WEDNESDAY, AUGUST 21, 1912.

GENERAL NEWS.

During the progress of a big mass meeting held at Russellville, Ark., for the purpose of discussing water and light rates, a negro named Monroe Franklin attacked a white woman. The meeting was adjourned long enough to hang the negro to a nearby telegraph pole, and then resumed.

The bill introduced by Representative Sherley, of Kentucky, which would make more drastic the food and drug law as applied to patent and proprietary medicines, has passed the House. The bill would prohibit the publishing of claims of "cure-alls" that cannot be substantiated.

Nearly 5,000,000 new voters are expected to appear at the polls this year, according to an estimate prepared lately for the Republican National committee. There will be 3,650,000 male voters enfranchised by age alone and 1,350,000 women and newly naturalized citizens. There will be 24,332,200 male voters. The number of women is estimated at 1,667,000, making a total approximately of 26,000,000 persons who may vote for President. In 1908 there were 22,261,500 eligible voters, and the number of votes cast was 14,888,442.

Judge George H. Hutton, of Los Angeles, has washed his hands of participation in any further prosecution of Clarence S. Darrow by assigning to Presiding Judge Willis, of the Superior Court, the case in which Darrow is accused of bribing Juror Bain. It was assigned to Judge Willis merely for setting of the trial, and the time was fixed at next Monday morning. Judge Hutton announced that because of the fixed opinion he had formed from hearing the evidence in the recent Darrow trial, he had no desire to take any part whatever in connection with the trial on the Bain indictment.

Nearly the entire detachment of 500 Nicaraguan troops, comprising the garrison of the City of Leon, to the north of Managua, was massacred by a force of insurgents.

NOTICE FOR BIDS FOR SEWER CONSTRUCTION

Scaled proposals will be received by the undersigned at his office in the City Hall in the City of Roseburg, Oregon, up to 5 o'clock p. m. on Monday, August 26th, 1912, for the construction of a sewer in what is known as the Blakeley Street Sewer District in the City of Roseburg, in the manner provided by Ordinance No. 425 of the City of Roseburg.

All bids must be submitted on blank forms, which will be furnished upon application to the undersigned, and must be accompanied by a certified check payable to the City Treasurer for five per cent of the amount bid, to be forfeited to the City of Roseburg in case the successful bidder shall fail to enter into a contract and bond with said City. The contractor will be required to furnish a bond for thirty per cent of the amount of the contract, to insure the faithful performance and completion of the work. The Council hereby reserves the right to reject any and all bids.

By order of the Council.

Dated this 20th. day of August, 1912.

CARL E. WIMBERLY,
Recorder of the City of Roseburg, Or.

"THE GUARDIANS OF THE COLUMBIA," AT HAND

A Magnificent Book For Oregonians and Their Eastern Friends.

A year or two ago John H. Williams, the Tacoma author and publisher, celebrated the wonders of Mt. Tacoma (Rainier) in a splendidly illustrated book called "The Mountain that was 'God'." Although published at a low price, it was pronounced by many experts to be the most beautiful book issued in any country about a great mountain. No other book of its class has ever won so great and immediate a success. More than 15,000 copies have already been sold.

Mr. Williams has followed this unique and taking volume with an equally artistic book of uniform style, entitled "The Guardians of the Columbia," which promises to be even more popular. It describes and pictures the Columbia River and its snow-capped sentinels, Mounts Hood, Adams and St. Helens. The history and legends of the great Cascade-Columbia regions are told in a graphic fashion that makes physical geography read like a story, but at the same time presents scientific facts with strict accuracy. Such a book as long been needed, and it will be welcomed as much for the value and interest of its text as for the magnificence of its illustrations.

There are 219 wonderful views of river, mountains and forests. Eight of these are fine three-color halftones which one would like to frame and keep always in sight upon the walls of home and office. The extinct volcanoes of the northwest have never before been so well shown and described. The short chapter on the matchless forests of the Columbia basin is no less valuable and interesting than the account of the snow-peaks.

