The greatest newspaper bargain ever offered the people. See big ad. Call or phone 90.

ROSEBURG REVIEW

Stick to good old Roseburg—Prosperity is due;

The new and growing Roseburg will stick by you.

VOL. XIX. ROSEBURG, OREGON, WEDNESDAY EVENING, JUNE 28, 1916. No. 103.

CARRANZA MUST ACT BY MIDNIGHT, SAYS PRES.

Force May Be Used in Releasing Colored Troopers

CARRANZA'S REPLY IS AWAITED

Carranza's Demand for the Release of Mexican Prisoners in the United States Not to Be Considered by Pres.

WASHINGTON, June 28.—Carranza must release the American prisoners at Chihuahua by midnight or President Wilson will go after them. Those near the President today declared there will be no delay because of Carranza's demands to release the Mexican prisoners in this country. Together with food embargo and other questions, declare officials, the President is solely interested in getting the American soldiers from the Chihuahua penitentiary. Congress is quietly awaiting Carranza's reply, which is expected here early this afternoon.

There is a persistent feeling that Carranza will yield. It is known positively that he first intended to release the prisoners. Danger lies in the possibility of Carranza asking to exchange prisoners. If he took this position, or otherwise delayed the freedom of the Americans, the President would follow the course already determined upon. It would not include a declaration of war. It would mean the rescue of the Americans by force, however long and arduous the effort. The President would outline his intended course and ask Congress to support his program.

Mexicans Are Ready.

EL PASO, June 28.—With the hope of looting buoying the half starved and poorly clothed peons of Carranza's northern army in the interior of Mexico, reports from Chihuahua are that the soldiers were told they would have plenty of food when they reach El Paso.

Refugees reaching here reported that 14,000 soldiers are enroute to Chihuahua from the south, bringing the total forces in that state up to 17,000.

The Americans here plan to spoil the alleged looting party. Guns overlooking Juarez could ruin it within half an hour.

Arrivals here quoted the Carranzista commander saying that "Mexico is prepared for war. If the Americans move on Chihuahua in an attempt to rescue the 23 negro cavalrymen held prisoners, they will be lined before the walls of the penitentiary and executed. If the Americans attempt an attack on the Carranzistas they will receive a rain of lead and shell from fifty thousand Mexican troops."

Congressman Smith, of El Paso, who arrived here today, said he believed Congress will pass a declaration of war this week.

Is Japan Interested?

LAREDO, June 28.—Refugees from Monterey brought the rumor that Japanese officers are heading the Mexican troops enroute to Chihuahua, and an unconfirmed rumor also said the Japanese are directing the manufacture of munitions at the Monterey arsenal.

Bandits Wiped Out.

COLUMBUS, June 28.—Six Mexicans, believed to be members of the band who murdered William Parker and his wife, were reported wiped out in a fight south of Hachita last night. The message said a civilian posse encountered the bandits.

Mexicans Are Taken.

COLUMBUS, June 28.—Twenty Mexican bandits, captured near El Valle, are being brought north under guard in a motor truck train, so incoming drivers reported. The prisoners are expected to arrive here tonight.

SALE OF PROPERTY.

Mrs. Elizabeth Wade has filed a suit in the Circuit Court here against Nicholas Melvin. The plaintiff asks for the sale of real property, held in common by Mrs. Wade and the defendant.

FORECLOSE MORTAGAGE.

George L. Carlile has filed a suit in the Circuit Court for Douglas County against John F. Woodard. The plaintiff seeks to foreclose a mortgage on real property located in Douglas County to satisfy a loan made by the defendant in Portland in October, 1912. The loan amounted $1700, according to the complaint filed by the plaintiff.

ROSEBURG BRAKEMAN WITNESSED DEATH OF LINEMAN AT EUGENE

The coroner's jury empaneled to look into the death of W. J. Framhein, lineman, killed in tunnel No. 4, on the Willamette Pacific Railroad about 10:30 Monday morning, yesterday failed to fix the blame for the accident, says the Eugene Register.

The body was brought to this city and will be taken to Alameda, Cal., for interment. Mrs. Framheim and her three-year-old son arrived last night and will go to Alameda.

The investigation of the accident showed that Framhein started on his speeder from above Cushman to go south to locate some line trouble and met the work train engine in the tunnel. He was traveling about eight or nine miles an hour. The work train, engaged in work on the line a short distance above the tunnel, through which it was backing, was hauling a coal and water car, according to the evidence.

