SPEAKERS EXPLAIN PLAN OF CAMPAIGN

Protestant Churches to Raise \$336,772.572 For Religious Work.

"Every dollar to be raised by the Protestant churches associated in the Interchurch World Movement in the campaign which will run from April 25 to May 2, has its efficient part in the budget which was scientifically arranged from information secured through the same and foreign surveys of the Movement."

This was the statement of the representative of the campaign department of the Interchurch World Movement at the county conference held in this city. "There is no guess work about any part of it," he said. "Our surveys, extensive and complete beyond any such undertaking ever before inaugurated, show just where and for what the need is greatest, and enables us to plan for maximum efficiency from the funds secured. There will be no over-lapping, no false motion, no waste. Never did any business establishment plan its future expenditures with greater care, or from more complete data."

"The thirty denominational campaigns will be conducted simultaneously from April 25 to May 2, each following its own denominational channels and having full freedom of action. In addition, the campaign will be a united campaign as well. "The raising of the \$336,772,572 will be equitably and justly distributed

among the states. Each state will make quotas on the same fair basis to each county. The county will make quotas to the communities and the communities will raise the funds through an organization made up of a number of divisions. Each local church will maintain its identity and be a unit in its denominational division.

"The sum of \$175,448,349 is to be paid by the subscribers this year. "In presenting the budget the Interchurch World Movement asks nothing for itself. "The purposes for which the money is to be expended are: Foreign Missions, \$107,561,488; Home Missions, \$109,949,037; American Education, \$78,837,431; American Religious Education, \$5,931,925; American Hospitals and Homes, \$5,116,485; American Ministerial Pensions and Relief, \$20,510,299; miscellaneous, \$8,779,927."
