After careful investigation we have found that a simple wash of Oil of Wintergreen, as compounded in Dr. D. D. Prescription, can be relied upon. We would not make this statement to our patrons, friends and neighbors unless we were sure of it—and although there are many so-called Eczema remedies sold, we ourselves hesitatingly recommend Dr. D. D. Prescription. Drop into our store today, just to talk over the merits of this wonderful Prescription.

Sooner or later taxpayers will rise in their might and send to the State Legislature men who should go there rather than the nondescripts who now go merely because they desire to go and push themselves forward. The people of any state usually get what is coming to them, and today they are reaping exactly what they have been sowing. If the voters refuse to take proper interest in elections and candidates and insist on voting their prejudices rather than acting on a well informed judgment as to the character and ability of men who offer themselves for office, they may expect a multiplication of tax difficulties, and in an increasing grist of laws that fall of good purpose and all burdens of one sort and another. —Corvallis Gazette.
