WHY WILL YOU TAKE CHANCES.

"Only one man in 100 lives to be fifty and leaves anything but insurance at his death." Why take the chance of being that one man?

Why insure where there is a chance of the company raising the rates, failing, contesting your death claim, paying only a part of the face of the policy, where you have to die to win, where you have no extension of time, no cash or loan values, no paid up insurance, no sick or accident or disability clause, and where your insurance will cost most in the long run?

A policy with The Mutual Life of N. Y. will give you the maximum protection for the minimum cost—no company excepted. Rates are never raised. The company is absolutely safe. Your death claim will be paid promptly. You win if you live. Premiums cancelled if you become sick or disabled, or if you are totally disabled, policy becomes paid up for life. The Mutual has over 600 policy holders in Douglas County, most of them written by the present agent, whose figures must be correct or he could not hold his position.
