

Great Day at Christian Church

The Easter service at the Christian church was a decided success throughout the entire day. The Bible school began with 350 present, and plenty of enthusiasm. The morning audience filled both the main floor and the gallery, as did the evening audience. The music was high class, and Mrs. Cross, who sings the sweet gospel songs, sings them directly into the hearts of the people. Besides a beautiful voice, she has a fine interpretation. The sermons were among the great ones. The preacher knows how to bring home great truths for the modern day. During the day there were 29 united with the church. 19 by profession of faith and one by letter. An offering of \$65 was made to the widows and orphans work of the church. The meetings continue through the week and over next Sunday. Tonight the evangelist will preach on "The Seven Signs of Jesus' Coming," and on Tuesday evening, "Is There a Hell?" Next Sunday there will be services throughout the day. In the morning at 11, in the evening at 7:30, and in the afternoon a meeting for women only. Mrs. Cross will conduct a story telling hour for the children Friday afternoon right after school. The children love these stories. There will be baptismal services this evening.

Going to California—Mrs. L. Shambrook and daughter, Mrs. E. J. Ellison, left this morning for Oakland, where they will visit today and make preparations to leave this evening for points in California where they will remain for two or three months.

Gloves Rapp Returns—Miss Gladys Rapp, daughter of Mr. and Mrs. G. W. Rapp, returned this morning to Monmouth, where she is training for the teaching profession. She has been spending the Easter vacation visiting her parents in this city.

Howell Murder Trial In May

The Howell murder trial, under present plans, will come up in May when Judge Coke will have impaneled a new jury, some of whom have served on juries who heard the former trial, says the North Bend Harbor. Harold Howell is the boy who is facing trial on the charge of murdering Lillian Leuthold, the little girl of about the same age, both residents of Bandon. This is his third trial, the two former resulting in a disagreement, with the vote of the jurymen favoring conviction. Under orders of Judge Coke the sheriff has given orders to the jailer in charge not to admit visitors but once a week, and only then those of the immediate family and who have to do with the boy. People who may be attracted by morbid curiosity are excluded entirely by the court's order.

The boy is strong and healthy and spends much of his time amusing himself with a cornet on which he manages to play sufficiently well to create an interest in the effort. He occupies a double cell on the east side of the jail and is entirely removed from the associations of those who may occupy cells in the west corridor of the jail. The next trial will be a hard fought legal battle, the defense having been strengthened by additional counsel as has the prosecution. The case now is a theme of general speculation, but it is admitted by nearly everyone that no matter what the verdict is, this will without doubt be the last trial.

Accepts Position—Miss Mina Brower, formerly of Ashland, has accepted a position as stenographer at the Douglas County Light & Water company office to fill the vacancy created by the resignation of Miss Mattie Lee Stephenson, who is now employed at the Palace of Sweets.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute. Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place. Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lasy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 10c and 25c.

"Warm Blizzard" Makes White Easter

CHICAGO, April 5.—The middle west and the southwest, heartened by weather bureau predictions of a return to "balmy spring" weather today set about digging themselves out of record breaking Easter snow falls. What was officially designated as a "warm blizzard" began in the panhandle and swept rapidly through the central west and is continuing eastward today. The snowfall is ranging from 6 inches to 2 feet.

COLLEGE DEBATE NEARING. CORVALLIS, April 5.—With the intercollegiate debate with Washington less than a month off, valedictorians and coaches are busy. Teams have been chosen and the men are hard at work on their papers. The contest will be held on Friday evening, April 30.

W. P. Black of Corvallis and Harold Readen of Ontario will uphold the affirmative of the question which reads, "Resolved, That the Paris peace conference should have awarded the province of Shantung to China." They will remain at home. Paul Emmett of Portland and Tom Morse of Seattle will compose the negative team which will make the trip to Seattle, the match being a dual contest. Black, Readen and Emmett are experienced men, this being the second variety debate for each of them this year. Morse is new at the variety game but has had considerable high school and interfraternity debating.

FARM REMINDERS. Poultry: Raise chicks from good strains of layers, then feed them in such a way that the pullets will keep up the reputation of the strain. Poor feeding of the chicks will result in poor laying of the pullets no matter what the strain is. It pays to buy the best feed. Annual Husbandry: This is a good time to set land aside to raise corn for silos. Results of experiments carried on by the eastern Oregon experiment station showed that steers fattened on alfalfa hay gained about one pound daily while those fed on alfalfa and silage in eight different tests gained a little more than 1 1/2 pounds daily. The cost of feed amounted to about the same in both cases. Dairy: Build a silo and pay income tax. Unless the dairymen begin to market a better grade of cream the indications are that the price of butter fat will be as low this year as it was last year or perhaps even lower.

