SHERIFF AND CHARGE WILL REACH ROSEBURG EARLY THIS EVENING

Leaving Santa Cruz a day sooner than he expected, Sheriff George Quine will arrive here this evening from the south, accompanied by H. H. Jennings, who was recently arrested at the California city on a charge of bunco-report preferred by his wife.

In a message received here yesterday the sheriff said Mr. Jennings had explained matters and intended to fight extradition. A second telegram received in Deputy Sheriff Ralph Quine at noon today stated that Mr. Jennings had later agreed to return to Oregon, and that he would arrive here in company with the sheriff on train No. 11. The sheriff and prisoner should have reached this city at 2 o'clock this afternoon, but because of a delayed train they will not arrive here until tonight. The message did not state whether Jennings and the sheriff were accompanied on the trip by Mrs. Jennings and her two daughters.

It is the opinion of the prosecuting officers that Mr. Jennings will be able to furnish bail pending the meeting of the grand jury here next week. No information was given in the message as to the outcome of the guardianship proceedings in the Santa Cruz courts. These proceedings were initiated by Mr. Jennings, according to reports, in hope that his mother might be appointed guardian of the two children who accompanied him to California.

GARRISON RESIGNS.

Verdun. The French have been making counter attacks for two days on Vimy Heights, between Lens and Arras. They recaptured practically all of their lost territory in the Artois region, and were successful around Grave. The fight is spreading to the British front, where artillery fighting is reported.

A Berlin statement claimed the French counter attacked bravely southwest of Vimy Heights and south of Souchez, but were unable to recapture their territory. The Paris communique did not claim further gains, though it was previously indicated the French was considerable ground lost. Four attacks after artillery preparation, failed, as Berlin said. Though the Germans and the French attacked strongly, the official statements indicated that no important results followed. Paris reported no changes as a result of last night's struggle.

Teutons May Sink Steamers.

WASHINGTON, Feb. 11.—High officials said America cannot protest against the Teutonic plan of torpedoing armed merchantmen. It is believed the central powers are within their rights in arming such a ruse, and the administration will fight to warn Americans not to travel on armed belligerent ships.

Peace Committee in Session.

BERNE, Switzerland, Feb. 11.—The permanent peace committee met today to prepare an armistice and lay some basis of effecting lasting peace. Proponents from several neutral nations attended. The delegates hoped to obtain a fortnight's armistice before the spring season renews the killing. It is believed if the guns are silenced for a fortnight the belligerents would put down the fight. If the conference cannot patch it up, it hopes to eliminate the more horrible features of war, the air raids.

LOCAL AND PERSONAL

Lloyd Teague, of Washington County, arrived here last evening to spend a few days with friends.

Mr. and Mrs. William Johnson, of Portland, are spending a few days in the city looking after business matters.

W. L. Quick, of Bend, who is in the city, stated today that he intended to sell off part of his stock, now about 500 in number. Mr. Quick's ranch is located on the eastern slope and is a fine spot for campers who pass that way. The fishing in that vicinity is said to be excellent at various seasons of the year.

E. J. Carlton attended each day of the recent term of circuit court in the county seat, but was not called upon for the services of a jury. Mr. Carlton was also present on Monday of last week when the case of Ida Parker vs. Ida Parker was tried, but was not called upon for the services of a jury. Mr. Carlton is now the only attorney in Douglas County who has been present at every session of court since the beginning of the year.

ASHLAND NEWSPAPER SAYS ROSEBURG HAS FAST BASKETBALL TEAM

Yesterday's issue of the Ashland Tidings had the following to say regarding the basketball game played between the Roseburg and Ashland high school teams there last Saturday night:

In the most exciting and hotly contested basketball game seen in Ashland in recent years, the Roseburg high school basketball team pulled out a 28 to 19 victory from the local school base at the high school gym last Saturday night. The regular game ended in a tie and two minutes additional playing as required by the rules, was necessary to play off the tie.

In describing the game neither team can be said to have excelled in any department. It was nip and tuck from the whistle, the hottest and of rough but clean basketball, with the advantage getting first with one then with the other. The Roseburg boys was the favorite of the crowd time after time and the wonderful work of the lines accounted much cheering as the net rocked for goals for them. The Roseburg boys are good sportsmen, play clean and won a deserved victory. The Ashlanders are even better sportsmen in that they were good losers and in losing showed themselves to be game to the core.

CARNIVAL MASS MEETING WILL BE HELD ON NEXT TUESDAY EVENING

J. E. McClinton's announced this afternoon that a mass meeting of citizens would be held at the Commercial Club rooms next Tuesday evening, when definite plans for holding this year's Strawberry Carnival will be made.

The carnival is not a product of the Commercial Club, but is strictly a citizens affair. For this reason it is hoped that all persons interested in the success of the festival will be present to participate in the discussions. During the meeting the committee in charge of last year's carnival will submit their report. This report will show the receipts and expenditures of last year's event.

In selecting a new committee to handle this year's carnival it is planned to chose people representing various occupations and who have interests in different parts of the city. It is generally agreed among the people of Roseburg that a carnival should be held this year. It is made doubly essential this year for the reason that elaborate preparations are being made to entertain the Odd Fellows and Rebekahs who will hold their annual grand lodges here in May. Hundreds of Odd Fellows and Rebekahs have read of Roseburg's carnival, and they will be disappointed in the event it is not held.

Last year's carnival was a great success, and was the means by which the Umpqua Valley obtained considerable advertising.

their mission until yesterday it was stated this afternoon that they had raised sufficient money to launch the establishment of the camp grounds. This does not necessarily mean, however, that enough funds are at hand to make the improvements that will be necessary before the grounds can be utilized. It is the present plan of the merchants to establish the camping grounds on the property of L. Windwelt, along the creek in North Roseburg.

Last year Ashland conducted free camping grounds and the merchants of that place are highly pleased with the success of the venture. Camping grounds will be conducted there this year.

Following the final test of the old city reservoir, which was completed this morning, two councilmen and Mayor Rice decided that the north reservoir was seeping water at such a rate that the level in the tank had fallen about two inches in the last 24 hours. C. R. Rose, local manager of the light and water company, promised to have the reservoir repaired at once. For some time complaints had been made that water was seeping to the street some distance from the basins and this was thought at the time to be surface water from the hill. The company will probably drain the defective tank and apply a new coating of cement on the interior.
