MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of colic or has some throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs." then don't worry, because it is perfectly harmless, and in a few hours all the constipated poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "side cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 3-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

Over 17 Years in Harness.

We have been in business in Roseburg for over 17 years, and have always noticed that the fellow that "hollers" trust is the fellow that is "slippin'." He is being undersold by the other fellow, the other fellow offering better quality, better service and handled in a clean, sanitary way. Our business is built on quality first, price being a second consideration. We believe this is so with the buying public. Price is a poor trade builder without quality. We will depend on quality for our success. MRS. A. C. KIDD & SON. We trust the public and the public trusts us. This is the only trust that exists. (Adv.).

ACIDS IN STOMACH SOUR THE FOOD AND CAUSE INDIGESTION

"Pape's Diapepsin" Fixes Sour, Gassy, Upset Stomachs in Five Minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent boxes of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go and why they relieve sour, out-of-order stomachs, or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gas, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.

MOTHERS

YOU CAN SAVE MONEY ON

Boys' Clothing

Mothers often buy for their boys' the lowest priced suits they can find, believing this to be the most economical way, but it is not actually the case. A garment cheaply made gives out so much sooner than the one thoroughly made that frequently two of the poorly made suits are worn out during the life of a good one.

Perhaps the good suit will cost more, but not twice as much. Therefore, in the course of a few months you have saved money on the better suit.

We have just received a large stock of **EXTRAGOOD** Clothing for the boys. Just send the boy in and let us slip an **EXTRAGOOD** on him and see how nice he will look and how long it will wear.

The Care of The Teeth

The pain from an abscess is even greater than that from an exposed nerve. The tooth feels longer than the others, is very sore to the touch, and the pain is intense when anything hot is applied to it.

But by the practice of proper cleanliness the danger of decay is lessened. Mothers should teach children cleanliness as soon as the first teeth are erupted. Children should be taken to the dentist to have any discoloration upon the teeth removed, as a tooth or teeth outside or inside the regular arch, forward or backward of their natural positions, or abnormally shaped, (to be continued)
