The French continue winning all objectives on the heights, railways, and important highway junctions. Headquarters reports said the Germans are suffering heavily from aeroplane inferiority. ## ERNEST SMALLEY BET AN AUTOMOBILE ON HUGHES; IS ACCUSED OF INSANITY

MARYSVILLE, Calif., Oct. 20.—Ernest P. Smalley, of Harkeys Corners, Sutter County, is in jail here tonight pending an examination as to his sanity. ## SWEATER FOUND THIS MORNING

D. J. STEWART RECOGNIZED THE GARMENT, WHICH WAS BEING WORN BY A RECENT ARRIVAL HERE FROM OMAHA—THE STRANGER WAS ARRESTED.

## LATER RELEASED FROM CUSTODY

The Man Gave His Name as Fred Munly and Said He Came to the Coast Recently From Omaha Is Not Known Here.

That D. J. Stewart, a well known resident of this city, has at least a number of the qualifications of a detective was attested here this morning.

While standing in front of the express office chatting to a party of friends, Mr. Stewart's attention was attracted by a well dressed stranger who passed nearby. At first glance Mr. Stewart thought there was a striking resemblance between the sweater worn by the man and the one stolen from his automobile last Thursday night.

In order to satisfy his suspicions, Sheriff Quine was called and the fellow was taken into custody. The sweater was later identified as the property of Mr. Stewart. When asked to explain how he came into possession of the garment the man said he purchased it from a stranger. He declared he paid 25 cents for the sweater and had no knowledge that it was stolen property. He gave his name as Fred Munly, and said he came to the coast recently from Omaha. Munly is about 18 years of age, according to the officers, and from all appearances is a novice in the hobo game. After passing a couple of hours in the county jail he was released and requested to leave town. Following the recovery of the sweater, Mr. Stewart refused to prosecute the prisoner.

The sweater was stolen from Mr. Stewart's car which was standing near the Southern Pacific depot last Thursday night. At the time Mr. Stewart was temporarily absent from the machine and was in the depot awaiting the arrival of his son, Dr. E. R. Stewart, from Los Angeles. Although he noticed upon his return to the car that the robes had been disturbed he did not discover the theft of the sweater until the following morning.

## WAS NOT CONFIRMED.

In a recent issue of the Riddle Tribune there appeared an article to the effect that W. J. Wilsey had secured options on several tracts of timber lands belonging to De Witt Van Ostrand and located in Douglas County. A similar rumor was prevalent here several days ago, but it could not be confirmed.

## LAWSON AT OAKLAND.

In a letter received here today, William Lawson, a former resident of this vicinity, said he was now located at Oakland, Calif. He was with the Belle-Flores straggles last year, and played all the best chess of the season on the Pacific Coast. He sent his best regards to his many friends and acquaintances in this city. He is now employed as a window decorator in the California city.

## LITTLE INTEREST HERE LAST NIGHT

SMALL CROWD OF REPUBLICANS ASSEMBLED AT THE OLD ARMORY LAST NIGHT TO HEAR ADDRESS BY E. G. ADAMS, OF EUGENE.

## NATIONAL ISSUES DISCUSSED

Mr. Adams Was Introduced by W. F. Thomas, Chairman of the Douglas County Republican Central Committee.

Speaking before a small crowd of Republicans at the old armory here last night, E. G. Adams, of Eugene, discussed the political issues of the present campaign as viewed from his standpoint. He was introduced by W. F. Thomas, who spoke briefly regarding the importance of the present campaign to the voters of the United States. Mr. Adams discussed the Adamsian eight hour law, the Mexican situation, European questions, and much of the constructive legislation enacted by the last Democratic Congress. In referring to the Adamsian measure, Mr. Adams said it was a subterfuge and was put over by the present administration in hope that President Wilson might influence the railroad vote.

Although quite an interesting talker, Mr. Adams' remarks were received with little enthusiasm. In the language of several persons present at last night's meeting, there was a marked contrast between the audience that greeted Mr. Adams and the crowd that heard United States Senator George E. Chamberlain in this city two weeks ago. On the occasion of Senator Chamberlain's talk in Roseburg the Antlers theater was filled to its capacity. Less than 100 people heard the address delivered by Mr. Adams. The Roseburg Concert Band rendered a concert on the business streets of the city prior to the meeting.

Mrs. Robinson is said to be an excellent speaker and should be greeted by a large audience. She is said to be the originator of the expression, "Wilson moved the capital back from Wall street."

