

"Miracle Man" Is Wonderful Story

From the sordid slums of New York's Chinatown to the grandeur of high mountains and the majesty of the sea—that is the range of his setting in "The Miracle Man," a big new dramatic-arts picture produced by George Loane Tucker, which is coming to the Auditorium theater April 8 and 9. The same expanse of vision is reflected in the absorbing story, written by Frank L. Packard, later dramatized by George J. Cohan, and produced with striking success on Broadway.

WILBUR'S CLEANINGS.

The Wilbur and Winchester high school board has just received from the contractor the new building that was begun on the old grounds of the old Umpqua Academy. The structure is of the most approved type of modern school building—braced, constructed of galvanized iron, with a concrete foundation, built with steel reinforcement, and finished with plaster and white paint. It contains six classrooms, library, office and a student auditorium. The latter is provided with seating for the presentation of motion pictures. A most efficient heating system has been installed and electric and shower baths are in place in the basement.

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has become the signature of a household name. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment. What is CASTORIA? Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.
