YANK DECLARES HE SURROUNDED SIX HUNS.

(Port Umpqua Courier).

ATLANTA, Ga., April 13.—Cantey Villepigue, the fighting South Carolinian who has just been awarded a D. S. O. medal by the war department for bravery in attacking a machine gun nest "over there," killed four Huns, captured six and brought them in with their machine guns single-handed. Out at the Fort McPherson hospital Cantey was asked, "How did you get 'em?" by an admiring friend. "Well, I'll tell you," replied Cantey quizzically, "I just closed up and surrounded 'em."

The above is a little more than we heard from the boys who have returned home in this neighborhood.

COOS BAY MAN TAKES BRIDE IN PORTLAND.

MARSHFIELD, April 13.—Andrew P. Davis, supervisor of the Coos bay district of the Pacific lumber inspection bureau, surprised his friends when he returned today with a bride. He was married Saturday at Portland to Miss Mabel White of Seattle. Mr. Davis is widely known in the lumber trade. He was deputy sheriff here four years, and until transferred back to the Coos bay district was with the inspection bureau at Seattle.

Children's Ailments

DISORDERS of the stomach and constipation are the most common diseases of children. To correct them you will find nothing better than Chamberlain's Tablets. One tablet at bed time will do the work and will make your child bright and cheerful the following morning. Do not punish your children by giving them castor oil. Chamberlain's Tablets are better and more pleasant to take.

Victory Loan Subscriptions Will Come from Every True American, He Says

United States Senator Charles L. McNary of Oregon urges every American to rally to the support of the Victory Loan in the following statement:

"The spirit of the American people has so far kept the government on its financial feet, and as long as this spirit maintains, this government will not be embarrassed in meeting its post-war obligations. The American people have come to the fore each time a Liberty Loan was floated, and now they are asked for the last time to answer the call as willingly as they did while this country was engaged in war, and buy Liberty Bonds and War Savings Stamps to the limit of their capital.

"No personal sacrifice is entailed; all can help and at the same time help themselves, for the government merely asks for the loan of our dollars, promising to return them with interest in due time. We cannot afford to shirk this duty, and besides I believe that the love every true American possesses for his country will cause every person who can possibly afford to do so to take up some of these government securities, helping the government pay its war debts.

"Let's all see it through, and write a fitting concluding chapter to America's great undertaking. Let no one say that America is a land of quitters. Every true American who realizes his country's needs is always willing to 'come to bat' with his money or his life, if need be, as was so tellingly demonstrated in the great struggle just ended."

METHODISTS OFFER ORGANIZATION FOR V. LOAN CAMPAIGN

Church Halts $100,000,000 Drive to Help Government Float Last War Loan.

The Joint Methodist Centenary Commission has turned over to the Government for the Victory Loan its entire organization, comprising 17,000 pastors, 60,000 minute men, and 20 area offices and staffs. The organization, in tendering its services to Secretary of the Treasury Carter Glass, announced also that the Methodist drive for $105,000,000, which was dated for the same period as the Victory Loan, has been postponed until May 18th to make way for the Loan.

Secretary Fred B. Fisher, offering the Centenary organization to Secretary Glass, wrote: "Recognizing the absolute importance of the full success of the Victory Loan Campaign of our Government, we heartily commend the action of the Joint Commission in postponing the intensive drive of the Church to give precedence to the Victory Loan Campaign." With the corps of trained speakers and executives the entire Methodist press and publicity departments will be loaned to the Government.