## MEETING AT RIDDLE.

Hon. J. K. Howard, Democratic candidate for joint representative from Douglas and Jackson counties, delivered a political address before a big crowd of voters at Riddle last evening. He discussed the National issue and lauded President Woodrow Wilson for the constructive legislation that has been enacted since he became chief executive of the United States. Mr. Howard was frequently applauded during his address. Mr. Howard spoke at Cannonville and Days Creek today.

The dining room is of the old mission architecture, with the kitchen is equipped with all of the modern conveniences. A cooler, cupboards and cabinets add to the pleasure of Mrs. Shrum, who is in charge of the culinary department of the home. Sleeping rooms and two porches make the structure very attractive.

## THIEF PREPARED TO BREAK JAIL

ROY HOWARD, BELIEVED TO BE BAD MAN, AND PERSON WHO STOLE GLENDALE AUTOMOBILE, CARRIES LARGE FILE WHEN COMMITTED.

## PRISONER MAY HAVE BAD RECORD

Salem Officers Want Man on Serious Charge Who Tallies With Howard's Description—Name Is Myers Is Belief.

Although searched as many as three times previous to his arrival here, Roy Howard, who was committed to the county jail Friday afternoon from Glendale, carried a 14-inch file in his shoe, with which he would probably have attempted to escape by filing the bars of his cell.

While bystanders laughed at Sheriff Quine's seemingly unnecessary precautions, the instrument, which had been carried during the prisoner's custody in the county jail at Yreka, Calif., was suddenly discovered much to the amazement of those present and to the officer who had accompanied him to this city. It was learned later that the jail bars at Yreka had been sawed and the officers there were notified this morning. The file was cleverly concealed by being inserted at the back of the shoe and no less cleverly explained by the prisoner's statement, that he carried the tool for filing spark plugs in his stolen automobiles.

Arrested at Hornbrook, Calif., where he was taken in an automobile which he had stolen at Glendale on Tuesday night, Howard is now believed to be connected with various crimes, some of which may be serious. Developments today revealed that he may be wanted at Salem in connection with carnal knowledge concerning a young girl and there is now little doubt that the man also took the car from Portland which was found abandoned on account of engine trouble in front of the city hall here Sunday night.

Howard, as he gives his name, was scarcely locked up in the jail, when the officers received a card from Salem asking that watch be kept for the man who was wanted there under the name of Roy Meyers. The card also gave a photograph which the officers declare is an unmistakable likeness of the prisoner.

If Howard's real name is Meyers, he will face another serious charge as soon as he is released from here. The local charge will be proved, however, as it is Sheriff Quine's desire to bring about an end to the automobile thefts which have been increasing in the past few weeks. These crimes are considered of a serious nature and the guilty parties are too often paroled in other cities, according to the sheriff. Meyers is said to have formerly lived at Mill City and have a father at Blackwell, Okla. It is believed he was endeavoring to reach the latter city when he set out on his career of thefts.

When shown the photograph Friday, Howard gave an emphatic denial to the charge and declared he had never been in the Salem vicinity. He says he entered Oregon from California and came no farther north than Glendale. Plenty of evidence, however, seems to indicate that he stole the Portland car, and a description furnished by a garage proprietor at Goshen, where the thief stopped, tallies with the man here. The Salem and Portland authorities have been notified and it is probable an officer will arrive to seek an identification.

Mr. and Mrs. Charles Gardner, of Yreka, Cal., arrived here last evening to pass a few days with friends.

## BANDON SLAYER IS STILL ALIVE

ATTENDING PHYSICIANS SAY JOSEPH COACH HAS NO CHANCE OF RECOVERY—VICTIM'S FUNERAL IS HELD AT BANDON THIS AFTERNOON.

## ARTHUR COACH WAS ARRESTED

Murderer's Brother Is Charged With Threatening to Kill a Number of Coos County People—He May Be Arraigned.

MARSHFIELD, Ore., Oct. 21.—Joseph Coach, of Marshfield, who late Thursday shot and killed G. E. Treadgold, city attorney at Bandon, and later turned the weapon on himself, was still alive late this afternoon. The physicians say his wounds are fatal and they entertain no hope of his recovery.

Pending the outcome of his injuries no inquest was held today. Arthur Coach, brother of Treadgold's slayer, was arrested today on a charge of threatening to kill various persons connected with the litigation in which his brother and Treadgold had figured.

