John Howell, a pioneer of 1856, died at his home at Grants Pass on June 3, at the age of nearly 82 years. His aged wife and eight sons and daughters survive him. Our fellow townsman, J. B. Howell, is one of his sons. Mr. and Mrs. J. B. Howell were at his bedside when the end came. Slowly and surely the ranks of our grand old pioneers are thinning, and while there is one who lingers, we all should strive in every way to show our appreciation of the magnificent bequest they have left to posterity. All honor to our noble pioneers.

Measles are plentiful in this city and some cases are very severe. Just why the health officers have so completely refused to try to check the epidemic, is an unsolved problem.

Mrs. R. M. Eberle, who spent two weeks at Albany visiting her mother,

ercises of the Hayhurst school consisted of music, songs, recitations, drills, etc., and reflected credit on both teacher and pupils.

Mr. Brown's address in the forenoon was highly appreciated by all, as was also that of Mrs. Brown and Mr. Brown in the afternoon. At noon a luncheon was served in the hall near the school house, which was greatly enjoyed by all. We sincerely and heartily thank all our friends who helped to make this day one long to be remembered and trust that each and everyone enjoyed it so much that they will want to come many times in the future. We were glad to have friends from Drain and Yoncalla and also from Monteville school district. Also we are glad that Surveyor Germond, of Roseburg, took this opportune time to inspect the proposed new road survey, as our "bit feed" may put him in a good humor to help us in our need for a better road grade.

The largest crowd that ever assembled in the Hayhurst school house was there on Saturday night to attend the basket social given by Miss Agnes Meyer and the pupils of the Hayhurst school for the purpose of raising money to pay off the debt on the organ.

A most delightful and interesting program was rendered prior to the sale of books, proving conclusively that the pupils have made most astonishing progress under the tutelage of Miss Meyer. As is usual on such occasions in this part of the county, Ben Huntington, Jr., was requisitioned to act as auctioneer, and he did full justice to the situation. Every dollar, including the interest still due, was wiped off the slate, and the Hayhurst community now has a splendid organ for school and other social affairs.

Miss Meyer has proved herself to be a tireless worker, full of courage and indomitable spirit, and well deserves the loyal devotion her pupils show that they feel for her. We feel that this term of school marks the greatest number of improvements our school has ever made. Miss Meyer is confident that we lack but one or two requirements to become a standard school.

We sincerely thank Ben Huntington for his kindly aid and encouragement, and also thank the many friends from Drain and Yoncalla who aided so materially in helping us to finish paying for our organ.

Left For Riddle—

Prof. R. G. Hall went to Riddle this morning to be present for the commencement exercises to be held there this evening. Mrs. Hall and children left this afternoon to join him and they expect to visit at Riddle for a few days.

WORMS HANDICAP YOUR CHILD.

Worms drain the strength and vitality of children, making them dull and listless. Their power to resist more serious diseases is reduced and energy and interest in play is lacking. Kickapoo Worm Killer is a mildly laxative remedy in candy tablet form that children like to take. It kills and removes the worms and lets your child grow strong and healthy like other children. Don't let your child be dragged down by worms. Full directions on the box. At all druggists, 25c.

BROCCOLI PLANTS.

We are now prepared to book orders for St. Valentine broccoli plants, grown from the purest seed obtainable. Umpqua Valley Fruit Union.