SUMMER COURSES AT COLLEGE OUTLINED. CORVALLIS, Oregon, April 3.—Extensive work has been outlined for the coming summer school at the Oregon Agricultural college here. The school will be held from June 21 to July 21 and will give courses in practically all the departments covered in the regular school year.

MUCH PAPER SALVAGED. PORTLAND, Apr. 5.—There seems little connection between the Salvation Army and the paper famine. Yet the industrial homes of the Salvation Army annually salvage towards 100,000,000 pounds of waste paper to help relieve the shortage. One newspaper publisher, recognizing the work of the army waste paper harvesters, declared two colored paper sent to paper mills last year would print one edition of the newspapers with combined circulation of 1,250,000,000 copies, or supply a newspaper of 3,424,587 circulation with paper for a year.

CARD OF THANKS. We wish to thank our friends and neighbors for their many kindnesses during the illness and death of our dear and grandfather. Also for the beautiful flowers. MR. & MRS. H. H. BREEDLOV, EVA K. BOND, IOLA BOND-MARTIN.

POLITICAL ANNOUNCEMENT. I hereby announce my candidacy for county commissioner for Douglas county on the Democratic ticket. J. F. O'Mara.

When company comes there is no time to waste—no chances to be taken—so mother sees that there is always a can of CALUMET BAKING POWDER on hand. Cakes, pies, doughnuts, muffins, and all good things to eat must be dressed up in their best taste and looks. Then, too, her reputation as a cook must be upheld—and she "stakes" it on Calumet every time. She knows it will not disappoint her. Order a can and have the "company" kind of bakings every day. Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities. You save when you buy it. You save when you use it. HIGHEST QUALITY AWARDS

"UNDRESS FOR DINNER" LONDON, April 4.—Prevailing fashions in women's gowns were vigorously assailed in a sermon recently by Rev. Bernard Vaughan, a widely known Jesuit father, whose essays and sermons on morality and home life have for the past 20 years attracted great attention throughout the world. "In days gone by ladies dressed for dinner, now they undress for it," he declared. "Women's clothing ought to serve the three purposes of decency, of warmth and of ornament. Girls who follow the up-to-date fashions are ruining their own and their neighbors' souls as well as their own bodies. Designers of fashions seem to be devoid of as much of taste as of principle."

CARPENTERS UNION ACTIVE. The Marshfield Carpenter's Union yesterday called their members off two jobs because the wage scale was not in accordance with the action of the union sometime ago to enforce the new wage scale of \$8 per day. The two jobs affected were the new veneer plant which is being built under the supervision of B. H. Ostlund and the new Matt L. May warehouse which is being built by P. M. Tulley under contract. The minimum scale on the two jobs was \$6 to \$6.50. Later, it was stated that Contractor Tulley had agreed to pay \$7 per day but the union held out against this.

NOTICE TO THE PUBLIC. There will be more great tickets to the Street Concert than the club members will use. The general public can purchase these tickets for 50c from Miss Parlow at Ott's Music Store, as long as they last. Concert will begin promptly at 8:15, Tuesday evening, R. M. BRUMFIELD.

Blight Resisting Pear Trees Offered

The Chamber of Commerce is in receipt of a communication from Mr. Waite, of the agricultural department at Washington, D. C., stating that they have been propagating a very strong variety of seedling pears, with a view to securing desirable varieties that show strong resistance to blight. These pears have been cared for partly under nursery conditions and partly in the open at their testing grounds on the Potomac river, about 20 miles south of Washington. Some of these trees have been producing desirable and satisfactory fruits and appear to be better able to resist ordinary blights. These seedlings or scions could be secured if any of the growers are interested.

FIGHTING THE SPIES. LONDON, April 5.—The British government is taking steps to restrict the operations in England of spies from foreign countries. The House of commons has just adopted anti-spy regulations at the request of Sir Ernest Follock, the solicitor general, who told the members of the house that information was now being collected here for foreign governments and that this ought to be stopped for the sake of the country's safety.

"Spies are as active in this country as ever," said Brigadier General Cockrell, director of special intelligence at the war office.

DIRIGIBLE IS OBSOLETE. FULHAM, England, April 5.—The dirigible airship, R-34, which crossed the Atlantic ocean to America, already in declared to be an obsolete type, although she was not completed until after the war had ended. It is announced that this trans-Atlantic dirigible, her sister ship, the R-32, are to be used hereafter only for experimental purposes. The Globe says that reports that they may be used for commerce or passenger-carrying are untrue and that they could not be used with any success for such purposes.

