BUREAU IN EAST NEEDED

TO BRING SETTLERS

Northwest in Behind the Southwest

and Canada in Methods to

Attract Immigration.

PORTLAND, May 12.—Immigration

is all right, but an excellent and per-

sonal representative in the East is

what Oregon and the Pacific Coast

country needs to attract immigrants.

The Congress

has passed a bill which will

allow the Pacific Coast to

send its own representatives to

the Immigration Commission.

The bill will also

allow the Pacific Coast to

send its own representatives to

the Immigration Commission.

TO BE SHOT TO PIECES

Final Service to Navy Will Be as

Target—New Dreadnought to

Take Her Name.

WASHINGTON, May 12.—Navy

officers having failed in their effort

to have the battleship Oregon sold

as junk, now propose to use her as

well as her sister ships the Indiana

and the Massachusetts, as targets,

to be fired on by the heavy batteries

of modern dreadnoughts. It was the

old battleship Texas a year or two

ago.

Battleship as the Oregon is so long-

er on the active Navy list and is re-

garded as obsolete by naval experts

it is doubtful if this historic ship

ever again will be called upon for

service in battle. Because of this

fact, ordnance officers are desirous

of using her for a target, in order

that naval experts can gather addi-

tional information as to the effect of

modern projectiles from modern guns

upon heavily armored warships.

If this recommendation is carried

out it is probable that the Massachu-

setts and Indiana will first be shot to

pieces and the Oregon will be pre-

served long enough to lead the pro-

cession through the Panama Canal.

The Navy Department announces

that if these ships are used as tar-

gets they are dismantled and towed

to sea, and that ultimately modern

dreadnoughts, yet to be authorized

by Congress, will be given names of

the states for which these three ships

were named. Unless settlement in-

tervene this latest plan of the Navy

Department is likely to be carried

out.

Health a Factor in Success.

The largest factor contributing to

a man's success is undoubtedly

health. It has been observed that

a man is seldom sick when his busi-
