PATRIOTIC OREGON.

(From the Tax Liberator.)

Oregon and Oregon people are being favored just now by the greatest volume of advantageous advertising that has ever been our good fortune to receive in all our history.

For some years past it has not been thus. We have been characterized by such terms as "mossback", "spinsters" and legislative "freaks."

There was more reason for this than lay within ourselves. The poor old efete East thought that we were so far from New York that we simply could not hope to ever be anything but a trailer in the train of progress.

For generations the East has looked upon the West with an air of supercilious toleration. We have been regarded much as a wayward child.

Our period of foolish experimentation in legislative matters is past. At the last election we did not vote in favor of a single freak law.

We have put upright and intelligent men in charge of our legislature and they have made good. That too, helps abroad as well as at home and Oregon is undoubtedly first in that regard.

And when the Nation called, we were first in supplying our quota of men to the Army and Navy to bring those branches of our government up to standard.

We were first in our proportion in subscribing to the Liberty Loan.

We were first in the matter of conscription registration.

And in the great Red Cross drive, Oregon again demonstrated her leadership by being first in the matter of over-subscription.

You can tell what is in a man's heart by what he does with his head and hands. So it is with the state and Oregon has proven to the world that her heart is in the right place.

The effects are far reaching. Not only are we favorably advertised near and far but we are unified locally. We have knit more close the bonds of fellowship and brotherhood among ourselves.

And now that we have made good with the Nation, it is time to go a step further and be just as patriotic toward our state by being loyal to those who have invested their money here.

There has been a great misapprehension on the part of many of our citizens as to the advantages of buying at home. Many people often think that it is advantageous to send orders for supplies, machinery, etc., to firms who have adopted the alluring phrase of "mail order house," but loyalty, like charity, should begin at home.

It is the buying and selling of commodities, the exchange of dollars and merchandise that makes the communities prosperous. Without prosperity we sooner or later fail; with it, we all benefit.

It is a fact that cannot be disputed, that the loyal citizen, the man who buys at home, is the man who helps to keep the state prosperous. Nobody wants to be disloyal. Nobody wants to hurt the community in which he lives. Buying away from home does that. You can help you by helping to keep your local merchants busy.

Leave on Vacation - Mr. and Mrs. J. B. King, of the Cash Store, will leave here tomorrow for Portland by automobile, where they will spend their vacation. They expect to visit enroute at Eugene, Salem and Corvallis and will probably spend a few days at Seaside before returning.

Honor Guard Meeting - The business to be discussed at the Honor Guard meeting at the armory at 7 p. m. this evening will make it necessary for all of the members to be present.

William Emery and wife, of Coler Valley, spent the day in Roseburg attending to business matters.

DAIRY TEST NOT TO RAISE PRICE

THAT THE TUBERCULAR TEST OF DAIRY COWS, WHICH HAS RECENTLY GONE INTO EFFECT SHOULD NOT INCREASE PRICE OF MILK, IT IS SAID

TEST IS NOT EXPENSIVE

Dr. R. E. Hunt, Veterinary, Said That Dairy Herds Could be Tested For Reasonable Sum—State Veterinary Also Tests

Much discussion has been caused regarding the probable raise in the price of milk, on account of the tubercular test, a recent law enacted by the Legislature.

Farmers can also apply to the state veterinary to make an examination of their dairy cattle, was Mr. Hurd's statement, and this will be done free of charge.

Mr. Hurd said that the scarcity of feed this year might have something to do with an increase in the price of milk, but that the tubercular test would not make an increase necessary.

There are a great many people who would be very much benefited by taking Chamberlain's Tablets.

Are You One of Them? There are a great many people who would be very much benefited by taking Chamberlain's Tablets.

COUNTY BILLS PAID.

Herrings, surveying 7.50; Harvey Johnson, surveying 2.50; M. B. Germond, surveying 9.35; Bud Moore, labor 42.50; Chester Miller, labor 55.00.

HAS CANYONVILLE A CHARTER TO TRANSACT ITS LEGAL BUSINESS?

The women conducting the municipal affairs of Canyonville are in a flurry as to whether or not that city possesses a charter, says the Morning Oregonian.

The Supreme Court Library has written to the Canyonville City Council, asking for a copy of its charter, and Mrs. Clara M. Shaw, mayor, has written to Secretary Ocutt, asking whether or not that town has a city charter.

"We have a lade council," she writes, "and we have been trying to do things right and get things straightened out."

