PREPARATIONS FOR SEEING THE PANAMA CANAL.

For the thousands who will visit the isthmus to view the completed Panama Canal, ample provision is being made. Special sight-seeing trains are scheduled to leave Colon and Panama on alternate mornings through the week, reaching the opposite end of the canal in time for lunch. Passengers may return on the ordinary trains if they so desire. Excursion trips through the lake from Gamboa to Gatun, are made on a sight-seeing barge which has been converted for passenger service by the addition of a main deck, sloping from rear to front, and provided with comfortable seats, while above, an upper deck may be reached by stairways. Nearly 300 sight-seers can be accommodated on the barge, which has a full equipment of life preservers and safety appliances. The fare for the trip on the lake is fixed at

Are You Working?

NO MAN need be idle now unless sickness and ill-health keep him from working. Backache, Rheumatism and Lumbago unfit many a man for work. This means Weak, Sore and Wasting Kidneys and a Breaking Down in Health. So do Painful Bladder Action and Urinary Irregularities. And YOU WILL KEEP ON GETTING WORSE TILL YOU TAKE THE RIGHT MEDICINE to cure you. Get **FOLEY KIDNEY PILLS** at your nearest drug store and START TAKING THEM TO-DAY. They cost less than a doctor and do more. They are tonic and strengthening and CURE YOUR KIDNEYS and BLADDER. ALL DRUGGISTS EVERYWHERE

FOLEY KIDNEY PILLS

\$1.50, and a like sum is charged for the railroad trip along the shore, from one end of the canal to the other. A picture of the barge is a feature of the May Popular Mechanics Magazine.

BEAUTIFUL HAIR—A CLEAN, COOL SCALP.

Use Parisian Sage. It Makes the Hair Fluffy and Abundant.

It is needless for you to have hair that is anything short of perfect. If it is falling out, losing color, splitting or if the scalp burns and itches, immediately get from the Red Cross Pharmacy or any drug counter a 50-cent bottle of Parisian Sage—use it frequently—the first application removes dandruff, invigorates the scalp, and beautifies the hair until it is gloriously radiant.

Parisian Sage supplies hair needs in perfectly harmless. It contains the exact elements required to make the hair soft, wavy, glossy, and make it grow thick and beautiful.

IRRIGATION TO RESTORE THE GARDEN OF EDEN.

Lying between the Euphrates and the Tigris rivers is today a desert where once was fertility so abundant that it passed into a proverb; Mesopotamia, the land was called, and here, "Between the Rivers," as the name may be translated, was the traditional location of the Garden of Eden, the original home of the human race. Huge irrigation works, of which the great Nahrwan Canal, and its counterpart, the Dijall, are still traceable, brought the waters of the Tigris to the fields of grain, two thousand years ago. But these and other great works perished and were swallowed up in the shifting sands long centuries since. Recently, says the May Popular Mechanics Magazine, in an illustrated article, under the direction of an eminent English engineer, the Turkish government has built a dam, or barrage, across the Euphrates, 14 miles above Babylon, as the first step in a vast scheme of irrigation to redeem half a million acres, transforming the desert into a garden spot.

Noblesse Oblige.
Her Father—You are wealthy enough and have a good reputation, but is your family equal to mine? Her Sultor—Well, we've had eight generations of gont!—Philosophical Ledger.

Put Her Out.
He—I know an exceedingly fastidious man who caught his wife smoking and put her out at once. She—"The brute!" He—Not at all she was on fire!

COMMISSION PLAN IN TRENTON, N. J.

End of First Year Shows Rapid Advance.

BUDGET LESS, TAXES DOWN

Commissioners Have Eliminated Partisan Politics and Have Raised Standard of Public Morals—A Report Just Issued by Mayor-Director.

The results of the first complete fiscal year of commission government in Trenton are set forth in a report made public by Frederick W. Donnelly, mayor-director of public affairs in that city, showing great improvements effected in every department of the city's government and substantial gains in economy and efficient business administration shown of the discord of party politics. Trenton was one of the first cities to adopt the commission form of government in the east, and other New Jersey cities have since adopted it.

"The results obtained in Trenton have clearly demonstrated beyond the dreams of his staunchest supporters the superiority of the new system," says Mayor Donnelly in his report. "Both in economy and efficiency the city has advanced with rapid strides. The cost of administering the government for the last fiscal year was \$4,377 less than during the preceding year; the ratebills of the city were increased 3.70 per cent during the year; the bonded debt of the city was decreased more than 3.5 per cent, the tax rate for the first fiscal year was reduced 2 cents on each \$100 of valuation.

"In connection with the tax rates it is interesting to note that for three years preceding the adoption of the commission form of government the rate had been advancing at an average increase of seventeen points a year.

