

"Here's An Eye-Opener" says the Good Judge

The man who used to chew the old kinds will tell you that it costs him less to use the Real Tobacco Chew.

The rich tobacco taste lasts so much longer. Smaller chews, and you don't need a fresh chew so often.

Any man who uses the Real Tobacco Chew will tell you that.

Put Up In Two Styles

RIGHT CUT is a short-cut tobacco
W-B CUT is a long fine-cut tobacco

Wayman Bruton Company, 1107 Broadway, New York City

let, which is now at Cottage Grove.

For port commissioner we hear that Walter Rydell, of Elkton, and A. L. Butler, of Long Prairie, are both candidates. Why not elect both, as we have more than one vacancy to fill.

In road district No. 3 the brush is being cleared along Paradise creek for a new road.

We believe this part of the county should have a candidate for county commissioner. It is said that for 10 years no commissioner has been chosen from our midst. We of Elkton would like to see W. G. Grubbe a candidate. He has been urged to make the race of late while out as deputy assessor and we are sure he would, if nominated and elected, serve the county well. He is a farmer and a business man. He has lived in Douglas county practically all his life and has raised a large family. H. W. H.

VOTERS TO DECIDE ON CAMP SITE

City Will Take Over Tourists Camp Grounds If Voters Are Favorable.

ORDINANCE IS ADOPTED

Five Hundred Dollars is Amount to be Appropriated Each Year for Maintenance and Upkeep of Camp Grounds.

Shall the city take over, maintain, and control the auto tourist camp grounds? That question will be put up to the people at the May 21 election. It was decided by the city council last night. An ordinance providing the expenditure of \$500 per year for the purpose of maintaining an auto camp ground, subject to the vote of the residents of the city, was passed last night and will come up for ratification at the primary election.

The camp ground has grown so rapidly and has become such a factor that it has outgrown its present management. The Chamber of Commerce and Merchants' association, which heretofore have been supervising the grounds with the assistance of the council, are unable to properly control it longer and have asked that the city take over the work. Although the sentiment appears to be in favor of such action, there are some who object to the city assuming this position, and for this reason a vote will be called for. Up until May 21 the council will take over the grounds, will put them in shape for the accommodation of tourists, and will take such action as needed to care for the visitors to the city.

It is planned to secure additional land adjoining the present site if possible. Several of the councilmen state that there is a suitable place in the rear of the Wimberly property, and if an agreement can be reached with Mr. Wimberly this camp site, almost doubling its capacity.

For overflow purposes it is expected to use the fair grounds. It has been found that the lease reserves the privilege of using the grounds for such purposes at the discretion of the directors, and it is certain that the fair grounds can be used as an overflow camp site. In this regard the mayor was authorized to write to the manager of the ad men's caravan, which is expected next month, and inform him that Roseburg can supply accommodations for the party. This caravan will be composed of about 100 automobiles and accompanied by about 400 people. The fair grounds will be secured for the purpose of parking the cars and the camp site will also be put into use for that purpose.

The councilmen were unanimous in their opinion that some place should be found to accommodate this crowd and went to work with the purpose in mind. After the lease on the fair grounds had been examined it was found the site was available and the decision was made.

PRETTY HOME WEDDING.

A very pretty home wedding was that of Mrs. Patsy Olcott, of 825 Winchester street, who was united in marriage to William Fisher last Saturday evening at 8 o'clock. Rev. James E. Conder, of the Methodist church, south, read the beautiful sermon of that church, using the ring ceremony. The happy couple were attended by Miss Myrtle Fisher, a niece of the groom, and Lawrence Wooten, of Portland.

The room was beautifully decorated with nut flowers and ferns. Mr. and Mrs. Fisher will make their home at 825 Winchester street.

HAS IRRIGATION PLAN.

SALEM, April 13.—A. D. Helms, of Ashland, filed an application to appropriate fifty second feet of water from the South Umpqua river for irrigation of 3000 acres of land near the town of Days Creek, above Canyonville. It will necessitate the construction of a canal several miles in length.

Library Benefit Was Big Success

The vaudeville and social dance given at the armory last evening by the ladies of the '35 Mental Culture club was a decided success and was attended by a very large crowd. The vaudeville performance consisting of local talent was started at 8 o'clock and every number presented brought forth hearty applause from the audience. The aesthetic dancing given by the pupils of Miss Maud Lombard of the Helpline-Moore conservatory was excellent and the solo dance by little Miss Sinsinger was one of the stellar attractions of the evening. The dramatic readings given by Miss Viola Willett in the Italian dialect and the child impersonations were the best ever heard in the city. Miss Clara Gasley and Clinton Cameron presented a novelty skit in which they sang "old and new" songs. They were forced to respond to several encores. Misses Lorine Conlee and Connie McDonald appeared in Yama Yama costumes and "put over" some of the latest jazz songs. Their sketch was exceptionally well received. The "losing number" was entitled "The Bachelor's Reverie," and was staged by members of the R. H. S. sophomore class. The participants of that number were all encoered to an echo and every line of the playlet had been carefully dipped in cleverness. Dancing followed the entertainment and continued until midnight. Ott's orchestra furnished the excellent music for the affair. A neat sum was realized for the public library fund and it was a fitting climax to the drive which has been conducted during the past month by the Mental Culture club.

Married Yesterday

H. H. Haskell and Dora E. Handricks, both residents of this county, were married yesterday by Justice of the Peace I. B. Riddle. Only the necessary witnesses were present. Both are well known and have a host of friends who offer their congratulations and well wishes.

