WOULD DECEIVE GERMAN PEOPLE

PREMIER LLOYD GEORGE OF ENGLAND SAYS THAT NEW GERMAN CHANCELLOR IS PROPOSING A SHAM DEMOCRACY FOR HIS PEOPLE

WOULD WAGE ANOTHER WAR

Says Allies Are Slowly But Surely Making Their Position More Secure—Ships Are Being Built and Food Conserved

LONDON, July 21.—"Sham independence for Belgium, sham democracy for the Germans and sham peace for Europe," is the bitter epitome to German Chancellor Michaelis' speech spoken by Premier Lloyd George today.

Lloyd George declared at the Belgian independence celebration that unless Germany's military autocracy is wiped out, the Germans again will plunge Europe into a welter of blood.

"The chancellor's statement contained phrases which German military autocracy understood," he declared. "Those in charge of German affairs elected for war, the junkers have thrown the old chancellor into the waste basket and it will not be long before Junkerdom follows."

"I am sorry to disagree with the German chancellor regarding German submarines. Gradually, though surely, we are increasing our position and diminishing losses. This year we are building four times as many ships as the preceding. Next year we shall build six times as many."

"The food supply this year and next are already secured. Our cultivation program makes the supply for 1919 secure even if the losses are increased."

PUBLIC OFFICIALLY WARNED.

WASHINGTON, July 21.—The Department of Justice has issued a warning against the purchase of unapproved sticking plaster as the result of official reports of alleged German poisoned court plasters in Western states.

GOETHALS OFFERS TO RESIGN AS MANAGER OF FLEET CORPORATION

NUMBER FOR BLANK DRAWN IS LOCATED; BEGIN DRAFT SOON

WASHINGTON, July 21.—General Crowder announced that he had located the number discovered following when the draft lottery was completed. With this the lottery became history.

Draft lists are being checked up and the official lists will be on the way to the exemption boards before nightfall.

The draft machinery will be under way the first of the week. Where and how the missing number was drawn was not disclosed by the officials. General Crowder said the missing number was 4951, and it was assigned the 19,994 place.

Numbers About Which There is Some Doubt.

Possible inaccuracies resulting from sending of thousands of numbers over the telegraph wires yesterday have left in doubt a few numbers. For instance, one news service sent 7841 as the number chosen, while another service sent it as 781. In the thousands of numbers sent there was conflict in only 18 numbers. These numbers may be corrected by telegraph if any error is caught, or they will be straightened out with the arrival by mail of the photographed copies from Washington. The numbers are either: 7841 or 781; 1551 or 1551; 4452 or 4452; 2609 or 2609; 2895 or 2895; 2858 or 2858; 5451 or 541; 10053 or 10053; 178 or 128; 7458 or 2458; 801 or 801; 2971 or 2971; 9261 or 9261; 2476 or 2476; 2309 or 2309; 1814 or 614; 1179 or 1179; 858 or 856.

MRS. MARIE FLINT MAY TAKE DOMESTIC SCIENCE DEPT. IN HIGH SCHOOL

Friends of Mrs. Marie Flint will be surprised to learn that she is now attending school at Coquille, where she is taking a course in the Domestic Science department of the Oregon Agricultural College, preparatory to fitting herself as instructor for that department in the high school here this fall. The position in the local school was made vacant last year and as Mrs. Flint has presented her application and is believed without a doubt she will be selected by the board of directors. Mrs. Flint is one of the best known ladies of this city and her sunny friends anticipate for her a great success.

AUBREY SMITH CAME TO ROSEBURG TODAY; CONFERS WITH CLERK

Aubrey Smith, superintendent of the Roseburg public schools, arrived here today from Eugene and will probably remain here permanently. He will be joined by Mrs. Smith and child as soon as he is able to secure suitable residence quarters.

Mr. Smith today spent considerable time inspecting the several school buildings, conferring with the members of the school board, and looking over the records of the school clerk. There are said to be about ten vacancies in the teaching staff, and it is probable that those of the school board to be held next Monday evening. Mr. Smith will be present at this meeting and will probably participate in the work of selecting teachers to succeed those who have resigned their positions in this district.

Mr. Smith inspected the new high school building this morning, and is well satisfied with its arrangement. The other school structures have also met with his approval. Mr. Smith says he will pass the next two or three weeks getting his work under way and familiarizing himself with conditions here.

