Try FELS-NAPTHA this way

Perhaps you've always used Fels-Naptha Soap with boiling water. Of course, it gives splendid results.

But next time you have one or two pieces to clean, try washing them with Fels-Naptha in water of comfortable temperature.

The result will astonish you. The washing is perfect. And so easy! It will be easier still when you do *all* the wash in the Fels-Naptha way.

At your own grocer's

RUSH REEDSPORT HOTEL.

Work on the new hotel at Reedsport, which is being constructed by Nicholas Brown, formerly of Vancouver, B. C., has begun and the new place will be ready for occupancy in a short time, according to Clifford Brown, son of the owner, who left this morning for Reedsport to help with the building, says the Marshfield Times. Brown has been employed in the Coos Bay Iron Works.

The new hotel will have a pool hall and cafe in connection. It will be a two-story structure.

GLENDALE AND VICINITY.

Mayor and Mrs. A. A. Snyder, P. R. Zwight and Miss Loretta Snyder were Roseburg visitors this week.

J. H. Moore, of the California-Oregon Power Co., F. N. Averill and F. Wills, of Portland, left on Monday for a week's hunting on Red Mountain. Carl Sether will have charge of the electric light company's business while Mr. Moore is absent.

Mrs. Olger Sether is visiting with friends and looking after business matters at Roseburg for a few days.

Mrs. L. B. Wickersham and children, of Norfolk, Virginia, who have been visiting at the home of the former's parents, Mr. and Mrs. A. Umphlette, for some time, left for their home last week.

Rev. J. Cline left for Portland Saturday. He will spend some weeks in the northern cities.

Mrs. L. C. Barye and children are visiting relatives on Applegate this week.

Geo. Drummond, of the Glendale News, is in this city looking after business matters and greeting his many friends.

Hunters ad libitum are here, and more are arriving by every train. Game of many varieties is very plentiful, and the field, after the rain, is in good condition. Parties are going out to the Anchor Valley every day.

Mrs. Gladys Kelly and her brother, Emmett Ranicklow, of Seattle, arrived last night for an indefinite stay. Emmett is anxious to sell his property on Gilbertson avenue, and if he cannot sell it, may remain here and occupy it.

A syndicate of Bend, Oregon, are investigating copper prospects in this valley in view of purchasing and operating them. It would mean much for this valley, and we hope it will prove to be valuable and the industry established.

The Fir-Pine Lumber Company are rushing their work and the mill will soon be in operation.

Mrs. E. Winkelman visited her brother, Smith Ramey, at Murphy last week. Mr. Ramey is slightly improved and will be taken to his old home in Minnesota by his brother, who is enroute to accompany him.

For War Work

One man got the privilege of selling Thrift Stamps on the Fifth Avenue buses in New York. He worked early mornings and late evenings, and sold thousands of dollars worth of stamps.

Isn't there some way that you could turn a little of your extra time to advantage, and either earn some money for yourself, or engage in some war work?

Early morning is the best time for this work. Any one of the Hallmark alarms will call you.

A. S. Huey Co.
Roseburg, Oregon.

The HALLMARK Store

The U. S. Food Administration's imperative order to all tuesr retail price reporters to weigh all bread products, was speedily done in this city. All dealers co-operated in performing the work, which made it very easy for the reporter.

Mrs. Sydney Jacques made us a very pleasant visit Saturday. She has been quite ill and is somewhat improved. She is very anxious to be able to visit her mother, Mrs. Ellen Hanks, who is in very poor health at her home at Potlue.

Attorney and Mrs. O. S. Brown are having an extended vacation along the coast from San Francisco north.

Rev. M. C. Davis has rented the Osteen cottage on Willow street. They will send their children to school here, their son and daughter being ready for the high school this year. Mr. Davis will superintend his mines on Coyote Creek, as usual, while he can come by auto and be at home most all the time. We all extend to Mr. and Mrs. Davis and family a cordial welcome to our city.

The Saturday evening entertainment at the Auditorium drew a large audience. The drama, "Mollie O'Toole," was one of the very best ever put on in this city. The war films are a revelation to us all of what war looks like, and what our brave soldier boys are enduring for us "over there." The band dance was a success and much enjoyed by Glendale society.

Our city is very lively and everybody is well and happy.

BERE'S REAL NEWS

For Readers of The Review.

What could be of more interest to Roseburg kidney sufferers than the statement of a Roseburg resident who has suffered and has been cured?

Doan's Kidney Pills are publicly endorsed by many Roseburg people. Read what Mrs. L. T. Thompson, 527 W. Washington St., says: "My back was weak and lame and worse when I got up in the morning. My kidneys were congested and acted irregularly. The first few doses of Doan's Kidney Pills gave me great relief and it only took one box to rid me of the misery in my back and make my kidneys normal. I have never had any symptoms of kidney trouble since."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Thompson had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

INDUSTRIAL CLUB NOTES.

(Douglas County Agricultural News)

This is the time of the year when all club members should begin to round up the year's work. A few suggestions perhaps will not be amiss.