Mr. Treadgold's funeral was held in Bandon this afternoon and was attended by the entire legal fraternity of this county. Hundreds of other persons were also in attendance. The funeral was conducted by the Masonic lodge of Bandon.

## STEAMER IS AGROUND.

SAN FRANCISCO, Oct. 21.—The steamer Daisy Gadsby is grounded near Duxbury reef, the graveyard of the Pacific. The vessel is safe unless a storm starts. First Mate Parlee rowed ashore and reported the steamer resting easily and that it would float at high tide. The vessel was built at Hoquiam, Wash., in 1911.

## SPOKE AT LOOKING GLASS.

Attorney E. L. Eddy was the speaker of the evening when a considerable number of Looking Glass folk assembled Friday night to hear a discussion of the proposed brewers amendment at a meeting held under the auspices of the Looking Glass W. C. T. U. Quite a number of local people were present also, these being interested mainly in other phases of the election. Among those present were Mr. and Mrs. A. C. Marsters, Mr. and Mrs. B. L. Eddy, Sheriff Quine, Guy Gordon, C. A. Brand, Oscar Lindsey and wife and C. O. Hooser and wife. Mr. Eddy's remarks were directed against an adoption of the proposed amendment and were given close attention by the audience.

## REQUEST WAS DENIED.

That the State Highway Advisory Board had unanimously turned down the proposition of building a county road from Eugene to Coos Bay via the Siuslaw, was the information received in Roseburg this morning. As a result of the rejection of this road it is probable that the State Highway Commission will proceed to survey and help to construct a highway from Roseburg to the coast. This is evident from the fact that no long ago the state highway commission made an appropriation for this work. County Judge Marsters was in Salem Friday and attended the meeting.

## OWLS CAUSE TROUBLE.

Reports received here from Reston today are to the effect that owls are causing considerable damage in that vicinity. Only a few nights ago an owl swooped down on the ranch of A. W. Johnson, a prominent rancher of that locality, and made away with three chickens. Other farmers there have reported similar losses.

## HALLOWEEN SOCIAL.

## PRICES SOARING.

PORTLAND, Oct. 21.—The sale of bluegrass wheat at \$1.50 per bushel for the water delivery, was reported from Eastern Oregon. This is the season's record. Millers are contemplating adding \$1.50 a ton to the price of rolled oats. Hay and bran are also up in price.

## COWBOYS LISTENED TO THEO. ROOSEVELT AT PRESCOTT EARLY TODAY

PRESCOTT, ARIZ., Oct. 21.—Col. Theodore Roosevelt today addressed a crowd of cowboys, and advocated a rovere campaign against the Villistas. He charged that Wilson had hit softly. He said General Pershing should seize the railroads, enter the towns, and treat as an enemy any man opposing him. "We have 150,000 soldiers on the border. They have been there four months. If I had men like 'Bucky' O'Neil, one of my former Rough Riders, I would put him on the border and guarantee to subdue the bandits within 90 days. No bandit would venture to look cross-eyed at us. If we had a man in the White House that could be done now."

## HEAVY TONNAGE PLANNED.

PORTLAND, Oct. 21.—President L. C. Gilman, of the Spokane, Portland & Seattle Railroad, declared there was no hope of ending the car shortage before January. He believes the unprecedented heavy wheat movements to the East are largely responsible for the shortage.

## GRANTS PASS MEN VISIT GLENDALE

DR. EDWARD BYWATER AND ATTORNEY MILLER, OF GRANTS PASS, WILL DISCUSS THE POLITICAL ISSUES AT GLENDALE MEETING TONIGHT.

## QUARTZ MINES TO BE DEVELOPED

Glendale Correspondent Says Recent Quartz Discoveries Have Been Cause of Much Excitement in That Locality.

(Glendale Correspondence.)  
Dr. Ed. Bywater and Attorney Miller, of Grants Pass, will address the Glendale voters at the auditorium in this city on Saturday evening in behalf of the Democratic candidates and in reference to the political issues of the day in the coming election.

Recent quartz finds on Mt. Reuben is creating some excitement in our city, and there is a rush to those well known mines expected. We are sure that all reports will be fully verified by actual work of development in this section, as the California group of mines have always been gold producers.

Mr. John Crouch Lewis and family, of Portland visited with old friends in this city last Friday. They are enroute to Los Angeles for an indefinite stay. Mr. Lewis is a well known firm of Allen & Lewis, in Portland, and they hold large possessions in mines in South Douglas and Josephine counties.

