

ANNUAL MEETING HELD LAST NIGHT

DOUGLAS COUNTY BUILDING & LOAN ASSOCIATION MET TUESDAY NIGHT AND HEARD REPORTS OF THE PAST YEAR'S BUSINESS.

OLD OFFICERS WERE RE-ELECTED

The Report of the Secretary Shows the Affairs of the Organization to Be in Excellent Condition—Growth Made.

The Douglas County Building and Loan Association held its annual meeting last night at the office of E. N. Ewart, in the Review building. The officers of the association were all re-elected, being W. H. Fisher, president; L. Wimberly, vice-president; E. N. Ewart, secretary; G. V. Wimberly, treasurer; auditors: R. H. C. Wood, H. C. Stocum and Jos. Miedell. The directors elected were W. H. Fisher, L. Wimberly, A. Salzman, Roland Ager, E. B. Stewart, E. N. Ewart and G. V. Wimberly.

The affairs of the association are in excellent condition, as shown by the following report of the secretary:

To the stockholders of the Douglas County Building and Loan Association, Roseburg, Oregon, Gentlemen:

Your secretary respectfully submits herewith his seventh annual report (second series) for the year ending March 10, 1917.

All of which is respectfully submitted. (Signed) E. N. EWART, Secretary State of Oregon, County of Douglas.

I, E. N. Ewart, hereby certify that as secretary of the Douglas County Building and Loan Association (second series) have prepared the foregoing statement and report that it is a full and detailed report of the affairs and financial condition of said association for the year ending March 10, 1917, and that it is true and correctly shows its financial condition.

Mrs. Vernon Castle as Patria Channing

PATRIA AT THE MAJESTIC TOMORROW

At the Majestic tomorrow, Mrs. Vernon Castle will hold its regular dance in the Majestic hall Thursday evening, March 22, at 8 o'clock. Ott's orchestra.

ALOHA CLUB

Will hold its regular dance in the Majestic hall Thursday evening, March 22, at 8 o'clock. Ott's orchestra.

HIGH POWER LINE OUT OF COMMISSION; TOWNS NORTH WITHOUT LIGHTS

Owing to a short circuit caused by the giving away of a weak insulator on the high tension line of the local water and light company north of Winchester last night, Drain, Yonella and other points in that direction were cut off from their usual current. The repairs could not be made until this morning, but it was believed the line would be put in order within a few hours.

When the break occurred, one of the wires fell upon a crossarm, grounding the current through the pole. As it parted near the Winchester end of the bridge, it was somewhat difficult to repair and could not be united until a large amount of slack had been taken up across the river. All the points which were deprived of electricity for the night were notified; however, and the inconvenience was consequently reduced to the minimum. A full crew was put on the repair work and the line connected as quickly as possible.

EDENBOWER ITEMS.

Uncle Charley Mohr wears a smile from ear to ear since the spring weather has set in. Ed Zimmerman has returned to Green, after spending a few days in Edenbower and Roseburg. We are sorry to hear of Ed's departure in a few weeks, when he is going to Alaska to look after his mining interests.

Miss Cora Weber has returned from Albany, where she has been attending school.

Mr. Curtis Frank Watkins wears a new brown suit since the charitable crowd visited him a couple of weeks ago.

Listen! Has anybody heard wedding bells ringing in Edenbower? Listen for them.

Mr. Tallman, of the Edenbower store, is doing lots of business and so all wish him lots of success.

HEINZ CAN'T SETTLE DISPUTE.

All hope of settling the basketball championship of the state with Roseburg faded Sunday, when three of the stars of the Medford team, William Jones and Dismont left with the aviation squad since the team has disbanded for the year, and the title is in doubt. Roseburg claims the honor upon the grounds that the locals played one of the teams in the Willamette Valley. The fact, however, remains that Medford defeated Roseburg two out of three games, but since that time the losers were not due to an series played, but the rough tactics of Coach Klein's proteges.

KEEP AWAY THE WASTE.

Do not regularly to the secret of good health, bright eyes, clear complexion, and Dr. King's New Life Pills are a mild and gentle laxative that regulates the bowels and removes the accumulated wastes without gripping. Take a pill before retiring and that heavy head, that all spring down feeling disappears. Get Dr. King's New Life Pills at your druggist, 25c.

ATTENTION FARMERS.

If interested in gas tractors, steam engines, sawmills or threshers, write to the A. B. Svedin Machinery Company, of Portland. The tractors sold by this company are the best and will stand the test.

INDUSTRIAL CLUB IS PROGRESSING

SCHOOL Supt. RECEIVES COPIES OF THE RULES GOVERNING EXHIBITS AT THE STATE FAIR TO BE HELD IN SEPTEMBER—LIBERAL CASH PRIZES.