Clarence Gaffney, brakeman, was on the tender, watching out for any trouble, and as soon as he saw the speeder coming, kicked the air cock, setting the brakes. It was too late, however, as the accident happened on a curve in the tunnel. The speeder was knocked up onto the tender but was not badly damaged.

Framheim went under the engine tender and his body was picked up badly mangled under the first car after the engine and tender had passed over it. The lineman had been on this job but a week or ten days.

HOUCK JOINS TROOPS

Arrived Last Night on Way to Clackamas

STOPS HERE TO GET UNIFORM

Local Physician Makes Hasty Trip North to Answer Call to Join Oregon Infantry —Was in Los Angeles

Dr. George E. Houck, without the loss of a moment's time since receiving orders at Los Angeles to join the sanitation corps of the Oregon National Guard, reached here on his way to the Clackamas mobilization camp last night. Stopping here only between trains to don his uniform and arrange for the care of his local practice, the doctor departed early this morning. He expects to be on the way south tonight, where he will serve as a captain in the army medical department, probably having charge of a hospital camp somewhere along the border.

Dr. Houck was somewhat surprised when the order came to join the Oregon troops. Although he is not in active command of any organization he still retains the rank of captain and is eligible to service with any organization of troops in the medical department where he may be assigned. He will be attached for the present, however, with the sanitation corps of Portland, which is a unit of the Third infantry, now being moved to the border.

The head of the Oregon sanitary corps is Major M. H. Marcellus. Dr. Houck's position will be that of a physician in charge of much of the field work as to sanitation of the camps. While his definite assignment is not yet certain, Dr. Houck believes that in the event of actual warfare he will probably be placed in charge of a hospital.

Dr. Houck stated this morning that he had learned only very little regarding his call, and would not be acquainted with the facts until his arrival at Clackamas. It was believed, however, that he would immediately return with the company who will be enroute south tonight.

Mrs. Houck, whom the doctor left in Los Angeles, will proceed to Roseburg immediately, they having attended the Knights Templar conclave there, and she will reach here some time later in the week. She will make the trip by boat to Portland. Dr. Houck's practice here has been placed in charge of Dr. Lohrbach, with offices in the Perkins building.

TWO ACTIONS FILED.

The Southern Pacific Railroad Company this morning filed two suits in the Circuit Court here. The defendants are Sarah J. Schad, et al, and Lewis A. Conway. In each suit the railroad company asks for the repossession of property, as well as damages in the sum of $1000. The land involved in the actions is said to be a part of the right of way for the Oregon & Western Railroad.

SECOND TROOP TRAIN IS ENROUTE TO MEXICO

Battery A, Field Artillery, Entrained This Morning

OTHER TRAINS LEAVE THURSDAY

The Second Battalion Which Left Clackamas Today Carries 344 Men—Gen. White in Command of Company

CAMP WITHYCOMBE, Clackamas, Ore., June 28.—Battery A, Oregon Field Artillery, entrained at 9 o'clock this morning for Calexico, Cal., in response to a hurry-up order received late yesterday. There were 179 men in the battery—eight more than the law allows a war-strength artillery unit.

The first battalion of the Third Infantry Regiment left last night for Fort Rosecrans, San Diego, Cal. There were 574 men in the third battalion.

The second battalion, which left today, carries 344 men. Thursday's troop movements call for the departure of the first battalion, regimental headquarters, and supply and machine gun companies—a total of 448 men. Troop A, Cavalry, with 116 men, and with Adjutant-General White acting as captain, will entrain Friday. The captaincy of the troop was formally offered to General White today.

A total of 1416 men will be sent from Camp Withycombe to the Mexican border. They comprise the following organizations:

Third regiment, first battalion: Companies A of McMinnville, B, C and D of Portland; second battalion, Companies E, F and H of Portland, and C of Oregon City; third battalion, Companies I of Woodburn, K of Corvallis, L of Dallas, and M of Salem.

Battery A, field artillery.

Troop A, cavalry.

Attached to the Third Regiment are also the supply and machine gun companies, the hospital corps and sanitary troops.

DIVORCE SUIT FILED BY ROSEBURG WOMAN LATE THIS AFTERNOON

Alleging cruel and inhuman treatment, which began a few months after their marriage, Mrs. Minnie Teal today filed a suit for divorce against her husband in the Circuit Court here.