In his preface, Mr. Williams says the book is sent out as "a call to better appreciation of the splendor and worth of our own land". "It will undoubtedly accomplish this useful purpose, for it is not only a delightful book to have on the home center table, but it is just the thing to send to friends in other states. It will give pleasure to all who receive it, while at the same time making Oregon's great river better known and more frequently visited.

"The Guardians of the Columbia," by John H. William. Published by the author, Tacoma, Wash. De Luxe Edition, in flexible leather, $2.50 net, postage 16 cents; Library Edition, cloth, $1.50 net, postage 16 cents; News Stand Edition, paper covers, 75 cents net, postage 8 cents. J. K. Gill Co., Portland, distributors for Oregon. Sold in Roseburg by the Roseburg Book Co.

APPLE PLANTING IS FAR FROM OVERDONE

There were one-fourth less bearing apple trees in 1910 than in 1900—151,322,000 as compared with 201,794,000, and 120,000,000 in 1899. The editor of Farm and Home says the condition would be little short of alarming were it not for the great number of young trees which had been planted during those 10 years.

The census figures recently made public show 151,000,000 trees in bearing, which produced 148,000,000 bushels of apples.

To offset the decrease of 50,000,000 bearing trees there were nearly 66,000,000 trees not in bearing when the census was taken. Of course many of these will never reach bearing age, nor produce any apples. The old trees are dying fast, for the mortality in 10 years seems to have been 25 per cent.

In spite of the very heavy planting, which some pessimistic growers think has been overdone, the figures show that we are barely holding our own with the number of trees in bearing 15 years ago, whereas the population and the demand for apples has shown a very marked increase. Of course with better cultural methods, such as given by progressive orchardists, the average yield and income per tree will be materially increased.

In the ten years from 1900 to 1910, the number of pear trees of bearing age decreased from a total of 17,716,184, to 15,071,000. The fruit industry is evidently not keeping up with the increase of population.

The Trials of a Traveler.

"I am a traveling salesman," writes E. E. Youngs, E. Berkshire, Vt., "and was often troubled with constipation and indigestion until I began to use Dr. King's New Life Pills, which I have found an excellent remedy." For all stomach, liver or kidney troubles they are unequaled. Only 25 cents at all druggists. B

NOTICE.

During the month of April, 1912, I gave a promissory note to N. S. Olsen, for the sum of Six Hundred Dollars, ($600.00) due six months after date. This note was procured by fraud and misrepresentation, and payment of the same will be resisted by me.

All persons are therefore notified of this fact, and if they purchase the same, they will do so at their peril.

Dated at Gardiner, Oregon, this 16th day of August, 1912.

FRED ASSENHEIMER.

Are You Blue and Worried?

Nervous? Some of the time really ill? Catch cold easily and frequently suffer from biliousness or headache? The reason is that your system does not rid itself of the poisons in the blood; just as impossible as it is for the grate of a stove to rid itself of clinkers. The waste does to us exactly what the clinkers do to the stove; make the fires burn low until enough clinkers have accumulated and then prevent its burning at all. Your liver is sluggish—you are dull and heavy—sleep does not rest, nor is food appetizing. In this condition illness develops. Doctor Pierce's Golden Medical Discovery eradicates the poisons from the body—a glyceric alterative extract made from bloodroot, golden seal and mandrake root, stone and queen's root, without the use of alcohol. No matter how strong the constitution the stomach is apt to be "out of kilter" at times; in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood.

MRS. BLAKE.

MRS. BINCE BLAKE, of Port Dover, Ont., Box 36, writes: "I have been a great sufferer for years from throat trouble, catarrh, indigestion, female troubles, bloating, constipation and nervousness; at times I would be in bed, then able to be up again. Was under many different doctors' care, and would get better for a little while, then I would go down with chronic inflammation all through me. For nineteen years I had this poison in my blood. After trying nearly everything I got worse. I read in The People's Common Sense Medical Adviser of Dr. Pierce's Golden Medical Discovery and Dr. Sage's Catarrh Remedy. I have taken the 'Golden Medical Discovery' and 'Pleasant Pellets,' and have used [illegible] bottles of Dr. Sage's Catarrh Remedy. I am now able to do my work and walk with pleasure. I feel like a new woman. I [illegible] everything [illegible] and thank God for letting me live long enough to find something that made me well again."

