"PROSPERITY IS HERE."

A New York banker, in his club the other evening, conversing with a number of his friends upon the general aspects of business, made this remark:

"Prosperity is here!

"It isn't a thing that is coming, or that we have reasons to hope for. I tell you, gentlemen—and I am speaking as a banker—the business boom is already here.

"It has been a long time on the way. But it has been coming step by step and surely. Business men all over the country now are realizing it.

"All the excitement before election couldn't check it, nor affect it a little bit. All the prophecies of business stagnation made by the newspapers and spellbinders during that campaign went for nothing. Real business didn't even hear them. Business men discounted them.

"It was the crops. Those splendid crops were bigger than campaign oratory. They created confidence. Business men knew what the effect of those wonderful crops was going to be on the business of the country.

"The whole thing has been a matter of confidence. The manufacturers have known all the Fall they were getting a pile of orders—bigger than for years. The merchants were sending in the orders because they knew that their customers had the money to buy with. The state of things just spelled PROSPERITY.

"In spite of all that was said during the campaign, I don't believe there ever was a time when the results of an election were more discounted by the real business of the country than this Fall. I, and some other millions of other voters, didn't get the man we voted for. But as I say, that was all discounted as far as business action was concerned.

"That the country could go through such a mental strain as it did during that campaign, and real business be so little affected by it, simply shows what a solid foundation our prosperity has."

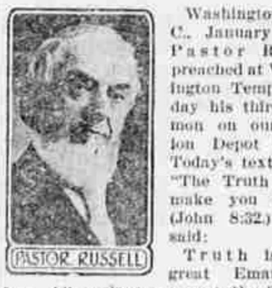
SLAVES SET FREE RETURN TO BONDS

Still Greater Freedom With Kingly Honors Thereby Secured.

Pastor Russell's Discourse the Third and Last of a Series Upon the Texts Which Embellish the Famous Union Station of Washington City.



PASTOR RUSSELL

Washington, D. C., January 19.—Pastor Russell preached at Washington Temple today his third sermon on our Union Depot texts. Today's text was: "The Truth shall make you free." (John 8:32.) He said:

Truth is the great Emancipator. All enslavers oppose the Truth, knowing its power on the minds of their victims. The taskmasters of today would fain hide the truth from wage-slaves, but find it impossible—so great is the power of the press—and there are publishers who have not sold their moral sense for sordid gain. When chattel slavery prevailed, the master found it advantageous to educate his slaves and thus increase their value, but disadvantageous to instruct them along the lines of human rights. The feudatory lords were very willing that the common people consider them demigods, not subject to law as others.

The same principle apparently prompted the emperors to proclaim themselves, "*pontifex maximus*," and to encourage their people to worship them. The natural selfishness of man ever prompts him to take advantage of others; and ignorance has been the chain which has bound the masses.

The Bible has been the great Emancipator of slaves—mental, moral and physical. It is the Torch of Liberty, lighted by Divine Providence. The Bible alone tells us that all humanity are of one blood, creatures of the same God, amenable to Him. While the Bible instructs that kings and all in authority should be recognized, it also tells that the king is amenable to exactly the same laws as his most menial slave, and that if he violates these laws he is as sure to be punished.

Moreover, the Bible points out that the present is related to the future life as cause to effect. It shows that every act, word and thought bears upon character development, and prepares us for higher things in the life to come or gives us more difficulty in reaching perfection and everlasting life.

"Hope Thou In God."

Looking into the past, we see Israel, sodden with fear of their Egyptian taskmasters, not daring to take steps for liberty. But after the Exodus, after God's Covenant with them at Sinai, they were a changed people. The hopes inspired by the Scriptures preserved them as a nation when contemporaneous civilization perished.

The Jews undoubtedly destroyed their own nationality. The Romans merely performed the funeral rites in destroying Jerusalem, A. D. 70. The Emperor evidently claimed that the Jewish religion must necessarily be at the foundation of their ungovernable character. Their liberty, used contrary to Divine instruction, led to discontent and anarchy.

Christ's Followers Set Free.

