## WRITE CHAMBERLAIN'S NAME ON BALLOT FOR VICE-PRES.

### Also R. G. Smith's for Congress to Oppose Hawley—List of Party Candidates So Far.

Oregon Democrats have initiated a concerted movement all over the state for writing the name of United States Senator Chamberlain on their primary election ballots as the party's candidate for Vice-President.

A similar movement has been started in the First Congressional District, where, by the same method, Democrats expect to nominate R. G. Smith, of Grants Pass, as their candidate for Representative in Congress to contest for this office in the general election with W. C. Hawley, Republican incumbent, who has no opponent for the Republican nomination.

## "FIDDLING BOB" TAYLOR DEAD; ONCE ADDRESSED AUDIENCE IN ROSEBURG.

WASHINGTON, March 31.—Robert Love Taylor, senior United States Senator from Tennessee, "Fiddling Bob," to all the South, died here today, unable to withstand the shock of an operation for gallstones, performed last Thursday.

"Fiddling Bob," so known because he played his way into the hearts of his audiences, carried his violin wherever he campaigned. He was 61 years old.

Senator Taylor forced his way to the National House of Representatives from the same Congressional district that previously sent his father to Congress, and later his brother, Alfred A. Taylor, whom he subsequently defeated for Governor.

Senator Taylor was a Cleveland Democrat. He had served in the Senate since January, 1907, his principal activities being on behalf of a comprehensive system of good roads and the Lakes-to-the-Gulf deep waterway project.

(Senator Taylor spoke and "fiddled" in Roseburg about 12 years ago).

## S.S.S. DRIVES OUT RHEUMATISM

Rheumatism is due to an excess of uric acid, an irritating, inflammatory accumulation, which gets into the circulation because of weak kidneys, constipation, indigestion, and other physical irregularities which are usually considered of no importance. Nothing applied externally can ever reach the seat of this trouble; the most such treatment can do is soothe the pains temporarily; while potash and other mineral medicines really add to the acidity of the blood, and this fluid therefore continually grows more acrid and vitiated. Then instead of nourishing the different muscles and joints, keeping them in a normally supple and elastic condition, it gradually hardens and stiffens them by drying up the natural oils and fluids. Rheumatism can never be cured until the blood is purified. S. S. S. thoroughly cleanses and renovates the circulation by neutralizing the acids and driving the cause from the system. It strengthens and invigorates the blood so that instead of a sour, weak stream, depositing acrid and painful corrosive matter in the muscles, joints and bones, it nourishes the entire body with pure, rich blood and permanently cures Rheumatism. S. S. S. contains no potash, alkali or other harmful mineral, but is made entirely of roots, herbs and barks of great purifying and tonic properties. Book on Rheumatism and any medical advice free to all who write.

## SCHOOL SUPERVISORS TO BE APPOINTED APRIL 27.

### Douglas County Board Gives Time for Applications—Third One May Be Added.

Appointment of district school supervisors for Douglas County was not made by the county educational board at its meeting in Roseburg last Saturday night, because of the lack of opportunity beforehand for the filing of applications for the positions. The board decided to defer the making of appointments until another meeting, which will be held in this city on April 27. This will afford ample time for the submission of applications.

At present, the county has two district school supervisors, J. J. Kernan, of the south end, and E. H. Hedrick, of the north end. Besides the filling of these positions, either by reappointment of the present incumbents or with new men, the board is seriously considering the creation of a third supervisory office. In some quarters the abolishment of the supervisors altogether has been advocated, but the board could not do this even were it so disposed. The law makes their appointment compulsory.

Advisability of a third supervisor is suggested by the great amount of work now devolving upon the present two. Each is looking after 50 districts, the maximum number prescribed by law, and these are scattered over a wide area. The board has the power to appoint one supervisor for every 20 districts. This would permit the maintainance of at least five in this county, but the board thinks that three will be sufficient for the present.

The tenure of service of supervisors is ten consecutive months, from September 1 to July 1. Salary ranges from $100 to $120 per month, according to the discretion of the board, to whom is also left the question of whether the supervisors shall pay their own traveling expenses. Douglas County's two supervisors draw $120 per month and pay their own expenses. The legal qualifications of a supervisor are that he shall hold a valid certificate and have had at least nine months experience teaching. His special training, however, will be the chief factor in the determination of his fitness for the position.

## SENATOR GORE SAVED FROM POLANDER DURING PRO-WILSON ADDRESS.

WAUKESHA, Wis., March 30.—United States Senator Thomas P. Gore, of Oklahoma, speaking here tonight in advocacy of Woodrow Wilson for President, was the object of an attack by a crazy Polander, and was saved from serious injury and perhaps death only by the quick action of Judge Hamlin, chairman of the meeting, who hurled a chair at the foreigner and knocked him from the platform. The Pole, whose name was given as Charles Scharmalla, was sitting directly in front of the speaker and when Gore spoke in defense of Wilson's attitude toward foreigners, he jumped on the stage, at the same time drawing a heavy stick from under his coat. Not until it was all over did the blind Senator realize that his life had been in peril.

C. L. Parsons, secy. and treas. of the C. H. Ward Drug Co., Pasadena, Cal., writes: "We have sold and recommended Foley's Honey and Tar Compound for years on the market. Containing no opiates or narcotics, it can be given freely to children. Enough of this remedy can be taken to relieve a cold as it has no nauseating results and does not interfere with digestion." F

## ONLY TWO OF ALLEN GANG NOW AT LARGE.

### Attorneys for Murderers Count on Confusion Attending Crime to Clear Clients.

HILLSVILLE, Va., March 31.—The lines of pursuit are tightening about the two courthouse assassins who remain at large. Empty-handed, the posse returned to town today and then went to the mountains again, confident that with every exit guarded, it is only a matter of hours when Sidna Allen and Wesley Edwards will be taken.

Of the eight outlaws who shot up Carroll courthouse and murdered five persons, they are the only ones not now in jail awaiting trial.

The people of Hillsville do not think it will be an easy matter to convict the Allens, should all of them be caught. Judge Hairstop, R. H. Willis and Judge Bolen, who are attorneys for the outlaws, are now busy in rounding up witnesses for the men. It is known the outlaws can count on almost a score of men who will take the stand and swear they cannot decide who fired the fatal shots. Naturally, in the flashes, smoke and excitement that marked the courthouse assassinations, few persons were cool enough to observe from which blazing gun the killing bullets streamed.

Friel Allen, youngest of the eight of the Allen gang, was captured late Friday in a carriage shed at the home of his father, Jack Allen, eight miles from here. He cheerfully submitted to arrest.

## Do not try to make the Old machine do, loss Of patience and time Makes it undesirable.

The main questi - is, where to buy the machine. You don't believe in buying a cheap pair of shears, do you? You know they would be poorly tempered and made of cheap steel, and would not cut well and would break easily.

Use the same judgment in buying a sewing machine. A cheap machine is a waste of money, and is bound to get out of order. It cannot do satisfactory work and will not last. When you buy a machine of us you pay nothing extra for our ability to sell you the best for the money.

All we ask is a chance to demonstrate our machine before you buy. $3.00 down and 75 cents a week and it will pay for itself while you are using it. This
