GOVERNMENT SEEDS.

When a man gets a package of government seeds, he is very apt to be subtly impressed with the idea that his congressman is on the job, and personally interested in his welfare.

The Kansas state highway engineer says but little brick and cement road can be laid in his state this year, owing to high cost of such materials.

brought from a long distance. The country is ready to spend a lot of money on roads. But let not producers of material think any old price will be paid.

Wildcat rumors are being spread throughout the east in reference to desirable Oregon land offered to soldiers by the government.

Spending a lot of money does not help to get elected to office nowadays, but so far none of the political workers has refused to take all that anybody wanted to offer him.

The people who have set out to own their own homes, and are paying fixed rates of interest on a mortgage, are not complaining about any rent profiteering.

The high cost of living seems to take on renewed energy about as fast, probably faster, than the drives being inaugurated to eliminate the demon.

A large number of men as usual will feel that they can raise a garden this year, by instructing their wives where and how to plant and cultivate.

The people who are profiteering under present conditions of social unrest, might well be expected also to be found smoking in a powder mill.

FRANK TICHENOR HERE.

Frank B. Tichenor, deputy United States marshal, was in the city today attending to business matters and this afternoon held an inspection of the local post of the Spanish war veterans.

Fullerton Parents Teachers Meet

The music room at Fullerton school was crowded last Friday night at the regular monthly Parent-Teachers meeting. An excellent musical program was rendered.

Roseburg, Ore., April 9, 1920. It having come to our attention through statements in the press that our school board intends to make a change for the coming year in the incumbency of city school superintendent, this meeting of Fullerton P.T. association desires to go on record as having complete confidence in Superintendent A. G. Smith, and feel that he has given entire satisfaction in the performance of his duties.

Therefore, he is resolved, that the Fullerton P.T. association feel that our school board should take necessary steps to retain the superintendent in his position.

MRS. LOUIS KOHLHAGEN, President.

During social hour all were served with egg sandwiches supplied by the members of the poultry club and cake and punch served by the cooking club.

The unlucky lover paced his cage until "Poll" strolled by. There was a flashing paw and "Poll" paid the price of fickleness.

It Is Easy To Imitate Names

The public is constantly being swindled by imitations, counterfeiters and substitutes that resemble in name and appearance Foley's Honey and Tar Compound.

Always Has It In His Home T. J. McCall, Athens, O., writes: "We have used Foley's Honey and Tar in our home for several years and find it almost invaluable for coughs and colds, and especially for croup for our children."

Foley's Honey and Tar Compound

IS PLEASANT TO TAKE, and soothes the raw, inflamed surfaces; stops the rasping, strangling feeling in the throat. It is made of the purest, freshest and finest ingredients to be had, contains no opiates or other harmful drugs, and costs twice as much to make as any imitation of it.

For more than thirty years Foley's Honey and Tar has been used with satisfaction and success. Sold everywhere.

ZOO JAGUAR KILLS FICKLE POLLY AND MONK ADMIRER

WASHINGTON, April 12.—This is just another case of the eternal triangle.

In a consignment of animals for the National Zoological Gardens were "Poll" Parrot, "Mr. Monk," and "Mr. Jaguar." "Poll" gave her affection to "Mr. Jaguar" until one fine day "Mr. Monk" attracted her attention and her love for the jaguar waned.

The unlucky lover paced his cage until "Poll" strolled by. There was a flashing paw and "Poll" paid the price of fickleness.

Conference Held At Baptist Church

The Baptist church was filled to its capacity at the union meeting last night. If attendance is any criterion the interchurch movement is a winner. A large number of people have always considered denominationalism a detriment rather than a help to the real Christian spirit and, while the interchurch movement does not do away with the different denominations, it seems to be a step towards greater and more efficient service.

The pictures were thrown upon a large screen and were explained by Rev. R. A. Garrall. Many of the grams of statistics showed the sphere of religious activity in India, China, Japan, South America and our own country.

KANSAS FARMERS ERECT OUTHOUSES OF SOD

KINGMAN, Kansas, April 12.—Kingman county farmers have started a campaign to beat the high prices charged for lumber by erecting sod houses, barns and sheds on their farms.

The sod houses are exceptionally warm in winter and cool in summer. Ridge poles and other supports are obtained from native timber. The lumber dealers are being called upon only for windows, doors and flooring.

The Strike of the Switchmen!

To the Public:

Strikers who have not returned to work are being replaced by new men; this work will be swiftly and vigorously followed until normal service is restored.

The strike was without notice to the railroad. It is not authorized by any Railroad Brotherhood. It violates working agreements, violates the rules of the Brotherhood to which the men belong, and violates the law of the United States [Section 301, Transportation Act of 1920.]

It is in defiance of the orders of the Railroad Brotherhoods executives, and has neither the sympathy nor support of the overwhelming majority of railroad employees.

New men will be given seniority rights in order of employment, wages are sixty-four cents an hour for eight hours work a day and ninety-six cents an hour for overtime. Good board and lodging are arranged for at the job. Protection assured.

Apply to Superintendent, Room 32, second floor, Union Station, Portland.