NEW CLUBS BEING ORGANIZED

School Superintendent Brown Says Douglas County Will Have More Industrial Clubs This Year Than Ever Before.

In order that the members of the several industrial clubs of Douglas County may familiarize themselves with the rules governing the exhibits at the state fair, County School Superintendent O. C. Brown has received a large number of circulars from E. F. Carleton, superintendent of the Industrial Department of the State Fair, and the same can be had by calling at his office. The industrial club work has become a permanent fixture in the schools of Douglas County, and it is the opinion of Mr. Brown that more clubs will be organized here this year than ever before. Last year the competition was very keen here and the members of the several clubs displayed much interest in the work.

The rules governing the exhibits at the state fair follow:

1. The state fair will be held the week beginning September 24.
2. Entries in this department must be made upon blanks issued from the office of the secretary.
3. One entry blank should be filled in for each pupil, and this blank must be mailed to the secretary of the state fair, Salem, so that it will reach him not later than September 17, 1917.
4. In case there is no competition, or the entries are deemed unworthy of the prizes offered, the premiums will be awarded at the discretion of the judge.
5. All exhibits being shipped should be billed to E. F. Carleton, Oregon State Fair, Fair Grounds, Oregon, and the name of the shipper must be marked plainly on the article; also the words "Division C."
6. All exhibits must be shipped so as to reach the fair grounds not later than September 22.
7. Articles shipped by express must be prepaid. Full instructions in regard to shipping by freight will be sent to the county school superintendent later.
8. Entry blanks will be sent upon application to the Secretary of the Oregon State Fair, Salem, Oregon.

There will be no fee charged at the state fair for entering exhibits in these contests. The fair officials will also give to each boy or girl who enters an exhibit a ticket to the state fair, good for one day.

Any Oregon boy or girl who is between the ages of nine and nineteen on the first of October, 1917, is entitled to membership in any industrial club, and may undertake any of the approved club projects; provided, however, that no one shall be permitted to take more than two projects at once.

Any boy or girl who has not been able to enter any school or county contest, but who has enrolled for any club project, may compete in any of the state contests.

Each contestant in any club contest must be regularly enrolled with the county school superintendent and with the state leader of club work at the Oregon Agricultural College, and on the special enrollment blanks. These blanks may be obtained by writing to the State Leader of Club Work, Oregon Agricultural College, Corvallis.

If the same person secures the highest number of points in more than one project, he will be credited as having won the prize in the project in which he stands the highest, and the score for the other project will be disregarded, insofar as this particular contest is concerned.

A contestant may engage in two club projects and enter more than one contest, but he or she shall not be allowed to enter the same article for more than one prize in any contest.

MOTHERS, DO THIS—

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup or worse. And then a child is laid in a jar of Musterole. It does not blister.

As you see, a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, colds, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frost-bite and all other of the chest (it often relieves pneumonia).

Musterole is sold by all druggists. Write to the A. B. Svedin Machinery Company, of Portland. The tractors sold by this company are the best and will stand the test.

TO ESTABLISH SHINGLE MILL NEAR TSILCOOS; PRODUCT IN DEMAND

The Marshfield Times had the following to say in a recent issue regarding the new shingle mill which is to be established at Tsilcoos, located a short distance north of Gardiner.

The piling for the foundation for a shingle mill at Tsilcoos station is nearly driven, according to Roy Johnson, postmaster and manager of Johnson's branch store at that place.

The work is being done by Grant Erhart and will be finished in a few days more.

W. D. Hall, of Glenada, is the prime mover in erecting the mill, but other parties are behind the enterprise. There is a large quantity of cedar timber on Maple and Fiddle creeks which can be delivered at the mill quite easily.

The intention of the owner is to put in three machines now and three later on. They expect the machinery to be delivered at Tsilcoos in a short time.

HIGHWAY COMMISSION'S ATTITUDE COMMENDABLE.

PORTLAND, March 20.—Friends of the road bond issue all over Oregon are much heartened by the attitude of the new State Highway Commission.

The Commission has come forward firmly and stated that no undue preference will be exercised to favor one section of the state over another, or to favor one type of pavement over another.

It has made it clear that it will co-operate with all counties instead of with only a few.

ADAMS FAVORABLE TO MAIN HIGHWAY

MEMBER OF STATE HIGHWAY COMMISSION SAYS DOUGLAS AND JOSEPHINE COUNTIES WILL BENEFIT AS A RESULT OF ROAD BOND ISSUE.

AUTO LICENSES PAY BONDS

Under the Bond Bill the Southern Oregon Counties Will Receive Their Just Share of Funds for Improvements.