The R-34 is 640 feet long and was expected to have a cruising radius of nearly 5000 miles.

ASTOR BUYS ISLAND. LONDON, April 5.—Viscount Astor has bought part of the island of Jura off the west coast of Scotland and plans to erect on it a mansion and some smaller dwelling houses, the latter apparently for the occupation of his friends. Lord and Lady Astor will reside on the island only during the deer stalking season. Jura is about 25 miles long, is described as a range of mountains rising out of the sea and is a natural deer forest.

Are Moving Today—George K. Quine is today moving his household goods to his new home recently purchased from Mr. Fitzgoff. The Quine family have resided at the corner of Fowler and Court streets for a number of years. The Fitzgoffs have removed to their new home, formerly occupied by Charles Parrott and situated on Douglas Street.

May 21, 1920. ARTHUR WALKER, Roadport.

FOR DISTRICT ATTORNEY. I will be a candidate for the Republican nomination, to succeed myself, as District Attorney for Douglas County, Oregon, at the primary nominating election held on May 21, 1920, your support will be appreciated. GEORGE NEUNER, Jr.

FOR COUNTY COMMISSIONER. I submit my name to the Republican voters of Douglas county for nomination to the office of County Commissioner at the primary election to be held May 21, 1920. "For and with the producers of the county. Lowest possible tax with consistent progression. All road districts to have their just amounts and in proper time to improve their roads, and in accordance with the desires of the people interested. A fair price for labor, with fair results." A. F. STEARNS.

Will Poison Diggers—The Southern Pacific company has sent in regulations for a consent of poison barley and a crusade will be started against the gray digger squirrel along the right of way. The farmers of the community have started operations against the digger and with the aid of the Southern Pacific, much of the damage done by them can be overcome.

If Your Child Has a Cold, Cough, Croup—YOU CAN'T BEAR to see your baby struggling and struggling with croup, or an older child in the paroxysms of whooping cough, or suffering with a distressing cough that strikes and rakes the whole body—as a so-called "common cold" often does. Neither can you carelessly motherly give a child a medicine which she fears may contain morphine, opium or other harmful drugs. Fortunately, the problem is solved for such mothers by

Foley's Honey and Tar COMPOUND. It is just what children ought to have for feverish colds, coughs, "croup," and that tight, wheezing breathing, it stops croup, too. It cures and checks whooping cough, measles cough and bronchial coughs.

Grateful Father Tells What It Did. W. F. Curry, 125 O. St. St., Everett, Wash., writes: "I have a little girl 2 years old for a good while she has been suffering with a feverish cold, cough, and croup, and she has been in a hospital, and obtaining medical relief for her. My wife and I have been worried with a child of this kind, and we have seen that it is the best remedy for such cases, and that it cures it." Parents who use Foley's Honey and Tar know it is safe and no harm will come even if an overdose should be given by accident. It tastes good and children like it. It won't upset the delicate stomachs of young children, delicate stomachs of elderly people.

In 2000 Counties This Month

The Forces of the Church of Christ Will Gather To Face the Facts

IN 2000 counties in the United States the pastors and laymen of 30 great denominations will meet in conference this month.

It is the kind of conference that generals hold before a critical engagement; that business men hold before entering a new market. A conference of judgment, not emotion; a clear-eyed facing of the facts.

A Survey that Business Men Must Admire. For more than a year hundreds of workers have been quietly engaged in making a scientific survey of the mission fields, and of America county by county.

The facts developed are startling. No such picture of America's religious situation has ever before been drawn.

On the basis of these surveys thirty Protestant denominations are uniting in a

Nation Wide Cooperative Campaign. Each of the thirty denominations has its own "Forward Movement" organized and officered. The Interchurch World Movement is the clearing house for all of these.

It is the agency which the churches have created to avoid duplication, to foster cooperation and make sure that every man and dollar render the utmost service possible.

The month of April will be devoted to making the facts of the survey known to America; in the week of April 25th - May 2nd, will come a united simultaneous financial campaign.

Whether You Are Inside the Church or Out. To every man and every woman who loves his country, these 2000 county conferences are vitally important.

For the facts developed by this great survey show vividly what forces are at work in America—and what kind of a country this country is to be.

See that the pastor of your church appoints delegates. Any pastor can tell you the conference place and date. Or write direct to the
