Making it Easier for You to Buy Good Spring Clothes

You ought to be interested in what we have done to lower the cost of men's clothes. It's important:

1. We've purchased only the kind of clothing we are certain will give the maximum service—long wear; KUPPENHEIMER good clothes—good in style, in fabrics and workmanship.
2. We've curtailed every expense that was not essential to the kind of service that is of benefit to you
3. We've put our profit at a figure that most merchants would consider a loss, if interest on the investment be considered.
4. We have ready an unusual large stock of Kuppenheimer good clothes; new Spring models; perfectly styled and expertly tailored; fabrics and patterns that will command your interest.

A telegram was received today by Mr. and Mrs. L. B. Skinner, of Winston, from their daughter and her husband, Mr. and Mrs. George Johnson, who have been sojourning in Honolulu for the past month. The wire was sent from San Francisco immediately upon their arrival at

that place from Honolulu yesterday. They are expected to start on the return trip to this city within a few days.

Waste neither time nor money. Make the best use of both by buying your shoes at Stephens.

Haste Makes Waste

These are busy days, and days we must be saving, but in your haste do not forget, that a person to be prosperous must look prosperous. Have your suit cleaned, pressed and repaired by our skilled and sanitary methods. Our work and service will please you.

TO OUR PATRONS:

Having disposed of our business interests in this city to C. A. Lockwood Motor Company, we wish to close our accounts as soon as possible. Those knowing themselves to be indebted to this firm will confer a favor upon us by calling at the office and making a settlement. Harry Burr will be there and will have charge of our books.

At this time we wish to thank our many friends who have supported us so loyally during the many years we have been in business in Roseburg, and assure them that their patronage has been greatly appreciated by us.

Satisfied Customers

We do a great deal of advertising in various ways, but we believe that the most favorable publicity which we receive is through the medium of a "satisfied customer."

Such customers talk about us to other prospective customers, and this constitutes "advertising by word of mouth," and is most effective.

Besides providing the very best of service, we install every convenience that a good store can obtain.

Our stock of ready to wear dry goods is arriving, men's overalls, hats, shoes, shirts, men's and women's hosiery and underwear. Our prices are as low as right quality can be had for anywhere.

If we have not had the pleasure of serving you, we should like to add you to our list of "Satisfied Customers."

Uniform Abuse Is Condemned

PORTLAND, April 14.—The police were notified yesterday that two men in the uniform of the American army have been representing themselves to be representatives of the American Legion and soliciting funds about the city for the declared purpose of providing a bonus for all service men.

Chief of Police Jenkins immediately issued an order that all officers be on the lookout for the two and an investigation of their activities be made immediately.

The two "solicitors" are said to have secured substantial sums as a result of their endeavors.

Their operations were first heard of at the American Legion headquarters in the Liberty Temple yesterday and the chief of police was immediately asked to put a stop to it.

That the two may be the same men who have been operating in other cities of the coast against whom a warning has been issued by the war department headquarters of the western district at San Francisco is thought likely.

PACIFIC COAST BISCUIT CO.

DOES NOT KNOW UMPQUA VALLEY

Editor of Sunset Overlooked Hand In Article on Apple Industry of Northwest.

INFORMATION IS GIVEN

Lack of Funds For Publicity Work Causes Douglas County to Lose Out in Valuable Booster Writup in Magazine.

The Roseburg Chamber of Commerce finds that the Sunset magazine for April is devoting considerable space to the wonders of the Willamette valley, the Rogue River valley and the Wenatchee and Hood River fruit countries.

A large number of inquiries came to the Sunset magazine office and they have been publishing these letters and the answers thereto. It is not surprising that this editor should know nothing of the country between the Rogue River valley and the Willamette valley as we have never had sufficient funds to get reading matter in magazines of large circulation. Neither have we been able to take newspaper space in some of the larger papers in the middle western states.

The editor of the service bureau of the Sunset magazine devotes nearly a page to the apple industry of the country and would lead a prospective buyer of fruit lands of Oregon believe that prices of apples would drop to about 75 cents per box and that this was no time to purchase land.

A letter has gone forward today making a vigorous protest to these articles which have received wide publicity and the Chamber of Commerce hopes to correct some of these misleading statements and to better acquaint the editor with living conditions and crop value returns of the Umpqua valley. The letter follows:

Roseburg, Ore., April 14, 1920.
Walter V. Wochko, Care Sunset Magazine Service Bureau.

Dear Sir:

In the April issue of the Sunset Pacific Monthly, I find two columns edited by yourself giving publicity to a couple of letters received from inquirers and your answers thereto. It is the purpose of this letter to advise you of the conditions of this part of the country and to state that there is a fruit growing territory rivaling the North Columbia river country and the Willamette valley. The Willamette valley is north of the Umpqua valley of which Roseburg is the center, and the Rogue River valley lies to the south of us. These two valleys have heretofore received considerable publicity because funds were subscribed for this purpose and expended to the various Chambers of Commerce and Commercial Clubs. I am convinced that you do not know of the Umpqua valley because of lack of publicity on our part.

The fruit growing business of this valley is enormous and from one packing plant we shipped out 125 carloads of A1 apples, bringing the tip-top market price to the grower. Apple land in full bearing can be purchased for one-half the price similar land bringing in an equal revenue in your country. We had a prune crop the last year of 8,500,000 pounds, giving the grower an average of 15 cents per pound.

The area of this immediate vicinity is the largest prune producing area in the country and we have

never had a prune failure. The Petite prune is a full cropper and we have always found a ready market. Prune bearing land in a full state of cultivation has been recently sold for \$1,000 per acre and I am advised from reliable sources that similar land in your part of the country is selling at \$2500 per acre.

Roseburg and this vicinity has the lowest wind velocity of any city in the United States where government records maintain. The average wind velocity during 1913 was only 2.8 miles per hour and in 1918 and 1919 about 3 miles per hour. We have less rain than any of the cities north of us. We are on record and statistics prove the fact that we are the greatest turkey producing area in the country, as the towns of Yoncalla, Oakland and Sutherlin to the north of us and Myrtle Creek and Eddy to the south of us ship through this city and have supplied the Portland and California markets for years.

I cannot fully agree with the information that you have given regarding the desirability of the Wenatchee and Hood River countries as to prices compared with similar producing land in the Umpqua valley. The booklets which we are taking the liberty of sending you under separate cover will give you some information regarding this part of the world and if you desire a number of these for others who might be interested in our part of the country this chamber will be glad to send copies to them.

This letter is not written in the spirit of fault-finding or criticism as I know of the publicity work you are doing and we are all engaged in the construction and building organization.

I trust that this letter will be received in the spirit that it is sent and that sometime you might take a trip to this part of the world and find that we have a good climate and less snow than any other part of Oregon and Idaho. I am,

Yours very truly,
C. S. HEINLINE,
Secretary, Chamber of Commerce.
