Making it Easier for You to Buy Good Spring Clothes

You ought to be interested in what we have done to lower the cost of men's clothes. It's important:

1. We've purchased only the kind of clothing we are certain will give the maximum service--long wear; KUPPENHEIMER good clothes--good in style, in fabrics and workmanship.
2. We've curtailed every expense that was not essential to the kind of service that is of benefit to you
3. We've put our profit at a figure that most merchants would consider a loss, if interest on the investment be considered.
4. We have ready an unusual large stock of Kuppenheimer good clothes; new Spring models; perfectly styled and expertly tailored; fabrics and patterns that will command your interest.

SALVATION ARMY TO MAKE BOYS FARMERS

Neglected Youngsters to Be Given Thorough Training in Mechanics of Farming.

With thorough appreciation of the value to the state of trained agriculturists, versed in modern methods and with a knowledge of applied mechanics necessary to modern farming, the Salvation Army in its Home Service Program for Oregon, plans to make useful farm hands, if not farm experts, of many neglected and dependent youngsters. Throughout the state there are always lads whose ages range from seven and eight to fifteen years, who will have no future apart from poverty and comparative ignorance and probable criminality. Opportunities such as these to be offered by the Industrial and Agricultural school the Salvation Army plans to establish at North Yamhill, on the 100 acre farm on which now stand the buildings of the Bishop Scott school, will open before these lads a useful life.

Brought up to manhood in clean surroundings, with daily instruction in ordinary schooling and practical instruction and practice in farming, the youngsters will not only be saved from bad citizenship but given an honorable profession or trade with which to earn their own way as men.

At the Yamhill school, to be patterned after the famous Lytton school conducted by the Salvation Army in California, both boys and girls will find all the essentials of preparation for life's battle. The girls will be taught sewing, household duties, cooking etc. The boys will be trained in several trades and in farming, horticultural and animal husbandry pursuits and modern farm mechanics.

And while their bodies and minds are being trained their responsibilities as citizens and members of society will not be neglected in fact, one of the strongest teachings of the Salvation Army is Americanism. The school is non-sectarian.
Through the efforts of the Salvation Army in Portland, several boys have been taken from up state Oregon towns and placed at the California farm school temporarily until the funds made available by the financial campaign, May 1 to May 10, provide for the opening of the Yamhill school. County advisory boards in every county in Oregon are helping the Salvation Army in this great work with children.

Strong Women

By Dr. Valentine Mott.

Women and men too are just as strong and healthy as their blood. Vigor and health come with good blood. Without good red blood a woman has a weak heart and poor nerves.
In the spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, if one is tired and listless, generally weak, a Spring Tonic should be taken. An old-fashioned herbal remedy that was used by nearly everybody 50 years ago is still safe and sane because it contains no alcohol or narcotic. It is made of roots and herbs and called Dr. Pierce's Golden Medical Discovery. If druggists do not keep it in tablet form, send 60 cents for a vial to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.
