WHAT THE RECORDS SHOW.

It would be really amusing—were it not so disgusting—to the very few who read the Oly News, to see it waste its very limited but vile vocabulary in saying things about the Review and its editor. Of course its latest outbreak was occasioned by our giving the public a few plain facts about the malicious lies that sheet has been publishing about Judge Hamilton, and our exposure of some of the motives back of their ridiculous assaults against his character. But having started out upon that line it, of course continues to lie like a pirate. Referring to the notorious record of Albert Abraham for not paying his bills it declares: "Regarding the statement that tradespeople are compelled to sue Mr. Abraham for accounts due them the News believes this is an absolute falsehood."

The Judgment Docket of the Circuit Court for Douglas county shows that Mr. Abraham has been sued and judgments obtained or settlements forced against him at least half a dozen times. Who lies? Is it the "court records or the Oly News?"

That Mr. Jones, Jr. Abraham's candidate for judge, is also rapidly gaining notoriety for not paying his bills is shown not only by the uncollectible ones referred to in these columns a few days ago, but there is now pending in the circuit court in Roseburg a suit against him for money. This is a promissory note which he acknowledged to be correct by paying \$100 thereon before he came here but since refuses to pay the balance. And that is the kind of a man Mr. Abraham and the Oly News want for judge. It seems to be congenial company among the three of them.

A local citizen very aptly compares Mr. Abraham with the notorious little insect known as a gaffy, whose only activity is to give annoyance. The soundest rebuke falls to penetrate his unbounded egotism and he therefore learns nothing. He will doubtless go on with his senseless fight against Judge Hamilton, but since the source and motives are known this is daily making votes for the man whom he thus attacks. Furthermore, the Oly News has so notoriously lied in the face of public records to the contrary, that its utterances merit the unbounded contempt of every respectable citizen.

OREGON'S WONDERFUL PROSPERITY IN NUTSHELL

The apple crop of Oregon for 1910 is estimated to be 1,500 carloads, or approximately 1,000,000 boxes. The value of the crop is \$2,000,000. Oregon has 93 per cent of a full crop.

Oregon orchards yielded prizes this year estimated at 15,000,000 pounds. Quantity and quality are superior to the 1909 crop. Prunes will bring the state about \$1,250,000 this season.

The peach crop has been the largest in the history of the state. Grapes of the Rogue river valley, the Willamette valley, The Dalles and western Oregon are excellent in quality and appearance, while the yield is large.

The largest fruit and vegetable evaporator in the United States is located at Dayton, Yamhill county.

Oregon's cranberry harvest has been heavy. Four hundred bushels an acre, with a clear profit of \$2 a bushel is not an unusual yield for western Oregon marshes.

During the past five years statistics show that Oregon has increased 60 per cent in manufacturing.

The total value of agricultural products of the state for the current season is given at \$115,000,000.

Oregon harvested 17,000,000 bushels of wheat this season, 11,000,000 bushels of oats, 6,000,000 bushels of potatoes, 2,000,000 pounds of wool and 100,000 bales of hops.

Oregon banks have increased in number since 1909 from 204 to 232. Total deposits for September this year were \$142,697,514, an increase over 1909 of \$20,698,665. The surplus this year is \$4,798,663.

DANDRUFF EASILY CURED.

In fact the Red Cross Pharmacy, the druggists, have a certain hair restorer called Parisian Sage which costs only 50 cents a large bottle that is guaranteed to cure dandruff in two weeks or money back.

Parisian Sage is the discovery of an eminent student, scientist and specialist, and is made in this country only by the Gironx Mfg. Co., Buffalo, N. Y.

Parisian Sage is a most pleasant, daintily perfumed hair dressing, and besides curing dandruff, your druggist will return your money if it fails to stop falling hair or itching of the scalp.

It will make hair grow, and women who desire soft, beautiful and luxuriant hair can have it in two weeks by using this famous, quick acting preparation. It is not sticky or greasy.

MIDDLE NEWS.