The Message of Jesus and the Apostles attracted some "Israelites indeed," anxious to serve God. The early Christians courageously suffered persecution and carried the Gospel everywhere. The Roman emperors, Nero and Diocletian, perceived that Christians had a courage which they feared would be infectious, and persecuted them horribly. But the Master had freed them from fear of death.

Then came a long period of darkness, when the Scriptures were forgotten, and only the words of bishops were heard: words misunderstood to be of Divine authority through Apostolic Succession. Next came centuries under control of creeds and church councils. Darkness, ignorance and superstition prevailed, although God had His witnesses throughout that long period.

Finally the Bible again emerged, when printing came into use. God's time had come for the Bible again to be the Torch of Liberty. And independence [illegible] came forward. Today Britain, Germany, Scandinavia and [illegible] lead the world, because of the light from the Word of God.

Danger Now, as to the Jews.

The [illegible] that the Jews encountered in the end of their Age confronts [illegible]. And [illegible] the Truth in the [illegible]. Not all, therefore, are [illegible] by it. Few have turned to the Lord, to become followers of Jesus. [illegible] we are on the threshold of a [illegible]. Liberty is about [illegible] our civil [illegible] to be ruined, as was the [illegible] liberty unrestrained by the Spirit of the Lord.

St. Paul declared that the Gospel had set him free from all other bondages; but that he surrendered his liberty to Christ, to do not his own will, but the will of his Redeemer. Forcefully he [illegible] that he so doing he became a bondslave to Christ.

Blessed is the condition of those who gladly surrender all to become followers of the Lord! Such can rejoice, because they know that all things work together for their good, to prepare them for the Heavenly glories.

MYRTLE CREEK TO MEDFORD NOW 40 MILES SHORTER.

Three Mountain Divides and Many Dangerous Grades Cut Out By New Route.

MYRTLE CREEK, Or., Jan. 20.—Citizens of this place maintain that when the time comes to establish the route of the Pacific Highway through Oregon, from Myrtle Creek south to Medford, it should go by a different way than the one now marked out for it.

By the present route is it about 90 miles from here to Medford, with three mountain divides to pass over, and the grades are steep and dangerous. By leaving the present Pacific Highway at Myrtle Creek, cross over the divide to the South Umpqua River at Days Creek by a road recently completed, follow up this stream to Tiller and then pass over the divide into the Rogue River Valley by way of Elk and Trail Creeks, the route to Medford can be shortened 40 miles.

This road is now open and from Myrtle Creek to Tiller is as good as the mountainous portion of the Pacific Highway between here and Grants Pass. From Tiller over the divide to Trail the road is in poor condition, but the same work required, mile for mile, will make a better road this way than can be made between Myrtle Creek and Grants Pass, and the grades will not be near so heavy.

When the time comes to begin building a modern highway across Oregon at a cost of from $10,000 to $20,000 a mile, this proposed shortening of the route by 40 miles is a matter of no small importance.

Future travel to Crater Lake from points north will be heavy. Should the Pacific Highway be built by way of the proposed Myrtle Creek-Trail cut-off the route from Portland to Crater Lake would be over 100 miles shorter than by the present route.

GENERAL NEWS.

The hen is one of the chief producers of the country, it being estimated that in the year 1912 she laid 1,700,000,000 dozen eggs, and if an egg is worth only one cent and three-quarters, it gives a value of $357,000,000, and if this is added to the value of the fowls raised, the products of the poultry industry on farm amounts to about $600,000,000. This nearly equals the value of the wheat crop. The profits of the fanciers, which are not included in the estimate, raise the amount realized to a considerable extent.

Wounding an enemy in war is better than killing him, for unless he is captured it imposes on his side the burden of taking care of him. The Balkan war has again proved that the bullet of the modern high-power rifle with its terrific speed will go straight through a man, penetrating the most vital organs, without killing him; and it has even been found to go through from four to six men, one behind the other. This puts them out of the fight, but at the same time it is a good thing for the fighter for it gives him a far better chance for his life.—From the February Popular Mechanics Magazine.

