Shocking Sounds.

In the earth are sometimes heard before a terrible earthquake, that warn of the coming peril. Nature's warnings are kind. That dull pain or ache in the back warns you the kidneys need attention if you would escape those dangerous maladies, dropsy, diabetes or Bright's disease. Take Electric Bitters at once and see backache fly and all your best feelings return. "My son received great benefit from their use for kidney and bladder trouble," writes Peter Bondy, South Rockwood, Mich. "It is certainly a great kidney medicine." Try it, 50c at all druggists. K

The price of foodstuffs has come down at the North Side Grocery. dit

WASHINGTON CORRESPONDENCE

Monday, February 5, 1912. The two Houses of Congress started in the work of this week with sessions on Monday, the House of Representatives convening at noon and the Senate at 2 o'clock in the afternoon.

The metal schedule reducing the tariff on steel passed the House on Monday by a vote of 211 yeas against 110 nays.

The credentials of Honorable Ollie M. James, newly elected Senator from Kentucky, were presented to the Senate on Tuesday by Senator Paynter, the senior Senator from Kentucky. Mr. James was up to the time of his election to the Senate, a member of the House of Representatives.

The Senate adopted a resolution on Thursday calling upon the Secretary of the Interior to submit a statement to the Senate showing the number of acres of land withdrawn from entry by Executive order or otherwise and for what purposes such withdrawals have been made, also what amount so withdrawn from classification has been classified and restored to entry and when in his judgment the remainder of the withdrawn land will be classified and restored to the operation of the public land laws.

The Senators from the public land states are very active in their efforts toward having the land laws and regulations amended for the benefit of the settlers and the withdrawn land restored to entry as far as possible.

Honorable Claude Augustus Swanson, who was appointed Senator from Virginia to fill the vacancy caused by the death of the late Senator John Warwick Daniels, took his oath of office and seat in the Senate on Thursday.

Count Francis Luetzow, of Bohemia, was present in the House of Representatives on Friday. On motion of Majority Leader Underwood the House took a recess of 15 minutes, during which time the Count was presented to the members and made a brief address, which was well received. Congressman Berger, the Socialist member from Milwaukee, objected to inviting the Count, but later withdrew his objection.

House Bill 18956, now pending in the House, carries an appropriation of \$38,853,757 for the military establishment of the United States for the next fiscal year. This is a reduction of \$3,734,028.79 over last year's bill, and a reduction of \$8,074,231 over the estimate made by the War Department for the Army.

Detective Burns, who was identified with the prosecution of the McNamara brothers in Los Angeles, was a witness for the prosecution in the Lorimer hearing during the past week.

It is reported that the committee investigating the election of Senator Stephenson, of Wisconsin, will exonerate the Senator, but that an adverse minority report may be filed.

Miss Della Torrey, President Taft's 87-year-old aunt, had the "fine time of her life" the other night when she assisted the President and Mrs. Taft in receiving the members of both Houses of Congress, their wives and families, and many unofficial guests at the third state reception of the year.

Aunt Della remained in the East Room to watch the informal dancing that followed the reception. When the strains of the beautiful "Blue Danube" waltz struck up and the President, according to his invariable custom took a few turns around the room with one of the guests, Aunt Della was plainly delighted to see "Nephew Will" so agile.

Speaker Champ Clark of the House of Representatives was initiated into the Local Order of Moose with full ceremonies the other night. We understand they were some ceremonies, too.

Miss Helen Taft, Postmaster General Hitchcock, Cabinet officers and diplomats galore attended moving pictures recently at the Playhouse Club, the Thespian home of Washington's elite. It is whispered that some of the pictures were posed by members, as Secretary Meyer on skates, Viscountess D'Arzy sking, and even the President playing golf.

Mr. and Mrs. Edward B. McLean tendered a reception and dinner to the Russian Ambassador and Mme. Bakmeteff Friday evening. It is reported that the affair cost \$30,000. Among the decorations were 4000 yellow lilies imported from England at a cost of \$2 each. Mrs. McLean, the hostess, wore diamonds valued at over \$180,000, among which was the famous Hope diamond which was recently presented to Mrs. McLean by her husband and shown for the first time in America that evening. The Hope diamond is said to have brought ill luck to everyone who has ever owned it, but Mrs. McLean says she is certain that anything given to her by her husband will bring her good luck.

According to a statement made by Postmaster-General Hitchcock this week, fifty thousand postal savings depositories will be in operation in this country next year. In outlining his plans he explained that before March all third class offices will be designated as depositories. Deposits in the banks already established are rapidly increasing. More than \$1,000,000 a week is now being received.

BALD HEADS

More Women Are Bald Than Men, Says Authority.

This is a startling statement but it's true according to an article published in a standard magazine this year. One thing is certain, PARISIAN SAGE will surely prevent baldness by stopping the hair from falling, but it won't grow hair after the head is bald.

Ladies, look after your hair, destroy the dandruff germs with PARISIAN SAGE and dandruff will disappear. It stops scalp itch over night and is guaranteed to be the most refreshing, refined and agreeable hair dressing that can be obtained. Sold by the Red Cross Pharmacy and druggists all over America for 50 cents.

"My hair was falling out, and I was troubled with itching scalp. I received no benefit until I tried PARISIAN SAGE."—Mrs. George Thunder, R. F. D. 5, Marshall, Mich.