For Colds, Catarrh or Influenza

Do you feel weak and unequal to the work ahead of you? Do you still cough a little, or does your nose bother you? Are you pale? Is your blood thin and watery? Better put your body into shape. Build strong!

An old, reliable blood-maker and herbal tonic made from wild roots and herbs. Is Dr. Pierce's Golden Medical Discovery. This "nature remedy" comes in tablet or liquid form. It will build up your body and protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance alterative and tonic is wild cherry bark with stillingia, which is so good for the lungs and for coughs; also Oregon grape root, blood root, stone root, Queen's root, all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbal extracts in the "Discovery," aid in blood-making and are best for scrofula. By improving the blood they fortify the body against an attack of grip or colds.

Catarrh should be treated, first, as a blood disease, with this alterative. Then, in addition, the nose should be washed daily with Dr. Sage's Catarrh Remedy.

Send for trial pkg. of Medical Discovery Tablets or Catarrh Tablets to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

R. W. Long Out For Commissioner

Elsewhere in this paper appears the announcement of R. W. Long of Yoncalla, as a candidate for the nomination of county commissioner, subject to the will of the voters of the democratic party at the primary election on May 21. Mr. Long was a candidate for commissioner four years ago and made a strong race at the November election. At the present time he again becomes a candidate only after persistent urging of the part of his many friends thru out the county, regardless of party affiliations. Mr. Long is a very successful and progressive farmer and an active advocate of good roads—realizing that adequate transportation facilities at all seasons of the year is the big problem which is confronting all classes of people in Douglas county today. Recognition of Mr. Long's sound business judgment has impelled his friends to urge his candidacy.

Rain Does Not Hurt Meeting

Monday night is usually considered the hardest night for a revival meeting. In addition last night was a stormy night, with a number of striking counter attractions, but once again the church had a splendid audience to listen to the evangelist and his striking sermon on "The Foolishness of God," and the solo was a touching one. At the close of the service the pastor baptized ten people, and it was an impressive one. Tonight the subject will be, "The Thief on the Cross." This subject will bring out in discussion some very important points that people all over a great deal. The evangelist has a way of presenting matter that makes things mighty clear. He especially invites lawyers to hear his message. The specialties for his week are the meetings for girls and young women Thursday afternoon at 4:30 conducted by Mrs. Cross, who is an ordained minister and whose subject will be, "The Seven Miracles." The special sermon on Friday night with a large choir specially adapted to railroad men, entitled, "The Two Railways of Life," and the special meeting for men Sunday afternoon, "The Thirteenth Man." The evangelist has long been a worker among the Masons and Elks, and is well posted on the theme announced, and it will be of interest to lodge men.

CAMAS VALLEY HAPPENINGS.

The meeting held at the school house Friday night for the purpose of establishing a farm bureau was very successful. C. J. Hurd, county agent, A. E. Street, of Roseburg, and Mr. Plummer, of Portland, conducted the meeting. Arrangements were made for an all-day meeting Saturday, May 17, to discuss and order as dairying, sheep and other stock raising, farm crops, and sickling.

Mr. Jones entertained his Sunday school class at his home Sunday.

George Boren was kicked in the right side by a horse Friday morning. It did not prove serious and George will soon be back in school again.

The Armenian relief drive is on again. Camas Valley's quota is \$100. About \$30 was given Sunday by Sunday school pupils and teachers during the few minutes before the study hour.

The Wolcott brothers are hauling lumber preparatory to building a new silo this spring.

Mrs. Bert Wells and family are moving to Wilbur, where Mr. Wells is employed in a lumber mill.

The After Effects of Pneumonia

This is No. 2 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

Pneumonia attacks the air cells of the lungs. An inflammation is set up and matter is thrown off which causes the air cells to solidify, thus preventing the natural flow of blood thru the lungs. This "backing up" of the blood causes the heart to pump harder, just as stepping on a hose increases the water pressure, which is the reason why, during this disease, the physician watches the overburdened heart so carefully.

After recovery the lungs are filled with a mass of wreckage—the debris of the battle—which must be gotten rid of by a process known as resolution. Frequently, inflamed spots remain, congestion persists, cough hangs on, and the least exposure brings on a cold that is hard to get rid of. If neglected, such damaged air passages may easily develop serious disease of the lungs.

Such cases should always continue under a physician's care and frequent examinations should be made to see that nature is properly continuing the rebuilding process.

Nightly applications of Vick's VapoRub will aid nature in this work. Because Vicks acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 232 Broad Street, Greensboro, N. C.

52¢ How would YOU like a raise like this?

FIRST NATIONAL BANK

Pay to the order of Rev. M. E. Pactor

Only fifty two cents

Each Church Member

—and for 34 Years Work

THAT is the kind of increase in salary the minister has received. His living expenses have risen just as fast and as far as yours.

But he is paid on the average just 52 cents more per church member than he was paid 34 years ago.

The Minister Never Fails You

Every officer of the Government with a war message to deliver appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers—and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

8 out of every 10 ministers receive less than \$2 a week—about half the pay of a mechanic.

We Pay Him Half the Wages of a Mechanic

And of these pitifully inadequate salaries, how much do you contribute? Nothing if you are outside the church; an average of less than 3c a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They marry us; bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

We Are All Profiteers at Their Expense

Part of the Interchurch World program is this—a living wage for every minister of Jesus Christ; an efficient plant, and a chance to do a big man's job.

If you want better preachers, help to pay the preachers better. It's the best investment for your community—and for your children—that you can ever make.