Mayor Shaw has been advised that the town of Canyonville received its charter through a special legislative enactment of 1901.

MANY FIRES REPORTED TO DISTRICT WARDEN; RETURNED FROM PERDUE

W. J. Landers, district fire warden, and Harry Pargeter, secretary of the Douglas County Fire Patrol Association, returned here last night from the vicinity of Perdue where they made a personal investigation of the fire situation.

Mr. Pargeter stated this morning that seven or eight fires were raging in the Perdue district at the present time. Of this number, only two are said to be of alarming proportions.

This morning Mr. Landers and Mr. Pargeter left for the Camas Valley country where a dozen or 15 fires were reported yesterday.

Mr. Pargeter stated this morning that seven or eight fires were raging in the Perdue district at the present time. Of this number, only two are said to be of alarming proportions.

HOME GUARD MEMBERS SHOW ABILITY TO SHOOT; GOOD SCORES ARE MADE

That the Home Guard will not be lacking in ability to wield fire arms, in the situations that may arise following the departure of the local military organizations, is being demonstrated at the rifle range where members of the voluntary organization have been practicing each morning.

This morning eight members were at the range and each made a creditable score. Standing at 20 yards and firing off-hand, without resting on the ground as do the trained men of the local companies, most of those present registered as high as thirty points out of a possible fifty.

New Pupils Entered

The new pupils who have been enrolled this week at the Roseburg Practical Business College are: Miss Burr, bookkeeping; Leo Rapp and Fred Anderson, stenography, and Beulah Jarvis, combined business course.

Credit Action Filed - E. C. Gray, manager of a local collection agency, this morning filed a suit in the justice court against W. G. Wade and wife, of Drain.

NOTICE OF SALE OF ACCOUNTS.

Notice is hereby given that the undersigned Trustee in Bankruptcy of Annis Driskell, will receive up to 11 o'clock a. m. on the 28th day of July, 1917, at the office of G. I. Hamilton, Roseburg, Oregon, sealed bids for the purchase of the unsecured bank accounts of said Annis Driskell, bankrupt, amounting in their face value to One Hundred Ninety-Five and 40/100 Dollars.

EVERFRESH PLANT RECEIVING SHIPMENTS FROM OUTSIDE AND MANY PICKERS ENGAGED IN LOCAL TRACTS

The loganberry and raspberry harvest started in earnest last week, and as a result the local plant of the Everfresh Company began operations on Wednesday.

Throughout this section both the loganberries and raspberries are below normal size this season, and the yield will be considerably less than last year.

During the past week about 80 berry pickers have been employed by the several growers in this vicinity. Of this number about forty were employed by W. E. St. John, receiver for The J. F. Luse Company, the tracts handled being those of A. J. Ashmore, of Zanesville, Ohio; P. A. Munn, of Portland; Mary E. Bishop, Cleveland, Ohio, and Ella Field, of Centralia, Oregon.

Due to the fact that the crop is short and the harvest will be practically completed at the end of another week, Manager Frank J. Norton is making no effort to operate the local plant at full capacity, there being only about fifteen employed at the present time.

MAC LEAN NOT INTERESTED ON CANADIAN SOIL

Says Report Was Untrue and That He is Coming Back

H. M. Mac Lean, a former well known business man of Sutherlin, who went to Canada several months ago, has written The Sun regarding a story which appeared in this paper several weeks ago to the effect that he had been interested in Canada for the duration of the war.

"Knowing you as I do I have taken no offense at this story. However, a little explanation on my part may put you as well as your readers right on this matter. In the first place I have made no attempt to cross the line back to the United States; but expect to this fall and I do not anticipate any trouble when I do, as I am above the present draft age, both in the United States and Canada.

Returned From Kellogg - Floyd Frear, assistant in the offices of the county surveyor, returned here last night from the vicinity of Kellogg where he spent several days doing some work for Harry Larkins, a timber owner of that locality.

This morning eight members were at the range and each made a creditable score. Standing at 20 yards and firing off-hand, without resting on the ground as do the trained men of the local companies, most of those present registered as high as thirty points out of a possible fifty.

Mrs. L. W. Crocker left for Sutherlin this morning where she will spend the next few days.

"I Can't Believe It!"

"Why, John, I have been so comfortable here all day in the breeze from this fan. I simply can't believe that it has been hot anywhere!"

Stop in our display rooms on the hottest day and you too will be surprised at the cool comfort given out by our G-E fans. A trifling sum will secure this same comfort for your home all summer long.
