be made to beat him in the legislature. I do not for one moment believe this, because any such conduct would be, from every point of view, an outrage that would be a deliberate violation of good faith.

"'When in Oregon the Democratic candidate for Senator, Governor Chamberlain, carried the primaries and it was proposed that the Republican legislature should turn him down, I strongly and publicly took the position that such an act would be one of bad faith by the legislature toward the people, and I take the same position in regard to Senator La Follette.'"

OREGON IS THE BEST.

The Dalles, Or., Sept. 9, 1910.

Editor Review:—After a pleasant two weeks' visit in Salt Lake City, we are glad to get back to Oregon once more. While admitting that Salt Lake City, Ogden, and other places along the route may claim some advantages over our home towns, we still declare in favor of our own beautiful green forests and fir-crowned hills.

We also believe that time and well-directed energy will put Oregon to the front in every line of commercial development. The only drawback to our success is that we are not utilizing our vast resources as is being done elsewhere.

Yesterday a free carriage from the Business Men's Association of The Dalles, took us to the vineyard and fruit farm of Mr. J. A. Fleck. Mr. Fleck and his wife are Germans, and their 400-acre farm is conclusive evidence of their industry and energy. We found Mr. Fleck and his good wife and children all busily engaged in packing grapes and peaches. Besides his own large family, Mr. Fleck employs a large number of assistants. We saw crates containing the most luscious grapes, purple, pink, and white, the grapes as large as a quail's egg, and peaches, three of which would fill a ½-gallon "Economy" fruit jar.

As we were driven around the vineyard, and saw literally piles of grapes on the vines, it looked like there would surely be a large amount wasted. But we were informed that unless a prolonged rain comes, all will be safely disposed of.

Mr. Fleck came to The Dalles 20 years ago. At that time his 400 acres was mostly rocks and pine trees. From the looks of the land adjacent, we should say that there is no land in Douglas county that presents as sterile and discouraging a prospect. Mr. Fleck said it had sometimes taken two men two days to grub out one large tree and roots. Yet this 400 acres sold a few days ago for $60,000.

Last year his grapes netted $850 per acre, and he sold over $700 worth of plums and peaches, besides all kinds of vegetables.

He owns a smaller tract of land that he intends to plant to trees and grape vines as soon as he vacates his present location. He simply says, "Watch me grow."

The moral we draw from this is Douglas county needs more energetic development. ECHO

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so?

The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R.V. Pierce, Pres., Buffalo, N.Y.

OREGON NEWS.

The Booth-Kelly Company is having Architect J. R. Ford prepare sketches for 35 good residences to be built at Wendling for the use of the married men and their families. There will be 12 cottages of one design, 12 of another, six of another and five smaller houses for smaller families. It is evident that the men who worked so hard and saved the mill for the company are to be given the best the company has to offer. They are noted for doing the square thing by their employes.

J. A. Higgins has commenced suit in the Circuit Court in Eugene against John M. Hamilton and Fred Ware to recover the sum of $260 paid them for four mules sold him out of the bunch of horses reported to have been stolen by them in Eastern Oregon and which were given up to the owner, W. H. Isaacs, after he had proved his property. Mr. Higgins has levied an attachment on defendants' saddles, bridles and camp outfit, garnisheed the bank in which they had deposited notes taken for horses sold and their cash and it is probable that they will come out whole. Others who got stung by buying the stock are not making any move to recover their loss.

Only the well-to-do will be able to use butter on their bread this fall and winter if the present conditions prevail. It is now higher than it was at any time last winter and will not drop a cent. The local dealers sell creamery butter at 85 cents a roll, or 45 cents a pound, and good dairy butter brings 75 to 85 cents a roll. At the present price of bacon, hams, etc., there is not much hope of getting "gravy" to take its place, and the laborer, whose wages remain about the same will probably have to take his bread like the peasants of the old country do, simply dry. There never was a better field for the dairy business than Western Oregon.—Eugene Register.

THE PROPER COURSE.

Information of Priceless Value to Every Roseburg Citizen.

How to act in an emergency is knowledge of inestimable worth, and this is particularly true of the diseases and ills of the human body. If you suffer with backache, urinary disorders, or any form of kindney trouble, the advice contained in the following statement will add a valuable asset to your store of knowledge. What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statement of Roseburg citizens who have been permanently cured?

G. W. Kezartee, 102 N. Flint St., Roseburg, Ore., says: "The public statement I gave in 1906, recommending Doan's Kidney Pills, still holds good and I am glad to again say a word in their praise. I know from personal experience that Doan's Kidney Pills are an effective kidney medicine. I procured a supply from the Marsters Drug Co. and they proved very effective in relieving backache and other symptoms of kidney complaint. If more kidney sufferers in Roseburg used Doan's Kidney Pills, there would be less suffering from this malady."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agent for the United States.

Remember the name—Doan's—and take no other.

"Given an idea, a little capital, industry, and the ability to advertise, and no man ought to die poor," is one of Sir Thomas Lipton's favorite sayings, and there is no man alive who has proved its truth more convincingly.—Ex.
