Absolutely Pure

The Woman Makes the Home

She makes it best who, looking after the culinary department, turns her back resolutely upon unhealthful, or even suspicious, food accessories. She is economical; she knows that true economy does not consist in the use of inferior meat, flour, or baking powder. She is an earnest advocate of home made, home baked food, and has proved the truth of the statements of the experts that the best cooking in the world today is done with Royal Baking Powder.

Where the Audience Was.
A London actor appearing at a cheap theater in Portland found so small an audience that he sought out the manager for an explanation. "You see," the manager told him, "my people are at the Hall concert." "Oh," the actor said, surprised, "I should hardly have thought your patrons would care much for high class music." "No," the other explained, "To tell the truth, they go to pick pockets."—London Mail.

A Rank Offense.

The Wind Month.

Competition

Is the Life of Trade—Especially in the Line of

PIANOS

Mr. Burr, of Burr's Music House, reports business in his line for the past week to have been exceptionally good, as he has delivered pianos to the following people in Roseburg and surrounding towns: Mrs. Aldrich, of Edenbower; Mrs. Maybarn, of Dillard; Mrs. Ed. Cockelrease, of Roseburg, and Mrs. Smith, of Roseburg. On two of these sales the purchasers traded in the leading makes of instruments handled by a Cass street competitor.

MORAL.—If you want a good piano at a right price go to the "Old Reliable."