Mr. Smith is an educator of considerable prominence, having been superintendent of the schools at Union and Elgin before locating at Eugene. He was in charge of the Eugene science department of the Eugene high school for a year, and was also a special student at the university. Members of the school board believe he will give entire satisfaction here and will prove himself one of the best superintendents ever employed at the head of the local schools.

ROUGH ROADS SCORED BY CALIFORNIA MAN; OREGON IS PLAYGROUND

The reputation of the roads in southern Oregon and notably the road between Cottage Grove and Drain and Cow Creek Canyon, is keeping thousands of tourists out of this state, according to T. B. Bridges manager of Heald's Business College at Oakland, Cal., who passed through here recently enroute to Cottage Grove to visit with relatives. "Bad roads are keeping an almost endless string of automobile travelers from coming to 'God's Country,'" he said. "The people of Oregon can make this state the playground for many thousands of Californians if they will make it possible for them to travel here over roads without enduring all manner of hardships. 'Business matters compelled me to come to Oregon, and those stretches of bad roads have taken much of the pleasure out of my trip. The most progressive thing your chamber of commerce can do is to get busy at once and start a campaign which will have for its purpose the improvement of these roads.'"

EQUIPMENT TO BE ISSUED ON TUESDAY

CAPT. BUCHANAN SAYS MEN OF FOURTH COMPANY WILL BE GIVEN THEIR SERVICE OUTFITS ON DAY BEFORE MOBILIZATION—ORDER RECEIVED

OFFICERS LEARN INSTRUCTIONS

Program is Outlined and Everything Believed in Readiness—Company is Short Only Five Men—Total 109.

Capt. J. A. Buchanan made the announcement today that individual equipment to the men of the Fourth Company, Coast Artillery, would be issued on next Tuesday afternoon and evening, the day before the formal call for mobilization. The last official order, calling attention to instructions to be followed in carrying out the program, has also been received and it is believed everything is in readiness for the smooth working out of the plans.

The equipment which will be given out to the men prior to the assembly on July 25, will consist of two blunders, poncho, shelter-half, haversack, canteen, and tent pegs, poles, and eating utensils, as the full outfit for each man. They will be given to such local men as are on hand Tuesday afternoon and evening. It is said, in order to get as much work as possible out of the way for accommodating the men who will come in from more distant points on the day following.

Capt. Buchanan also said that he had been notified that the number of men to constitute the full strength of the company would remain at 109. This is only five more than the present enrollment in the company and requires that the additional men be secured before the company entrains for Fort Stevens. Capt. Buchanan believes that the company will remain here at least a week and that there will be little difficulty in securing the full quota of men.

The local officers are now busy in going over the regulations to carry out the mobilization period. There are numerous instructions which will have to be communicated to the entire company but from present indications the men will need very little attention since they began early and are now almost sufficiently informed. They will drill each day, however, and observe a strict program of conduct, which will be in effect on the first day of mobilization and not end until the completion of their service.

OREGON HOTEL MEN WERE IN ROSEBURG

MEMBERS OF OREGON HOTEL MEN'S ASSOCIATION ENJOYED LUNCHEON ON THE BANKS OF THE UMPQUA RIVER AT WINCHESTER AT NOON TODAY

LEAVE FOR MEDFORD TONIGHT

The Excursionists Will Visit Crater Lake Saturday While Monday Will be Spent in the Vicinity of Ashland, Jackson County

Breakfast at the Umpqua hotel, automobile drive through the fertile and picturesque Garden Valley, business meetings and a few other minor entertainment features, comprised the first day's program of the annual convention of the Oregon Hotel Men's Association held in this city.

Most of the guests arrived here by special car attached to train No. 13 at 2:30 o'clock this morning. The car was parked in the local railroad yards and the excursionists were allowed to sleep until eight o'clock. They were then ushered into automobiles and taken to the Umpqua hotel where they were the guests of W. J. Weaver at breakfast.

Following the breakfast the hotel keepers and their ladies again entered automobiles and were driven through Garden Valley thence to Umpqua bridge and along the Calanoola river to Sutherlin. From the latter place the excursionists returned to Winchester where they enjoyed a delightful luncheon at noon. The luncheon was served by W. J. Weaver of the Umpqua hotel, assisted by a few public spirited men of the city.