For a brief season our interest in the election was overshadowed by knowing that the Glendale-Galesville auto mail car had been surreptitiously taken away while the popular mail carrier and owner of the car was peacefully sleeping the sleep of the just. Mr. Hobbs quickly engaged Mr. Harvey and his car to proceed on time with the mail, while the telegraph and the telephone, handled by diligent officers, overtook the car and its pseudo owner in three short hours. "All human glories like these have their day," and Deputy Sheriff Brown and Mr. Hobbs landed the would-be auto man safely in our city hustle at 10 p. m. last night.

He talked freely of his nocturnal leave taking of this city. Also he said the mail car was a good one. That he planned to drive it to San Francisco and write the Glendale postmaster to tell the owner of the car to come and get it. This statement is received with due allowance as to its veracity. N. X.

## MISLEADING ADVERTISEMENT.

In recent issues of the country papers of the county there appeared an advertisement which was so worded as to indicate that E. H. Lenny had held the office of county clerk here for twelve years. The advertisement, it is believed, was inserted in those papers by C. W. Clark. The records at the courthouse show that Mr. Lenny has been county clerk eight years, and during that time he has made the office more than self-sustaining. In fact Mr. Lenny is generally conceded to be one of the best county clerks in the state, and the salary he receives is fixed by the Legislature. It will be no less, whenever he is elected. The campaign methods being used against him will only increase the size of his majority on election day.

## SOCIAL FEATURES TO BE ABANDONED

MOVEMENT WAS INAUGURATED HERE TODAY TO ABANDON THE SOCIAL DEPARTMENT OF THE COMMERCIAL CLUB—MUST REDUCE EXPENSES.

## WILL CONTINUE PUBLICITY WORK

Secretary S. S. Josephson Will Probably Be Retained—Rush of Land Seekers Is Anticipated in the Near Future.

It was announced here this morning that a movement had been inaugurated to abandon the social department of the Roseburg Commercial Club within the next few weeks. This is made necessary, so the officers of the club say, for the reason that the expense entailed in conducting the club rooms is considerably more than can be derived from membership and privileges.

In the event the officers of the club decide to surrender their lease on the club rooms, an office will be established elsewhere for the purpose of continuing the publicity campaign. S. S. Josephson, present secretary of the club, will probably be retained and will have charge of the publicity work. Many letters are received here each week from Eastern persons who contemplate locating in Oregon and the officers of the club do not believe it would be advisable to do away with the secretary at this time. A continuance of this part of the club work is made doubly important now for the reason that the Oregon & California Railroad grant lands will soon be opened to entry.

The opening of these lands to actual settlement will attract thousands of people to Roseburg, and in many instances they will write here for advance information. The social department of the Commercial Club has been in existence for a number of years, and it was at one time very popular with all classes of local people. In recent years other clubs have been established here, however, with the result that many of those who formerly frequented the Commercial Club have been attracted elsewhere. It is the belief of the club officers that even better results can be accomplished through the establishment of an office where the secretary can handle correspondence and furnish information to those who contemplate locating in this locality.

Mr. Josephson has made a very amiable secretary, and a majority of Roseburg people believe he should be retained in his present position. The matter of abandoning the social department of the club will probably be submitted to the consideration of the members of the organization at the first meeting to be held here at the first meeting to be held here.

## BUFFALO BILL FOR WILSON.

Col. Wm. F. Cody, (Buffalo Bill) among the latest to announce his support of President Wilson. Buffalo Bill is a life-long Republican and a strong supporter of Col. Roosevelt, but he cannot stand for Hughes, in a characteristic dispatch he says: "Hughes can't ride Woodrow. He is pulling leather already and will be disqualified."—Bill Cody.

## SUGAR GIVEN NEW RATE.

Secretary Sam Josephson, of the Commercial Club, this morning received a report from the state Public Service Commission, in which it was announced that a new rate of 15 cents per 100 pounds on sugar had been established for carload shipments between the points of Grants Pass and Portland. The rate was granted upon an application made by the Southern Pacific Company, and for the benefit of the sugar factory there.

## AMERICAN WAS LOST WHEN CUNARD LINER WAS SUNK RECENTLY

LONDON, Oct. 21.—The American Embassy learned that R. R. Sloane, an American horse dealer, probably died when the Cunard liner Launia struck a mine in the English Channel. Mrs. Brode, of Washington, informed the Embassy that Mr. Sloane was running around the deck frantically hunting for a life preserver when the last boat left the ship.
