War Taxes Force Nobility to Sell

LONDON, March 22.—(By Mail).—England's war taxes continue to force many of her nobility to sell parts of their great estates. One of the greatest of these which recently has passed under the auctioneer's hammer is that of the Duke of Rutland, which is known as Belvoir. The Duke owns about 55,000 acres of which 12 is selling about 13,000 acres located in the best part of the Lincolnshire hunting district. He explained at a public meeting that the sale was made necessary by the increasing burden of taxation resulting from the war.

Goodby Hall, one of the Duke's properties of 250 acres, was sold privately in the advance of the public sale and 100 tenants have bought from the Duke the farms he had rented to them.

Earl Manners' estate, known as "Holme Pierpoint," at Radcliffe-on-Trent, has been sold at auction for \$2,685 pounds. It covers 320 acres.

It is reported that part of the estate of the Earl of Londesborough, comprising Raincliffe woods and racecourse, has been bought by a Scarborough financier.

Germany Gets Cash In Unusual Manner

BERLIN, March 21.—(By Mail).—The German government hopes to raise 1,000,000,000 marks by unusual levies on telephone subscribers. It is announced that they will be assessed a special one-time tax of 1000 marks, which will bear interest and be returned when the subscription is cancelled. Charges for the use of telephone will be more than doubled and postage rates increased 100 per cent in April. Telegraph rates will be heavily advanced.

Panamanians Have New Kind of Drink

PANAMA, March 21.—(By Mail).—The Panama drink called "piso," which is made of the milk of a young green coconut, enlivened with a generous dash of sherry, is finding much favor among people who come here from the states since national prohibition took effect. Owing in part, perhaps, to prohibition, the isthmus is experiencing the greatest rush of tourists in its history.

CONFIRMED PROOF.

Residents of Roseburg Caught Doubt What Has Been Twice Proved.

In gratitude for relief from zeches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Roseburg, who so testified years ago, now say the results were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Roseburg kidney sufferers.

A. J. Carman, railroad conductor, 446 S. Pine St., Roseburg, says: "So much riding, no doubt, affected my kidneys and caused a dull ache in the small of my back. I used Doan's Kidney Pills with the very best results."

AFTER THREE YEARS Mr. Carman said: "I know Doan's are reliable. Whenever I need a kidney remedy Doan's Kidney Pills do the work."

Prices 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Carman had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

BATTLE BETWEEN TOOTH PAST Who Will Settle the Argument. Let Your Druggist be the Referee.

It must be perplexing to the reader to decide which of the claims are logical and which are unsupported when he reads the glowing advertisements of the various manufacturers of Tooth Paste.

One maker's product lays stress on the flavor. Another claims to "remove the film" still another leaves a "clean feeling." Another calls attention to the tooth of wild animals and is reputed to be highly antiseptic.

After reading all carefully, the intelligent person decides to refer the matter to the court of last resort for the true answer. The Druggist is the one whom the physicians and dentist relies upon to furnish expert advice on the action of chemicals. Why, therefore, is he not the person for you to trust? Look years of patient training and a knowledge of the relative value of various ingredients in all chemical products have fitted him to express an opinion. He knows because he is qualified to know.

Something over 28,000 druggists and physicians in this country belong to national association known as the American Druggists' Syndicate. The national formula committee of this great association met annually in conference for 10 consecutive years in order to select the best formula for household remedies to be manufactured in their own great laboratories maintained at Long Island City.

One of their well known preparations is A. D. S. Peridox Tooth Paste which has been endorsed by leading dentists in every state of the nation. Your druggist will tell you that it enjoys a reputation for its ability to do a perfect product is briefly stated when he tells you that "besides doing all that any other tooth paste can do, Peridox whitens like peroxide."

Large production of this remarkable preparation enables you to still purchase the large tube at the old price—25 cents. Try a tube today and be convinced.

Whitens like Peroxide. Peridox Tooth Paste. Sold only where A.D.S. goods are displayed.

Famous Play Attracts Crowds

"The Miracle Man," which is to be shown at the Antlers on Thursday and Friday of this week, is one of the finest film plays on the screen today. Roseburg residents who witnessed the production at its recent sensational run in Portland pronounce it to be one of the finest pictures ever witnessed and many will attend its production for the second time. The story deals with characters of the underground world and their restoration to society by the example afforded by the life of "The Miracle Man," who remained steadfast in his faith despite temptation and trial. The moral lesson in this picture has appealed to thousands of people and wherever the great film is shown the house is crowded to capacity. In Portland its run was attended by larger crowds than ever before came out for a film production and the same has held true in many other cities.

BETTER THAN CALOMEL. Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. The pleasant little tablets do the work that calomel does, but have no bad after effects. They do not injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 10c and 25c.