After lunch the party returned to Roseburg and went to the Umpqua hotel where the business session was held. Because this was the semi-annual meeting of the organization officers were not elected today.

At 5:15 this afternoon the excursionists boarded their private car at the depot and left for Medford. They will leave the latter city early tomorrow by automobile and will go to Crater Lake where they will remain until six o'clock in the evening when they will board train No. 14 for Portland. They will pass thru Roseburg late Monday night.

Following their return from Winchester this afternoon, F. W. Beach, secretary of the Oregon Hotel Men's Association, and publisher of the Northwest Hotel News, said: "You certainly have some delightful scenery and in some respects the lay of the land in Garden Valley resembles that tributary to the Columbia river. Your roads are in good condition and the condition of the rural dwellings denotes prosperity. As to the town of Roseburg, it is one of the real wide awake spots in Oregon and is known through the entire West. When I say that my visit to Roseburg has been much enjoyed, I am speaking for every member of our party."

Following were those in the party: A. F. Lundberg and wife, of the Hotel Bonanza, Portland; Fred Black and wife, formerly of the Hotel Pendleton, Pendleton; Victor Brandt and wife, of the Carlton Hotel, Portland; C. C. Childs and wife, of the Portland Hotel, Portland; M. K. Fleming, assistant manager of the Multnomah Hotel, Portland; Edward H. Gowdy and wife, Portland; Mrs. C. C. Horn, of the Walden Annex Apartments, Portland; Bert Westbrook, of the Albany Hotel, Albany; W. W. Osborn, of the Osborn Hotel, Eugene; J. A. Westerland, of the Hotel Holland, Medford; Gene Good, of the Pendleton Hotel, Pendleton; E. H. Hess, of the Ballouville Hotel, Los Angeles; F. W. Beach, secretary of the Oregon Hotel Men's Association, and publisher of the Northwest Hotel News, and C. A. Arndy, who has charge of the party for the S. P. Company.

RED CROSS MILITARY RELIEF BOARD ASKS OLD SCRAPS SAVED

A suggestion was made today from the chairman of the Military Relief Committee of the Red Cross that all of the ladies of this county save their wooden scraps and old stockings, to be held in reserve when needed. All of the wooden pieces, large or small, will be made up into quilts for the army hospitals. The stockings will be mended and also saved for use. It is the plan of the ladies in charge to utilize every bit of material and see that nothing is wasted. If the articles are to be saved a call will be made for them later, as soon as the actual work at local headquarters is commenced. It is planned to get this work started early next week.

FAMOUS SINGER AND LOCAL YOUNG LADY ARE OLD PLAYMATES

A delightful acquaintance was renewed here yesterday, when James Goddard, the famous opera singer, who entertained here last evening at the Chautauqua, and Miss Pearl Stuart, a well known nurse of this city, met for the first time in many years. Mr. Goddard and Miss Stuart were playmates together at Mount Vale Springs, Tenn., where their respective parents always went to spend the summer vacation.

Both of the old-time playmates spent much time during Mr. Goddard's visit here, in recalling the days spent at the summer resort, so well known to them. Mr. Goddard's old home in Tennessee was at Knoxville, a short distance from Knoxville. His home is now in Chicago. Miss Stuart was also well acquainted with Mr. Goddard's parents and they had many memories to exchange. This is the first time they have met since he went abroad to study for his career.

VEGGMEN TRIAL SET FOR TUESDAY

SHERIFF GEORGE QUINE AND DEPUTY SHERIFF F. M. HOPKINS WILL LEAVE SUNDAY FOR PORTLAND WHERE THEY WILL TESTIFY

TWO ROBBERIES ARE CHARGED

Samuel Rubber and George Collins Were Captured While Attempting to Enter the Riddle Postoffice a Few Weeks Ago

Sheriff George Quine, of Roseburg, and Deputy Sheriff Frank Hopkins, of Canyonville, will leave here on train No. 14 Sunday afternoon for Portland where they will testify for the government in the cases involving Samuel Rubber, Patrick Mathison and George Collins, who are under arrest there charged with attempting to enter and rob the Riddle postoffice. Collins and Rubber are also said to be wanted in connection with the robbery of the postoffice at Phoenix, Jackson County, a few months ago.