Logsdon Bros. have leased the W. Q. Brown brick building and will put in a stock of goods the first of the month in the rooms now occupied by the bank and Mr. Brown. The part now occupied by the meat market will be turned over in the spring.

E. A. Williams left for Merced County, California, where he will visit with his children, whom he has not seen for 13 years.

J. L. Clough finished hauling in his prunes Wednesday and estimates his crop at 75,000 pounds. Joe Snyder shipped out about 40,000 pounds of prunes the other day.—Tribune.

STATE-WIDE PROHIBITION.

Grants Pass Outlook: Some confusion in the minds of voters may be occasioned by the two bills dealing with the matter of prohibition in Oregon. One of those is a constitutional amendment whereby Section 25 of Article I of the Constitution is amended to provide for the prohibition of the manufacture and sale of intoxicating liquors in the state, except for medicinal, scientific, sacramental and mechanical purposes, after the date of July 1st, 1911. This appears on the state ballot as 342-343.

The other bill is for a law "to prohibit, prevent and suppress the manufacture, sale, possession, exchange or giving away of intoxicating liquors within the state of Oregon except for specific purposes; to govern the shipment of the same, declaring what is intoxicating liquor within the state of Oregon, and providing penalties for violation of the act." This appears upon the ballot as 344-345.

This bill is one of the most comprehensive and drastic measures that has been drawn up by the prohibition states outside of Kansas. It provides that stimulants shall only be sold for medicinal purposes upon the written prescription of a regular practicing physician, and the same prescription cannot be used more than once by the applicant. Every package of intoxicants shipped into the state of Oregon must be plainly marked as to the consignee and the contents of the package, and the railroad or express company delivering such package must keep a record of all such shipments, and said records must be open to any person at any time. And a copy of any such record made by a notary public will be accepted as evidence in prosecution in any court.

The bill gives to a magistrate or justice of the peace the authority to enter and search any building in which it is suspected that intoxicating liquors are being dispensed, and to confiscate any such liquors. According to this act, the holding of a government permit by any person or firm is taken as prima facie evidence that the holder is, or intending to, violate the law.

With regard to the first bill the argument is presented that it is desirable to have prohibition placed in the constitution, where it will be safe from the tampering of law tinkers. What goes into the constitution stands until the people see fit to alter it. Prohibition deals with one of the fundamental principles of government, and therefore should be

OLD SORES DUE TO DISEASED BLOOD

Every symptom of an old sore suggests diseased blood. The inflammation, discharge, discolored flesh, and the fact that local applications have no permanent effect toward healing the ulcer, shows that deep down in the system there is a morbid cause for the sore. But more convincing proof that bad blood is the cause for these places is furnished by the fact that even removing the sore or ulcer by surgical operation does not cure; they always return. Nature will heal any sore if the blood is pure and healthy, but until the circulation is cleansed of all impure matter and supplied with nourishing and plasmic qualities the infected condition of flesh is OBLIGED to remain. S.S.S. heals Old Sores in a perfectly natural way. It goes into the blood, removes the impurities and morbid matters, adds nourishing qualities to this vital fluid, and brings about the very conditions that are necessary before any sore can heal. S.S.S. is a perfect blood purifier, acting directly on the circulation through the stomach and digestive members. Its use makes rich, red, healthy blood, which nourishes all flesh tissues instead of infecting them with the virulent matter which keeps old sores open. not be left to mere statutory enactment. In addition to this amendment there should be the enacting law to provide methods and procedure for the suppression of the traffic.

Of all the arguments against state wide prohibition, there is but one that remains at the front. This is the claim that the law cannot be enforced. And along with this goes the assumption that the law is enforced where the license system prevails. In reply to this we have only to point to the fact that there is more violation of the law in license territory than there is in dry territory; and there would be no more difficulty in detecting and punishing

violations in dry territory than in wet territory. In Portland there are only 502 licenses issued, but the records show that there are 992 government licenses issued in that city. San Francisco is more notoriously open than Portland, yet there are no less than 1600 blind pigs in that city according to the Examiner. The same is probably true of every license city in America.