"The revenue deficit of \$37,808 that existed at the close of the fiscal year of 1912 was reduced to \$12,361. When the board of commissioners took office the revenue deficit was \$61,867. The apparent necessity to issue bonds at that time to fund the revenue deficit has disappeared, and it is reasonable to suppose that at the close of the current fiscal year the revenue deficit will have been entirely wiped out and the city will have a revenue surplus.

"This year the city has not been obliged to negotiate any temporary loans, an unprecedented condition, as it has always been the custom to borrow about \$250,000 for maintenance and operating expenses pending the collection of anticipated taxes.

"The value of fixed property owned by the city is \$4,333,139. The city now has financial statements kept on a basis of scientific and businesslike accuracy and system. The income for the year ending Feb. 28, 1914, was \$26,000 more than expenses. The expenses for the last four years prior to commission government had increased annually at an average rate of 566,000. Expense of the last year immediately prior to commission government's adoption, showed \$102,000 increase, while the first year of commission government showed a decrease of over \$4,000 under the prior year."

Under the heading, "Business Superstitions," the report says: "To enumerate the many improvements and accomplishments that have been witnessed in Trenton under commission government administration, aside from the financial curtailments, would be bordering on the impossible. We have witnessed the destruction of partisan politics in the deliberations of our governing body, not one partisan vote having been taken during the two years of its existence, and this despite the fact that the commission comprises three Democrats and two Republicans.

"During our administration we will erect and put into operation a filtration plant costing approximately \$500,000 and will have plans designed and probably commence actual work on the construction of a sewage disposal plant and garbage incinerating plant, the latter to supersede our present crematory. We have also provided for two new fire stations, twenty-five additional policemen, improved streets, better lighting facilities, increased park territory, harbor facilities and many other improvements. We have also arranged to increase our parking spaces and recreation centers.

"Under commission government the standard of public morals in Trenton has been materially raised. All city ordinances and state laws are rigidly enforced, and the freedom of policemen and firemen from the political yoke that formerly encompassed them has unquestionably made Trenton a better city from every viewpoint."

Civic Activities in Argentine.
From the Argentine Republic come some interesting reports of civic and municipal activities. In October, 1913 the first international children's congress ever held in the Argentine Republic was inaugurated in Buenos Aires. The principal subjects discussed referred to hygiene, school administration, sanitary supervision in schools, mental training and development of the child, indoor and open air exercise, sports, etc. In connection with the congress a school exhibition was held, which was kept open for inspection and study until Nov. 20, 1913. At both the congress and the exhibition there was a large attendance of teachers and others interested in educational work.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Purgative, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It cures Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

The Kind You Have Always Bought

In Use For Over 30 Years.

ATHENA KNIT UNDERWEAR FOR SUMMER

THE PATENTED SEAT
A FEATURE THAT IS PARTICULARLY APPRECIATED BY WOMEN GIVES THEM THE COMFORT FOR WHICH THEY HAVE BEEN LONGING

The Athena seat is patented. It can be obtained only in Athena garments. Athena is made in dainty, cool fabrics for Summer wear, in all the pretty low-neck designs in union suits and separate garments. Athena has seven special features. Ask to see them.

Of all the special features which make Athena excel none is such a great advance upon old-style underwear as this.

By a unique and patented method of tailoring, the Athena seat has been shaped to fit the figure in any posture—sitting or standing. Because of the special cut of the Athena seat, Athena garments are tailored narrow across the hips—without an inch of superfluous cloth over the abdomen—all the fullness is thrown into the seat, where it belongs. The Athena seat stays closed—there is no gaping, no bulging.

Typewriters: Underwoods, L. C. Smith Bros, Olivera, Royals and Remingtons, new and used machines, sold, rented and repaired, at the Roseburg Book Store.

NOBODY SPARED.

Kidney Troubles Attack Roseburg Men and Women, Old and Young.

Kidney ill seize young and old. Often come with little warning. Children suffer in their early years.

Can't control the kidney secretions. Girls are languid, nervous, suffer pain.

Women worry, can't do daily work. Men have lumbos and aching backs. If you have any form of kidney ill you must reach the cause—the kidneys.

Doan's Kidney Pills are for weak kidneys. The following testimony proves their worth: Mrs. S. C. McDonald, Douglas St., West Roseburg, Ore., says: "One of my family suffered from his back and kidneys. Lameness and weakness gradually bearing him down. Our daughter got him Doan's Kidney Pills, after the other medicines he tried had failed to help him. After taking one box, he did not complain any more about his back and kidneys."

The above is not an isolated case. Mrs. McDonald is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. McDonald recommends. 38c at all stores.