The Grants Pass Courier, in a recent issue, published quite a lengthy article regarding the good roads meeting held there a few days ago. Prominent among the speakers at the Grants Pass meeting was E. J. Adams, a member of the State Highway Commission and a resident of Eugene. Mr. Adams' remarks are of interest to the people of this vicinity for the reason that the interests of Douglas and Josephine counties are in common, so far as the road bond issue is concerned.

Commenting on Mr. Adams' address the Courier said:

The address by Commissioner Adams was a most enlightening one, and gave those who were present a much more comprehensive idea of the recently enacted highway legislation.

Mr. Adams made a most excellent impression upon his hearers, his manner and his every word bearing the stamp of sincerity and of honesty. He is no doubt a most capable gentleman who will serve Oregon well in the position which he occupies.

As an introduction Mr. Adams said that the ghost that haunted many in southern Oregon over the rumored attempt to be made to change the route of the Pacific Highway by routing it via the Tiller-Trail road. He stated that he was for the Pacific Highway as at present laid, via Grants Pass, Medford and Ashland, and would combat any attempt to route it otherwise. He also read a telegram which had been handed him since he had been seated at the banquet table, in which J. Benson, the chairman of the highway commission, placed himself on record for the Pacific Highway as now routed, and branded as false any claim that he favored the so-called Tiller-Trail cutoff.

Mr. Adams gave a most comprehensive digest of the bond issue bills to be voted upon at the June election, and while he said that the commission was neither a body nor an individuals endorsing the measures, he made it so clear that

the bonding was a good thing every man present later endorsed the bond issue. The speaker showed that the bonds would be paid off by the auto license fees without recourse to direct taxation, and that the roads would pay for themselves through their saving in wear and tear upon the very vehicles that produced the fund for their building. The policy of the commission must first be, he said, to get the main trunk highways in good condition, though he made an earnest plea for the man who is handicapped by poor transportation facilities in his building of a home in remote places, and indicated his intention to see that the

outlying districts were accorded proper treatment in the road building campaign.

Under the \$6,000,000 bonding bill, said Mr. Adams, Josephine County was in the most advantageous position of any county in the state. A provision in the measure makes it mandatory upon the commission to "immediately" hard-surface the Pacific Highway in this county whenever the county shall have any part of it ready for the work and make the demand. This, he said, established the time for the paving here, while in no other portion of the state was the time so fixed.

It is a Pleasure

to wash in a lavatory which is splendidly appointed. And one of the chief factors in the appointments of any house is the plumbing. Our work is done to last, and with the least possible amount of repair.

ROSEBURG PLUMBING AND HEATING CO.

Soft Drinks, all Kinds & Flavors

Carbonated Water, Syrups, Fruit Flavors, Gas for Soda Fountains

130 N. Pine St. Free Delivery

Roseburg Soda Works

Announcement!

We feel confident that you will agree with our explanation. The weight of the present 5-cent loaf has necessarily been cut down until the quality of the loaf is lost. We cannot make a lasting, good tasting loaf of bread from so little dough and we cannot increase the weight of the dough, because the cost of flour and other ingredients will not permit a living profit.

We feel that our reputation will not permit us to put upon the market a loaf of bread that is not up to our standard. It is not our intention to give you a 5-cent loaf and charge you a dime for it. We are going to give a much better quality in a ten cent loaf than you are now getting in two 5-cent loaves.

By eliminating the labor of baking the small loaves, we shall be able to spend more time on the larger loaf, and will expect to improve the quality. The above change will take effect on April 1.

No Eggs, Milk or Butter

The following recipe shows how an appetizing, wholesome cake can be made without expensive ingredients.

In many other recipes the number of eggs may be reduced one-half or more by using an additional quantity of ROYAL Baking Powder, about a teaspoon, in place of each egg omitted.

- EGGLESS, MILKLESS, BUTTERLESS CAKE
- | | |
|----------------------|---------------------------------|
| 1 cup brown sugar | 1 teaspoon nutmeg |
| 1 1/2 cups water | 1 teaspoon cinnamon |
| 1 cup seeded raisins | 1/2 teaspoon salt |
| 2 ounces citron | 2 cups flour |
| 1/2 cup shortening | 2 teaspoons Royal Baking Powder |
- The old method (fruit cake) called for 2 eggs

DIRECTIONS—Put the first eight ingredients into saucepan and boil three minutes. When cool, add the flour and baking powder which have been sifted together; mix well. Bake in moderate oven in loaf pan (round tin with hole in center is best) for 35 or 40 minutes. Ice with white icing.

Booklet of recipes which economize in eggs and other expensive ingredients, mailed free. Address Royal Baking Powder Co., 135 William Street, New York.

ROYAL BAKING POWDER

Made from Cream of Tartar, derived from grapes, adds none but healthful qualities to the food.
