ROSEBURG NOTES.

Last week the infant child of Mr. E. H. Myers accidentally pulled a cup of hot tea over itself, scalding it pretty badly. We learn, however, that it is now getting well.

Mrs. Mary Jones, who is now visiting at the home of her daughter, Mrs. Lee Allen, is improving from her recent illness.

Mrs. W. A. Roberts and son, James Miller, returned last Monday from a visit to Roseburg.

We learn that the school board has decided to give the spring term of school to Miss Eva Devore, of Drain.

Miss Clara Moore was a recent visitor to Roseburg.

George Cannon has received a new engine for his woodmill.

Along about Christmas one of our staunch Republican friends declared that turkeys went down to 18 cents because of Democratic victories everywhere. He got a little too previous that time, as it wasn't a month until they were up to 24 cents, and are selling at that figure today.

Seems to us that when there is not enough of anything to go around, it is always a good price, politics or no politics.

Some people are making a terrible howl that reciprocity with Canada will be the ruin of us, but we believe it will result in the greatest good to the greatest number. People who raise wheat that sell for a dollar a bushel can't see what it means to the majority who eat bread but do not raise wheat.

It seems a little odd that some of the very people who are so anxious to exploit the wonderful resources of Oregon will get mad and refuse to admit that Oregon has the best government to be found anywhere. If it was apples, or any other fruit, vegetables, climate, or any of the natural resources in question, they would say any one who denied that Oregon had the best would be a dyed in the wool "knocker," and a fit subject for a warmer climate, but for fear some political opponent will get a little credit for having advocated some of the measures that are making Oregon famous for its progressive laws, they prefer to "knock." For our part, we like to know that Oregon is spoken of in the East as a state where the people rule.

Cyrus H. Walker, chaplain of the Oregon State Grange and Grand Organizer, was the guest of J. T. Miller last week. These two pioneers had a very enjoyable time recounting the experiences of pioneer days. Mr. Miller was born in 1836 and Mr. Walker in 1838. Both are hale and hearty, and are examples that prove that a farmer's life is the best.

Tortured for 15 Years.

by a cure-defying stomach trouble that baffled doctors and resisted all remedies he tried, John W. Modders, of Moddersville, Mich., seemed doomed. He had to sell his farm and give up work. His neighbors said, "He can't live much longer." "Whatever I ate distressed me," he wrote, "till I tried Electric Bitters, which worked such wonders for me that I can now eat things I could not take for years. It's surely a grand remedy for stomach trouble." Just as good for the liver and kidneys. Every bottle guaranteed. Only 50c at all druggists.