According to the complaint, Mr. and Mrs. Teal were married at Grants Pass on November 20, 1915, and continued to reside there for some time thereafter. About three months after their marriage, the plaintiff alleges her husband became angry over some trivial matter and struck at her with a hammer. On another occasion she says he struck her with his fist. In addition to these indignities, the plaintiff claims that her husband drank to excess and was very quarrelsome. After enduring her husband's conduct for several years, she says, she was obliged to leave him and earn her own way. Mrs. Teal asks for a decree of divorce, as well as such other relief as the court may deem proper.

RECENT BRIDE ON VISIT.

Mrs. Claude Welch, who was married last week in Portland, arrived here Tuesday morning to visit with her mother, Mrs. W. H. Pinkford. She was accompanied by Miss Gladys Welch, and the two will return to Portland today. Mrs. Welch was formerly Miss Leah Pinkford. She expects to remain in Portland permanently, they having recently been presented with a beautiful home, the wedding present of Mr. Welch's father.

WILL BE MARRIED.

MANSFIELD, June 28.—J. T. Beard will leave tomorrow for Cleveland, O., where he is to be married soon. He will return with his bride about August 20.

Mr. Beard is a brother of C. A. Beard, of the Cleveland Orchards.

WOMEN OF AUXILIARY TO CONDUCTORS ORDER GIVE FIRST PROGRAM

An interesting program was had at the Maccabee hall last evening when in honor of their installation the Women's Auxiliary to the Order of Railway Conductors entertained their husbands. The local chapter was formally organized yesterday afternoon under the direction of Mrs. P. Whitney, of Oakland, Cal. The organization has 17 charter members.

The program consisted of instrumental solos by Mrs. Thelma Lannum and Mrs. Fern Roymers, both ladies being made to respond with an encore, a duet by Misses Lucy Bridges and Allie Black, which also was appreciated, calling for a second number; and several speeches made by those in attendance. The remainder of the evening was spent playing cards, followed by refreshments of ice cream and coffee. Everyone present had a most delightful time.

WASHINGTON TROOPS ENROUTE

A troop train from the state of Washington, carrying infantry forces to the Mexican border, is expected to pass through here some time tonight or tomorrow morning. The train consisting of 14 cars arrived in Portland this afternoon.

RECRUITS WANTED.

There will be a United States Army recruiting officer in Roseburg on Thursday and Friday, June 29 and 30. Anyone wishing to enlist should make an application to this officer on his arrival here.

START NEW COMPANY

Local Men Volunteer to Service Under Dr. Haynes

BELIEVE REGIMENT IS NEEDED

If Crisis Develops Into War Full Company Would Be Enlisted—Enthusiasm Is Shown Over New Organization

Believing that a call for additional troops in the Mexican service is not far distant and that a preference will be given to volunteer companies in case of such necessity, a movement to start a volunteer organization in this city was begun by local persons this morning.

Action in this direction was undertaken definitely, following the receipt of a letter from Col. Calvin U. Gantenbein, of Portland, judge of the fourth judicial district, in which he answered a letter from Dr. Fred Haynes, of this city, and designated the latter as the probable commander of such a volunteer company, also setting forth the instructions for perfecting the organization.

Dr. Haynes, who has become enthusiastic over the war outlook at present, is anxious to secure a local company, and this morning began a canvas for prospective members. Before noon a number of men had already signed and many more have signified the intention of enlisting should the Mexican situation develop into a state of actual warfare. Persons between the ages of 18 and 35 are eligible, and persons who have seen prior service may join regardless of age. A membership of 100 is required to form a company.

(Continued on Page Six.)

"SOME" DISTINCTION.

Ralph Quine, deputy sheriff, has the unique distinction of being the first man to enlist in the company of volunteers now being organized here by Dr. Fred Haynes. Although he has not signed the roster, Sam Black, a local electrician, notified Mr. Haynes that he, also, wished to join the volunteers. Mr. Quine is exceptionally well fitted for military service, according to Dr. Haynes, and it is possible that he will be commissioned as an officer in the event the new company of Roseburg boys should go to the front. Dr. Haynes is a very capable military man, having been a commissioned officer in the Second Oregon regiment in the Philippines.

ROUMANIA IS READY TO JOIN ALLIES, IS REPORT

Bulgarian Troops Are Reported to Be Concentrating

ROUMANIAN CABINET IN SESSION

Berlin Dispatches Today Were Silent About Balkan Developments—More Troops Sent to Austrian Front

LONDON, June 28.—Reports have been revived that Roumania is preparing to join the allies. A heavily censored Bucharest dispatch via Athens reported that Bulgaria has closed the Roumanian frontier. Bulgarian troops are also reported to be concentrating along the frontier. Another Bucharest message declared the Roumanian cabinet, in special session, took steps as a result of Bulgaria's movements.

