Returns From Portland— Mrs. W. H. Fisher, who has been visiting her mother in Portland for the past couple of weeks, returned to this city Friday.
Back From East— R. Z. Farmer returned Sunday from Chicago, Detroit and other points in that vicinity, where he has been assisting F. M. Parrish in demonstrating the automatic electric brake, of which Mr. Farmer is one of the inventors.

LOVE and MARRIED LIFE by the noted author Idaho McGlone Gibson

ALICE CHANGED HER MIND.

After I read Bob's letter my eyes filled with tears. I sincerely pity Robert, but, oh, I pitied Helen much more. With woman's intuition she had sensed Robert's feelings toward his children. She knew that in the bottle of humanity against natural laws, poor human beings always lost.
I wonder if Alice knew that Ruth was here. As if to assure me on that matter Alice came in at this moment, saying: "I did not tell you, Katherine, that Ruth Gaylord and the children are in town. I saw them yesterday."
"Who is she looking?" I asked. "I think that she has grown old, but the babies are perfect little angels. Ruth asked about you, and I told her that you would come and see her very soon. She seemed pleased that you would do this, as she knows that you are such a great friend of Helen's. Someway I do not think she is quite so obsessed with the idea of making her children all in all as she used to be."

children are here, and he wants me to go over and see the children. You know the court gave them to Ruth and she is very jealous of them. She will not let them go to him even for a day.
"I expect that is Ruth's way of getting even," remarked Alice.
"Ruth never struck me as being the kind of a woman who would want to get even," I answered.
"Oh! My dear, we all want to get even when anyone hurts us, and when we get a chance to hurt them back we are very apt to find out that we are human and not angels."
"So Bobby wants to see the children, does he. He used to try to do everything to get away from them when he was married to Ruth."
"Well, he is very anxious to see them now. And I rather think, Alice, if my baby had lived Bobby's letter would have influenced me greatly, but as it is, I have no one to think of but myself."
"Ah John," interposed Alice gently.
"Why should I think of him? You say, yourself, that he has never thought of me. Last night you were quite as indignant at him as I."
"Yes, I know, but I thought a lot about it last night, my dear, and do you know, Katherine, that if you let John go now he will go straight to Elizabeth Moreland. And that means his finish."
"Will, my dear, if I have to take on the moral support of every man who thinks he is in love with some unworthy woman, I am afraid I would have my hands full."
Little Boys Grow Tall.
"You won't have to do that at all, Katherine, but don't you think that you could become the moral support of one man, if that man was your husband? Call up that divine maternal instinct that is in all women. I'm quite sure that it is that instinct that makes life endurable to most women after they find that the men that they have married are not Sir Galahads, but just little boys grown tall."
"Again I was surprised at Alice. There is so much more to her than I have ever dreamed. She had quickly hit upon the very crux of the whole matter. Before she had spoken to me I had been wondering if I could possibly give John another chance.
"I'll come for you by and by," said Alice, "and if you are feeling well enough we will go out and see Ruth and the children."
Tomorrow—A Letter From Helen.

CALUMET —gives better bakings that go further. It strikes straight at the root of extravagance—waste—and reduces living cost in a sane, sensible, worth while way. Calumet Baking Powder never fails to properly raise all bakings. It never fails to produce the best of results. It always Makes Most Palatable and Sweetest of Foods. Calumet bakings do go further, because they are deliciously good, are never thrown away. And because they have greatest of keeping quality—stay moist, tender and oven-fresh for days and days. Calumet makes your baking powder money and your baking material money go further—stretches it to the extreme of economy. You save when you buy it—moderate in cost. You save when you use it—has more than the ordinary leavening strength—therefore you use less. You save materials it is used with—there is never a bake-day failure. Generations of good cooks have used Calumet—because it positively proves its superiority and economy. Is unfailingly dependable. It comes to you from the largest, finest, most sanitary Baking Powder Factory in the world—absolutely pure and as perfect in leavening power as the day it left the big Calumet Plant. Contains only such ingredients as have been officially approved by United States Food Authorities. Sold by your grocer under a definite money-back guarantee, if it doesn't prove "best by test"—in your own kitchen, in any baking. BEST BY TEST Remember when you buy Calumet, you get a full pound, if you want it. 16—not 12 ounces.