The men were arrested following the robbery of the Phoenix postoffice and were taken to Jacksonville and jailed. They employed attorney and upon being brought to trial, attacked the indictment. Judge Kellogg held that the information was faulty and the prisoners were released from custody.

The men then came north and a few days later are suspected of having entered and robbed a store at Canyonville. On the next night they went to Riddle and were in the act of entering the postoffice there when they were arrested by Sheriff Quine and Deputy Sheriff Hopkins. A subsequent investigation by the officers showed that Rubber and Collins are ex-convicts and had served terms in the Washington and California penitentiaries.

They were indicted in the Federal courts in Portland and will be tried there next Tuesday. It is presumed the trial will last for several days.

R. V. Tuttle, of Portland, arrived here this afternoon to remain for a few days.

COUNTY CHARGE FOUND BY SHERIFF FRIDAY; LOCATED AT MELROSE

After nearly a week's search Sheriff George Quine this morning located George P. Yale, who wandered away from the county home last Monday. Mr. Yale was formerly postmaster at Calico Valley but constituted to the county home several months ago.

Last Monday he left the home after informing the keeper that he intended to pass a few hours in Roseburg with friends. When he failed to return to the home that night the sheriff was notified. It was subsequently learned that Mr. Yale was last seen in the Socialist Clear Store where he bought a quantity of candy. This was about noon Monday. Immediately following receipt of word that Mr. Yale had been located, Superintendent Schmidt, of the Home, employed a hiker and went after the good man. He is thought to be partially demented and it is possible that he will be sent to Salem for medical treatment.

NUMBERS OF MEN RECEIVED HERE

THE REVIEW TODAY PUBLISHES THE NUMBERS OF TWO HUNDRED AND FIFTY DOUGLAS COUNTY MEN IN ADDITION TO THOSE RECEIVED YESTERDAY

FEW MISTAKES WERE NOTED

Telegram Reiterates Previous Information That Douglas County Will Not Furnish Any Men Under the First Selective Draft

Not even one man will be taken from Douglas County in the draft for the National Army that was held in Washington yesterday. This information was received here Friday in a letter from Governor Withycombe, and was reiterated today in a telegram received from the Adjutant General.

The official order that Douglas County is not affected by yesterday's draft, further than showing the order in which the men will be summoned in the future, follows:

"By virtue of the authority invested in me by the President and pursuant to the act of Congress entitled, 'An act to authorize the President to increase temporarily the military strength of the United States,' approved May 18, 1917, I, James Withycombe, Governor of the state of Oregon, acting for and by direction of the President, do hereby, in accordance with said act and regulations, notify the local board of the county of Douglas, state of Oregon, that the net quota to be furnished by said local board under a draft for the aggregate number of 687,000 men ordered by the President on July 21, 1917, by virtue of the authority of said act is no men."

It should be remembered, however, that every man who registered in Douglas County was drawn at Washington yesterday, and is subject to call whenever needed. This does not mean that all the men selected will have to serve, however, for many of them will be exempted for various causes, while others will be rejected because they will be unable to pass the rigid physical examination.

Following will be found the numbers of about 250 Douglas County men, in addition to those published in Friday's Review. These numbers are published in the order which the men will be drawn in the event they are needed by the Government. The numbers of about 1200 Douglas County men who registered under the draft law are still to be transmitted here from Washington:

The numbers below are set in groups of 25 to each paragraph: 1287, 1142, 6, 327, 664, 93, 1448, 257, 1557, 1142, 346, 1595, 1255, 103, 1585, 1221, 1192, 556, 1565, 154, 1281, 51, 717, 1057, 1256, 1073, 30, 189, 588, 1423, 775, 608, 406, 519, 25, 392, 889, 883, 1166, 588, 856, 705, 1546, 576, 944, 122, 612, 339, 225, 604, 1327, 709, 1259, 1195, 297, 321, 736, 707, 1425, 1092, 1151, 1191, 268, 974, 329, 950, 926, 1019, 919, 856, 1339, 814, 1175, 1079, 738, 1167, 1097, 191, 1234, 1360, 845, 1118, 121, 221, 1537, 1474, 1414, 292, 822, 504, 1064, 3295, 579, 1519, 1091, 479, 212, 1507, 1284, 90.