A Vienna report said the Bulgars are uneasy because Greece has yielded to the demands of the allies. They fear Venizelos may return to power, swinging Greece to the allies' side and that the Roumanians and Greeks may invade Bulgaria from opposite sides.

Berlin dispatches were silent about the Balkan developments. They emphasized a heavy British bombardment. They believe the continued commanding is a systematic attack to wreck the German works in preparation for an infantry onslaught.

Switzerland correspondents reported that the success of the Russian and Italian offensives is causing the direst consternation in Vienna. The Austrians demand the abandonment of the Verdun offensive and the sending of more troops to the Austrian front.

Casement On Stand.

LONDON, June 28.—Sir Roger Casement took the stand in his own defense this afternoon, and denied that Germany inspired the Irish rebellion. He emphatically denied receiving money from Germany. He denied asking Irish prisoners to join the Turks and Germans.

WEST ROSEBURG GIRL DIED THIS MORNING AFTER BRIEF ILLNESS

Evelyn, the nine-year-old daughter of Mr. and Mrs. Jesse Russell, of West Roseburg, passed away at 4 o'clock this morning after a brief illness. The funeral was held at the family residence at 5 o'clock this afternoon; interment of the body following in the Odd Fellows cemetery. Funeral services were conducted by the members of the Christian Science Church of this city. The little girl was quite well known here, where she had many friends. She was a favorite among the children of the city and her death is deplored by her many acquaintances.

MUCH ROCK NEEDED.

A representative of the Oregon Portland Cement Company who spent last night in Roseburg said the plant operated by the company at Oswego, is at present turning out about 1200 barrels of cement daily. This requires about five car loads of rock from the quarries of the company on Roberts Creek. The capacity of the plant at Oswego will be increased, according to reports, as soon as the occasion demands.

DIVORCE SUIT FILED.

Frank C. Dunn has filed a suit for divorce in the Circuit Court here against his wife, Mrs. Susan Dunn. Mr. and Mrs. Dunn were married in Illinois on September 18, 1897, according to the complaint, and later moved to Oregon. Desertion is the chief allegation set out by the plaintiff.

BARGAIN MONTH.

The Review bargain month is proving a great success and the past few days have brought many new subscribers from all sections of Douglas County. The special bargain month rates will continue until July 22. After that date the usual rates will be in force.

BOYS DETECTED WHILE STEALING CHERRIES IN ROSEBURG LAST NIGHT

When Fred Barker, of North Roseburg, returned to his home at about 1:30 o'clock this morning, he detected two young men perched in his cherry trees. Going into his dwelling Mr. Barker seized his rifle and started in the direction of where the young men were busily engaged in stripping the trees of the luscious fruit.

As the boys noticed Mr. Barker approaching they left the orchard and ran to the street. One of the young men carried a basket well filled with cherries, while the other fellow had two buckets. Realizing that he could not overtake the young men, Mr. Barker called to them to halt. When they refused he raised his rifle and shot into the air. Both boys fell to the ground, with the result that they lost their basket and buckets. They continued their flight a minute later, however, and succeeded in making their escape. Where the boys fell, Mr. Barker found a hat, a small American flag and other articles of more or less value. Mr. Barker says the boys may have the basket, buckets and hat by calling at his home.

WOULD RECOVER MONEY.

The Douglas Creditors Association has filed a suit in the Circuit Court against J. M. Palmer and wife. In this action the plaintiff seeks to recover the sum of $159, alleged to be due on an assigned claim. Attorney I. H. Riddle represents the Douglas Creditors Association.

HOPE FOR ARTILLERY

Local Officers Informed of New Action Taken

URGE USE OF COAST DEFENSE

Orders Received This Morning Show Hope for Local Company in Actual Service—Recruits Are Wanted

Further indications that the local coast artillery company and the hospital corps may be called for service in connection with the Mexican troubles was received here today when Capt. Buchanan received new orders from the state officials saying that the Governor, Adjutant General and district commander were bringing still greater pressure to bear on the War Department with the view of enlisting this arm of the service.

The orders further exhorted the local officers to be prepared in case such a plan was adopted and by all means they were urged to look after the recruiting, asking that 100 men be enlisted in the company if possible. "Secure 100 men at the earliest possible moment," was the way the orders read. Attention is also asked in the direction of thorough drilling of the men and adding all necessities to the equipment.