1. Has that corn and potato seed been well cured since the rainy spell?

2. If the potatoes are drying up have you investigated to find the cause? Are the potatoes well matured?

3. Have garden club members selected and marketed their best products for the exhibit?

4. Are your bees swarming? What special care are you giving them?

5. How about the pasture pig? Does he have plenty of green feed and water? Is he gaining weight at the rate of one pound a day? Watch supply of feed.

6. Are the sheep keeping in good shape during this hot weather?

7. Have you kept the milk weight sheets (weights of your dairy herd)?

8. Girls, begin to finish your baking lessons, for the canning and drying is at hand.

9. Are you planning canning and drying tools?

10. Prepare the sewing lessons on all finished, if not, why?

11. Are all club reports complete? This is very important.

WHERE TO GET RESULTS.

You can reach the people by advertising in The Review. There are many copies of the Daily and Weekly Review printed and circulated regularly every week, more of all the other Douglas County papers combined.

"I BELIEVE IT SAVED MY LIFE," SHE SAYS

Former Trained Nurse, Graduate of Bellevue Hospital, Gains 25 Pounds Taking Tanlac.

One of the most interesting of the many remarkable statements yet made in connection with Tanlac was given by Mrs. Marie J. Howard, who resides at 402 Westlake Ave., North, Seattle, recently. Mrs. Howard has been a resident of Seattle for the past eighteen years, and before her marriage was a trained nurse and a graduate of Bellevue Hospital, New York. When asked if she would be willing for statement to be published, she said, "Yes, indeed, and you may start it by saying I believe Tanlac has saved my life.

"I have suffered from stomach trouble and disordered liver and kidneys for five years and had gotten in such a bad condition that I honestly felt like I was going to die. Everything I would eat fermented in my stomach and the gas formed by it would cause my heart to palpitate so my breath would almost stop. There were intense pains all through my back about my liver and kidneys and I can't begin to tell how I did suffer. I had fearful headaches and was so nervous I hardly knew what sleep was. I was often down in bed for a week at a time, hardly able to raise my hand. Then I would manage to stay up for two or three days, but would have to give up and take to my bed again. I would often go for two or three days without eating a mouthful of anything. I lost weight right along and am telling the positive truth when I say I was in such an awful condition that I thought I was going to die.

"After reading and hearing so much about Tanlac I bought a bottle, thinking if it did others so much good, perhaps it might help me too. Well, it has not only helped me, but I have actually gained twenty-five pounds since I began taking it and have never felt better in my life. My appetite is good and my stomach is in such a splendid condition that I can hardly eat enough, and I don't suffer a particle afterwards. All my pain and misery is gone, my kidneys and liver are acting splendidly and my nerves are perfectly strong and normal. I sleep every night like a child, and don't know what it is to have a headache. My husband has also taken Tanlac with wonderful results. In fact, I think it has done him as much good as it has me, and we both consider it the finest medicine made."

Tanlac is sold in Roseburg by W. F. Chapman, in Riddle by D. F. Everett, and in Oakland by Miller Drug Company. (Adv).

CANNING AND DRYING TEAMS.

(Douglas County Agricultural News)

There is no more patriotic way to serve the Government in its great need than by the conservation of food that usually has been wasted here in Douglas County.

In every neighborhood where there are three or more girls it is your duty to organize a team. If more, then organize two or more teams and compete as to which can get the best quality and the most.

Do not let the windfall apples go to waste! dry them! You will be surprised how little time it will take and the real pleasure you will get. Uncle Sam needs every pound you can save, if you do not need them in your own home. We are especially emphasizing drying as it does not take sugar to preserve the fruit and vegetables.

Any neighborhood wishing to organize these teams should notify Supt. O. C. Brown, who will get help if you need it to demonstrate this most important form of conservation of food. Now is the time to get organized for this great work.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of

SWIFT & COMPANY U.S.A.

Packers' Profits Are Regulated

The public should understand that the profits of the packers have been limited by the Food Administration since November 1, 1917. For this purpose, the business of Swift & Company is now divided into three classes:

Class 1 includes such products as beef, pork, mutton, oleomargarine and others that are essentially animal products. Profits are limited to 9 per cent of the capital employed in these departments, (including surplus and borrowed money), or not to exceed two and a half cents on each dollar of sales.

Class 2 includes the soap, glue, fertilizer, and other departments more or less associated with the meat business. Many of these departments are in competition with outside businesses whose profits are not limited. Profits in this class are restricted to 15 per cent of the capital employed.

Class 3 includes outside investments, such as those in stock yards, and the operation of packing plants in foreign countries. Profits in this class are not limited.

Total profits for all departments together in 1918 will probably be between three and four per cent on an increased volume of sales.

The restrictions absolutely guarantee a reasonable relation between live stock prices and wholesale meat prices, because the packer's profit can not possibly average more than a fraction of a cent per pound of product.

Since the profits on meat (Class 1) are running only about 2 cents on each dollar of sales, we have to depend on the profits from soap, glue, fertilizer (Class 2, also limited) and other departments, (Class 3) to obtain reasonable earnings on capital.

Swift & Company is conducting its business so as to come within these limitations.