Surgeons operating for appendicitis in Colorado have to produce the defective appendix afterward or receive a jail sentence, a fine or both, if an amendment to be introduced to the physicians' bill becomes effective.

David M. Hand, former pastor of the Baptist Church of Moscow, Idaho, who was convicted by a jury in the District court last week of having contributed to the delinquency of Hazel Benedict, the 17-year-old daughter of the superintendent of the Baptist Sunday school, has been sentenced by Judge Steele from five years to life in the penitentiary at Boise.

As the undertaker was preparing to embalm his body, Harry Brigham, of Ulysses, Pa., straightened up in his bed and asked for his breakfast. After eating Brigham said he felt better than he had for several days. Brigham, who had been ill for some time, was found dead by his family. After a two hours' effort to arouse him, they summoned the undertaker.

An extraordinary case of sex concealment has been learned by the discovery that Irene Moynahan, 18 years old, until a few days ago a pupil at the Victor, Colo., high school, is a boy. Marshal A. H. Weinecke of La Junta, thought the "girl" was a fugitive and placed her under arrest. The marshal discovered that his charge was in realty a boy. Mrs. Moynahan admitted that Irene has paraded in girl's clothes since able to walk. She says the reason she has taken such pains to conceal the sex of her child for so many years is that she was unable to dress her in male attire. A strange feature of the case is that the father never knew until a short time ago that Irene is a boy.

A Hero in a Lighthouse.

For years J. S. Donahue, So. Haven, Mich., a civil war captain, as a lighthouse keeper, averted awful wrecks, but a queer fact is, he might have been a wreck, himself, if Electric Bitters had not prevented. "They cured me of kidney trouble and chills," he writes, "after I had taken other so called cures for years, without benefit and they also improved my sight. Now, at seventy, I am feeling fine." For dyspepsia, indigestion, all stomach, liver and kidney troubles, they're without equal. Try them. Only 50c at all druggists. B

Sensible Women Know Foundation of Health

As health talks to women become more general, both in the newspapers and on the platform, the mass of women are beginning to realize what the more cultivated have always known, that good health cannot be found in a powder box. The externals of health may be obtained in that way, but the basis of health lies deeper, and yet is just as easily obtained.

The most important thing that a woman can do for herself, and about which she is often most neglectful, is to watch the condition of her stomach and bowels. The weary eyes, the bad breath, the frequent headaches, the pimples, the general air of lassitude is nine times out of ten the result of constipation or indigestion, or both. Many simple remedies can be obtained, but the best in the estimation of most women is Dr. Caldwell's Syrup Pepsin. It is mild, pleasant to the taste and exactly suited to her needs. It is far superior to salts, cathartic pills, waters, etc., which are entirely too violent.

Women should see to it that they have at least one movement of the bowels each day, and when showing any tendency to constipation should take Dr. Caldwell's Syrup Pepsin in the small dose prescribed. A brief use of it will so train the stomach and bowel muscles that all forms of medicine can be dispensed with. These opinions are voiced by thousands of women, after personal experience, among them Alta M. Lilly, Redwine, Calif., and Mary A. Beebe, St. Thomas, Nevada.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

NOT ONLY IN ROSEBURG.

Similar Cases Occur Daily in This Vicinity.

Not only here in Roseburg, but in our neighboring towns the same good story is heard. An encouraging instance from Cottage Grove is given here, and will be read by us with great interest.

Mrs. E. B. Sherman, Cottage Grove, Ore., says: "The statement I gave for publication in favor of Doan's Kidney Pills two years ago still holds good. It would be almost impossible for me to describe how severely I suffered from kidney complaint. The trouble came on me gradually, the first symptoms being pain in my left side. I became tired, nervous and languid and as the trouble progressed, I began to suffer from headaches and spells of dizziness. Sometimes my feet became so badly swollen that I could not wear my shoes. Nothing helped me until I commenced taking Doan's Kidney Pills. They regulated the passages of the kidney secretions, removed the pain and lameness and proved of benefit in every way. The contents of five boxes of Doan's Kidney Pills restored me to good health and I am now free from every symptom of kidney trouble."