In speaking of the encampment which will be held as usual at Fort Stevens, provided the companies are not called into service, the orders read that for the first time the new men will be permitted to attend and that they will also receive pay. This is made on the provision that two officers and 41 other men who have seen at least 60 days service also attend, but this number will be easily secured, according to Capt. Buchanan. Arrangements are now being made by the state officers to administer the new oaths to the men shortly after July 1. This will make all those so agreeing a part of the Federal troops.

GAME WARDEN HERE.

State Game Warden Carl D. Shoemaker arrived here Monday night after a trip to Fort Orford, Wedderburn and other Curry County towns. He left Tuesday afternoon for the north. Mr. Shoemaker is making the trip by automobile. He says the roads between Medford and Roseburg are in good condition. Mrs. Shoemaker is sojourning at Newport.

ABOARD TROOP TRAIN.

A son of Rev. William Riley Jeffreys was among the troopers aboard the special train that passed through here early this morning enroute from Camp Withycombe to the Mexican border. The young man has been attending college at Salem, and is a member of the infantry company of that place.

Attorney Elbert Hermann has returned from Portland, where he spent a few days on business.

TROOP TRAIN MET BY BIG CROWD HERE LAST NIGHT

Local People Bid Farewell to Departing Soldiers

DESTINATION NEAR SAN DIEGO

Boys Say They Are Willing to Die for Their Country and Are Anxious for War—Were Here Thirty Minutes

At 2:15 o'clock this morning, as more than a hundred local people waited to bid farewell to their soldier friends and relatives, the first troop train bearing Oregon men to Mexico, reached this city. Although delayed many hours beyond the first reported arrival, the train was welcomed with considerable enthusiasm. A stop was made for 30 minutes while engines and crews were being changed, and in the interim the local people had excellent opportunity to interview those who were awake. Members of the troops who are known here were off before the train had stopped, however, and interesting scenes ensued.

Among those who were met was Major Carle Abrams, of Salem, who is in command of the First battalion and the officer in charge of the train. Mr. Abrams conversed for some time with his mother and sister, who are residents of Roseburg. His troops, which occupied the entire train, consisted of 325 men and 16 officers, but most of the men were asleep. There were 15 cars, eight tourist coaches conveying the men, one standard Pullman for the officers, two baggage cars, two box cars and two flat cars carrying the equipment.

Other men met by those in the crowd were Cecil Blakeley, a member of Company K, of Corvallis; Roland Jeffries, a member of Company M, of Salem, who is a son of Rev. W. R. Jeffries, Jr., pastor of the local Methodist Church; and Ralph Baldwin, of Company I, of Woodburn. LeNoir Ragsdale, who recently enlisted with Company I, was detained on account of the necessity of undergoing an operation. He was admitted to the Good Samaritan Hospital at Portland yesterday but expects to recover so as to join the troops on the border some time in July. He has a position as clerk, which he will assume upon joining his company. Capt. Buchanan and a number of the local troops also met the train and chatted with several of the officers and men.

Each of the men known here stated they were anxious for action immediately on reaching their destination. They will go at once to Fort Rosecrans, near San Diego, where they will report to Major Hapgood, of the Coast Artillery, and they expect to reach there about 2 o'clock Friday afternoon. Their train has the right of way over all others, the Shasta Limited not excepted.

The local boys said they left Clackamas about 5 o'clock yesterday afternoon. All the four companies: M, of Salem, 135 men, Captain Max Gehler; Company I, of Woodburn, 82 men, Captain Grover H. Todd; Company L, of Dallas, 60 men, Captain Conrad P. Straffin; and Company K, of Corvallis, 68 men, Captain Charles A. Murphy, were entrained without the slightest mishap. The boys said they were bidden goodbye on the grounds by Misses Helen Hargreaves, Mabel Glover, and Pearl Cummins, who have been visiting in Portland from Roseburg.

The physical examinations required at the time the men were mustered in, they said, were very rigid, and many of those who had to be rejected cried like babies. Following the examinations each had their finger prints recorded with the officers. All the men expect to be gone many months, they said, and will stay with their companies as long as they are desired. All stated they were willing to give their lives if it was necessary for the good of their country.

The train left at 2:45, pulled by one of the largest engines on the line. The driver who arrived here was Engineer Stafford, one of the best known engineers in the state, and who has run out of Roseburg for many years.

WEYERHAUSER MAN HERE.

G. A. Taylor, representing the Weyerhauser Timber Company, spent Tuesday morning in Roseburg on business. He left for the north in the afternoon, expecting to spend the night at Albany.