Dr. Pierce's Pleasant Pellets regulate liver and bowels.

SUMMER SKIN DISEASES

During the summer most persons are annoyed with pimples, boils, rashes, or eruptions, while others suffer more severely with Eczema, Acne, Tetter, Salt Rheum, or some kindred skin disease. A perfect condition of the skin exists as long as the blood is normal, but when it becomes contaminated with humors and acids its supply of nutritive properties is greatly lessened and it becomes a sharp, acrid fluid which diseases instead of preserving the natural health and texture of the skin. The eruptions may be glossed over and inflammation reduced by the application of washes, cosmetics, salves, etc., but no skin affection can ever be permanently cured in this way; only pure blood can make healthy skin. S. S. S. cures Skin Diseases of every kind by neutralizing the acids and removing the humors from the blood. S. S. S. builds the circulation up to its normal strength, increases its nutritive powers and adds to its purity in every way. Then the skin instead of being irritated with acid humors and impurities, is nourished and healed by a plentiful supply of rich, pure blood. Book on Skin Diseases and any medical advice free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

OREGON NEWS.

Nearly 1000 more automobiles are registered in Oregon this year than were registered in 1911. The 1912 registration will reach 10,250 and last year it was 6300. There are 1650 chauffeurs registered this year as against 1500 last year.

Mill No. 1 of the Dallas City Lumber Company, located two miles from Falls City, was destroyed by fire Tuesday night. The loss is $60,000.

With the burning of the mill 125 men have been thrown out of employment.

During a long down-out wordy battle in his office Tuesday between the alleged mutineers of the maneuvers at Gate, Wash., a few weeks ago and members of the general staff of the Oregon National Guard, Governor West announced that he intends to take the Army heavy marching equipment weighing 43 pounds for a man, that caused the trouble when the Second Battalion refused to march from Gate to Oakville and march a similar distance to determine how far an average human being should walk under these conditions without protesting. Then he will determine the fate of the alleged mutineers.

Are Ever at War.

There are two things everlastingly at war, joy and piles. But Bucklen's Arnica Salve will banish piles in any form. It soon subdues the itching, irritation, inflammation or swelling. It gives comfort, invites joy. Greatest healer of burns, boils, ulcers, cuts, bruises, eczema, scalds, pimples, skin eruptions. Only 25c at all druggists. B

HAVOLINE TOUR BOOKS OUT

The fifteenth of a series of fifteen Havoline Tours for automobilists has just been published and is obtained upon application from the Indian Refining Company, 914 Kohl Bldg., San Francisco, Cal., distributors of Havoline automobile cylinder oils.

This book covers routes in California, Oregon, Arizona and Washington. It is a neatly bound comprehensive little brown volume with pliable covers and of convenient pocket size.

The twenty-five routes covered in each of these volumes include not only the fairly well-known, or what might be called "main-road," routes, but also many trips that are entirely new to the average automobile tourist, and pleasantly lead into new territory made tourable by the rapid road improvement in this section.

Indian Killed on Track.

Near Rochelle, Ill., an Indian went to sleep on a railroad track and was killed by the fast express. He paid for his carelessness with his life. Often its that way when people neglect coughs and colds. Don't risk your life when prompt use of Dr. King's New Discovery will cure them and so prevent a dangerous throat or lung trouble. "It completely cured me, in a short time, of a severe attack of grip," writes J. R. Watts, Floydada, Tex., "and I regained 15 pounds in weight that I had lost." Quick, safe, reliable and guaranteed. 50c and $1.00. Trial bottle free at all druggists. B
