

ARMENIA AND SYRIA'S ANOTHER JOB FOR THEIR UNCLE SAM

WHITE SLAYER GIVES SENTENCE AT PORTLAND

Edward Wilson, alias Rex Young, against whom charges of white slavery, bootlegging and subornation of perjury had been filed before the Federal Court at Portland, was sentenced to serve four years and one day in the Federal prison, having been proven guilty as charged. The man appeared in this city some time early in December with a young girl who gave her name as June Smith. The two registered at a hotel front under different names and the man posed as her uncle. Federal authorities learned of their visit here and as a consequence local parties were subpoenaed as witnesses against the accused. However, the slayer was convicted on the Portland charges, that of bootlegging and suborning for a fallen woman and attempting to introduce false testimony. These actions while in this city, though of a shady nature, did not prove to be of a damning character.

(From Port Umpqua Courier). Walter Markay, of Portland, who is well known in Roseburg and vicinity, and who is associated with W. P. Reed and Jess Lyons in the Roseport tourist, returned to Portland Tuesday, after spending several days here on business.

ilities in promoting educational, athletic and entertainment activities in the American Expeditionary Force. This is placing a rapidly increasing burden upon our personnel. The army is also now preparing for post exchanges which heretofore have been imported, manufactured and delivered by the Y. M. C. A.

In view of the changed situation I wish to know whether you do not think it would be possible for the army at a very early date to assume full responsibility for the maintenance of post exchanges throughout the American Expeditionary Force?

Very cordially yours, (Signed) E. C. CARTER, General Pershing immediately acted upon the suggestion made by Carter and relieved the Y. M. C. A. of its task of maintaining the post exchanges. He said:

My Dear Mr. Carter: I have received your letter of January 29th asking whether, in view of present changed situation, it would be possible for the army to assume full responsibility for maintenance of post exchanges throughout American Expeditionary Force.

As you correctly state, the Y. M. C. A. undertook the maintenance of post exchanges at my request at a time when it was of greatest importance that no available soldier should be taken away from vital military functions of training and fighting. As reasons which impelled me at that time to request you to undertake this work no longer exist, I am glad to approve your suggestion in reaching this conclusion. Consideration has been given to new methods in connection with entertainment, athletic activities and education that you have assumed. I have accordingly given directions that army units themselves take over and operate their own post exchanges.

In making this change permit me to thank you for the very valuable services and assistance which the Y. M. C. A. has rendered to the American Expeditionary Force in handling these exchanges. Handicapped by shortage of tonnage and land transportation the Y. M. C. A. has, by extra exertion, served the army better than could have been expected, and you may be assured that its aid has been a large factor in the final great accomplishments of the American army.

Very cordially yours, (Signed) JOHN J. PERSHING.

ROBERTS MOUNTAIN CUT-OFF WILL BE PAVED SOON.

County Judge Marsters stated this morning that the State Highway Commission favors the paving of the Roberts Mountain cut-off and the Rose Hill portions of the Pacific Highway this year, and that in his opinion the Riddle section would receive a coat of paving this season. These two important strips of roadway are now practically ready for hard-surfacing, having been graded last season. According to Judge Marsters, actual work will commence on the project about the middle of April, providing weather conditions will permit.

SOLDIERS' INSURANCE MADE CONVERTIBLE.

WASHINGTON, March 18.—The last legal obstacle to the issuance of a new insurance policy into which soldiers' insurance may be converted, was removed today when Attorney General Palmer gave an opinion that the Treasury might pay insurance to the estate of deceased persons as well as to specified beneficiaries.

JUDGE THE BUSINESS MEN OF A TOWN BY NEWSPAPER.

(From Port Umpqua Courier). Strangers coming into a town or a locality are always anxious to see a paper of the town. The first thing they turn to is the advertisement by assuming that they can form good opinions of those who are wide awake to their business and the welfare of their town. The town people are looking every day for business, and if they can not find them at home they will naturally seek somewhere else. The newspaper should tell about these bargains and the business men should see that it does, and so will it be a mark of business. There are always a few in a town or community who expect to do business and neither in every cent possible without giving any returns to the community. They will not attend welfare meetings, commercial meetings, nor contribute a cent to the upbuilding of the town. They will not advertise in their home paper, but they expect the paper to take up and exploit the locality and defend all of its industries against encroachments, and are always asking for special favors and wanting something for nothing. They do not care a "tinker's dam" for the town or the country, only to get something out of it at the expense of others. They are always ready to let "George" do the work and bear the expense of all improvements, and they sit back and reap the benefits. A business that is not worth advertising or a business man who does

KRYPTOKS cannot be distinguished from single-vision lenses. If you need bifocals permit us to explain the efficiency that you can secure from KRYPTOKS. A personal interview will give you a better knowledge of our methods and what we would be able to do for your eyes. Sherman W. Moody Optometrist—Manufacturing Optician. 881 Willamette St. EUGENE, OREGON. "See Moody and See Better."

not take any interest in his home town, is not worth patronizing by those who do. So by looking over the advertisements in a home paper one can readily tell who are the live wires, as well as the citizens of the town who are doing things.

According to the Roseburg press, similar community meetings or fairs will be held throughout the county as were held last year, one of which was held on South River with great interest. It has been suggested that the citizens of the lower Umpqua country hold the meeting this year at Roseburg, it being considered the most centrally located for all who may wish to attend. If this is done or if it is not done, it is time that the matter be given thought and preparations be made for one of the best meetings in the county. W. S. Burnett and family have moved to what is known as the Perry place near East Gardiner, where he will engage in the raising of Jersey stock and poultry. In the meantime he will continue his boat building plant in this city.
